law The idea behind the principal of selection is to disdain labels that reduce the variety of the legal thriller to a subgenre of mystery fiction Novels that range from suspense thrillers through science fiction to the philosophical novel are included if justice is thematically important It is therefore an eclectic reference source beyond a compilation of books about lawyers as protagonists Its biographical and scholarly information about authors major and minor and their novels or works is traditionally encyclopedic and objective regardless of whether the work has been genre defined or worse deified as a classic or denigrated as a bestseller Many novels included are long out of print but historically interesting for their contribution to the lineage of the courtroom drama showing that the history of the legal thriller is one of the major branches of modern literature since the Age of Reason The criterion of justice denoted moves beyond the fact of lawyers and courtrooms to select seminal novels like Robert Travers Anatomy of a Murder as well as the romantic potboiler Among the more than 2 000 works are the Perry Mason novels of Erle Stanley Gardner John Mortimer's Rumpole series along with a staple of fiction by major authors of the genre like John Lescroart Lisa Scottoline Margaret Maron Scott Turow and John Grisham There are also individual works by Shakespeare Goethe Kafka Camus and Twain delineating humanity's obsession with the law as its shining prop of civilization and alternative *Le noir* of the common individual caught up in its maw The appendices include comments by lawyer novelist Michael A Kahn a historical introduction to the legal thriller craft notes by writers and prominent trial lawyers responding to author and lawyer questionnaires bibliography of critical sources and articles series characters and the legal terminology found in courtroom dramas and novels An essential reference tool for scholars researchers as well as the occasional reader of legal thrillers *Rumpole and the Reign of Terror* John Mortimer, 2007-10-30 John Mortimer's bestselling barrister is back in his most timely case yet Just in case Rumpole and the Penge Bungalow Murders gave fans the impression that the Great Defender was resting on his laurels his new case sends him at full sail into our panicky new world Rumpole is asked to defend a Pakistani doctor who has been imprisoned without charge or trial on suspicion of aiding Al Qaeda Meanwhile on the home front *She Who Must Be Obeyed* is threatening to share her intimate view of her husband in a tell all memoir The result is Rumpole at his most ironic and indomitable and John Mortimer at his most entertaining Crime, Courtrooms and the Public Sphere in Britain, 1700-1850 David Lemmings, 2016-05-13 Modern criminal courts are characteristically the domain of lawyers with trials conducted in an environment of formality and solemnity where facts are found and legal rules are impartially applied to administer justice Recent historical scholarship has shown that in England lawyers only began to appear in ordinary criminal trials during the eighteenth century however and earlier trials often took place in an atmosphere of noise and disorder where the behaviour of the crowd significant body language meaningful looks and audible comment could influence decisively the decisions of jurors and judges This collection of essays considers this transition from early scenes of popular participation to the much more orderly and professional legal proceedings typical of the nineteenth century and links this with another important shift the mushroom growth of popular

news and comment about trials and punishments which occurred from the later seventeenth century It hypothesizes that the popular participation which had been a feature of courtroom proceedings before the mid eighteenth century was not stifled by lawyerization but rather partly relocated to the public sphere of the press partly because of some changes connected with the work of the lawyers Ranging from the early 1700s to the mid nineteenth century and taking account of criminal justice proceedings in Scotland as well as England the essays consider whether pamphlets newspapers ballads and crime fiction provided material for critical perceptions of criminal justice proceedings or alternatively helped to convey the official majesty intended to legitimize the law In so doing the volume opens up fascinating vistas upon the cultural history of Britain s legal system over the long eighteenth century     **The Bulletin** ,1990
