Ruminations of a Wayfarer David Hearne,2000-04 **Ruminations of a Wayfarer Reboot** David Hearne,2009-09-21

This classic Sci Fi space opera has been rebooted and now contains a brand new ending Their aim is nothing short of universal domination by means of war So far their plans have not gone astray and they enjoy victory after victory over the lesser life forms of the galaxies But now as a persistent pest can disrupt a glorious picnic an insignificant human threatens to upend the grand strategy of the Tharnian species his name is Jarre In a twist and turn accounting of his stubborn fight against the all consuming race of destroyers Jarre s exploits are time and again suborned by more backstabbing characters than you will find in a meeting of butlers at a mystery convention Just when you think you have a handle on which way the plot will proceed be prepared for a sharp warp speed turn in the opposite direction There are no slow downs or let ups in this story and a new surprise lurks behind every planet This is David Hearne s first novel and his imaginative writing skills draw you into well crafted worlds populated by enormously believable characters *Carved in Stone, Etched in Memory* Amila

Buturovic,2016-03-03 Despite the recent history of violence and destruction Bosnia Herzegovina holds a positive place in history marked by a continuous interweaving of different religious cultures The most expansive period in that regard is the Ottoman rule that lasted here nearly five centuries As many Bosnians accepted Islam the process of Islamization took on different directions and meanings only some of which are recorded in the official documents This book underscores the importance of material culture specifically gravestones funerary inscriptions and images in tracing and understanding more subtle changes in Bosnia s religious landscape and the complex cultural shifts and exchange between Christianity and Islam in this area Gravestones are seen as cultural spaces that inscribe memory history and heritage in addition to being texts that display in image and word first hand information about the deceased In tackling these topics and ideas the study is situated within several contextual theoretical and methodological frameworks Raising questions about religious identity history and memory the study unpacks the cultural and historical value of gravestones and other funerary markers and bolsters their importance in understanding the region s complexity and improving its visibility in global discussions around multiculturalism and religious pluralism Drawing upon several disciplinary methods the book has much to offer anyone looking for a better understanding of the intersection of Christianity and Islam as well as those with an interest in death studies *Chinese Recorder and Missionary Journal* ,1924 **Through the Poet's Eye** Bozena Shallcross,2009-02-20

Though best known as poets Adam Zagajewski born 1945 Zbigniew Herbert 1924 98 and Joseph Brodsky 1940 96 wrote some of the most original prose of this century It is this prose remarkable for its cross cultural complexity and interdisciplinary richness that concerns Bozena Shallcross in *Through the Poet s Eye* The travels undertaken by these Eastern European poets who each journeyed to the West under different circumstances give Shallcross her point of departure as she explores the connections between the sensory experience of travel and the revelatory perception of the visual arts manifest in their

writings Book Jacket Bentley's Miscellany ,1841 , (The works of George Meredith. Pocket ed.). George Meredith,1895 **The Amazing Marriage; a novel** George Meredith,2025-08-18 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *The Amazing Marriage* George Meredith,1895 **The Amazing Marriage — Complete** George Meredith,2019-11-25 George Meredith s *The Amazing Marriage* masterfully intertwines themes of love identity and societal expectations within the context of Victorian England The narrative unfolds through the complexities of relationships and offers a nuanced exploration of marriage as both a societal construct and a deeply personal journey Meredith s rich prose is characterized by its psychological depth and keen social commentary revealing the inner lives of his characters while satirizing the era s conventions surrounding romance and union The use of dialogue and vivid imagery invites readers to engage with the emotional landscapes of the characters as they navigate the intricacies of desire and commitment George Meredith an influential figure in Victorian literature was not only an accomplished novelist but also a poet and essayist who drew upon his own experiences and observations of marriage gender roles and class dynamics His profound understanding of human emotions and relationships was further shaped by his own tumultuous marital life and the societal upheavals of his time As a contemporary of Thomas Hardy and George Eliot Meredith sought to challenge literary norms by embedding philosophical inquiries into his narratives captivating his audience with both depth and wit *The Amazing Marriage* is a poignant exploration of the human condition and the intricacies of partnership that still resonates today Readers interested in psychological realism Victorian literature or the intricacies of romantic relationships will find this novel an engaging and thought provoking read Meredith s sharp wit and insightful commentary make this work an enduring classic that invites reflection on the nature of love and commitment even in the modern age **The Sketch** ,1912 Sketch ,1912 **Thomas Hardy and the Survivals of Time** Andrew Radford,2017-03-02 A systematic exploration of Thomas Hardy s imaginative assimilation of particular Victorian sciences this study draws on and swells the widening current of scholarly attention now being paid to the cultural meanings compacted and released by the nascent sciences of man in the nineteenth century Andrew Radford here situates Hardy s fiction and poetry in a context of the new sciences of humankind that evolved during the Victorian age to accommodate an immense range of literal and figurative excavations then taking place Combining literary close readings with broad historical analyses he explores Hardy s artistic response to geological archaeological and anthropological findings In particular he analyzes Hardy s lifelong fascination with the doctrine of survivals a term coined by E B Tylor in *Primitive Culture* 1871 to denote customs beliefs and practices persisting in isolation from their original cultural context Radford reveals how Hardy s subtle reworking of Tylor s doctrine offers a valuable insight into the inter penetration of science and literature during this period An important aspect of Radford s research focuses on lesser known periodical literature that grew out of a British amateur

antiquarian tradition of the nineteenth century His readings of Hardy s literary notebooks disclose the degree to which Hardy s own considerable scientific knowledge was shaped by the middlebrow periodical press Thus Thomas Hardy and the *Survivals of Time* raises questions not only about the reception of scientific ideas but also the creation of nonspecialist forms of scientific discourse This book represents a genuinely new perspective for Hardy studies **Dead in the Water** Julie Ann Walker,2022-06-28 New York Times and USA Today bestselling author Julie Ann Walker delivers perfect pulse pounding romantic suspense The former Navy SEALs of Deep Six Salvage thought they could retire to the sea and hunt for treasures of the deep but when trouble comes to visit there ll be hell to pay Dalton Doc Simmons is having one helluva week First archaic laws have kept him and his partners at Deep Six Salvage from recovering the sunken treasure they ve been after since bugging out of the Navy Second an approaching hurricane threatens to scatter the legendary riches across the bottom of the ocean And third Deep Six s feisty flirty attorney Camilla D Angelo has just landed on Wayfarer Island and she represents everything he can t stand and everything he can t help but want One look at Doc and Cami knew she d met the man of her dreams The medical doctor turned Navy SEAL turned treasure hunter has it all brawn and brains The problem He doesn t like her In fact no man has ever given her so much crap But something tells Cami there s more to his bad tempered brooding than meets the eye As the storm closes in so does a boat full of dangerous men bent on claiming the centuries old treasure for themselves and killing everyone on Wayfarer Island Doc must keep Cami close if he wants to keep her alive But all that proximity turns up the heat on the chemistry bubbling between them For Cami it s more than a fight for her life it s a fight for Doc s heart If they survive can she convince him to let go of his past for a chance at a future with her Praise for Julie Ann Walker s Deep Six Series Hot men hot action and hot temperatures make for one hot romance BookPage Walker blends the tender romance of a reassuring touch with lusty sex scenes Readers will be panting Publishers Weekly Julie Ann Walker and her SEALs serve up spicy fare an exciting spellbinding story Long and Short Reviews [The Works of George Meredith](#) George Meredith,1910 **The Full-knowing Reader** Joseph Michael Pucci,Joseph Pucci,1998-01-01 Literary allusions abound in Western literature and those who study them tend to focus on the author s intentions to demonstrate erudition embellish meaning or exert control over tradition Joseph Pucci contends that the key to grasping the meaning of an allusive text is in the hands of the full knowing reader Pucci shows how allusion authorizes the desires of such a reader one who is active engaged and historically sensitive at the expense of the author *The Spectator* ,1925 **Ainsworth's Magazine** William Harrison Ainsworth,1844 **The Poem Itself** Stanley Burnshaw,1995-07-01 Available again for a new generation this classic work contains over 150 of the greatest modern French Spanish German Italian Portuguese and Russian poems presented in the original languages and brilliantly illuminated by English commentaries
