Economics in the Long Run Theodore Rosenof,2000-11-09 Though understandably preoccupied with the immediate problems of the Great Depression the generation of economists that came to the forefront in the 1930s also looked ahead to the long term consequences of the crisis and proposed various solutions to prevent its recurrence Theodore Rosenof examines the long run theories and legacies of four of the leading members of this generation John Maynard Keynes of Great Britain who influenced the New Deal from afar Alvin Hansen and Gardiner Means who fought over the direction of New Deal policy and Joseph Schumpeter an opponent of the New Deal Rosenof explores the conflicts that arose among long run theorists arguing that such disputes served eventually to set the stage for the emergence and domination of a short run Keynesian approach to economic policy that collapsed under the impact of 1970s stagflation Tracing the subsequent revival of long run theories Rosenof demonstrates their relevance to an understanding of the economy s problems over the past quarter century and to the current debate over public policy Originally published in 1997 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Why Veterans Run Jeremy M. Teigen,2018-01-11 The assumptions that military service helps candidates attract votes while lacking it harms a candidate s chances has been an article of faith since the electoral coronation of George Washington in 1789 Perhaps the most compelling fact driving the perception that military service helps win votes is the large number of veterans who have held public office Some candidates even exaggerate their military service to persuade voters However sufficient counter examples undermine the idea that military veterans enjoy an advantage when seeking political office In Why Veterans Run Jeremy Teigenexplains the tendency of parties to elevate those with armed forces experience to run for high office He describes the veteran candidate phenomenon by examining the related factors and patterns showing why

different eras have more former generals running and why the number of veterans in election cycles varies With both quantitative and qualitative analysis Why Veterans Run investigates each postwar era in U S electoral history and elaborates why so many veterans run for office Teigen also reveals how election outcomes with veteran candidates illuminate the relationship between the military and civilian spheres as well as the preferences of the American electorate **We're Going to Run This City** Stefan Epp-Koop,2015-09-11 Stefan Epp Koop s We re Going to Run This City Winnipeg s Political Left After the General Strike explores the dynamic political movement that came out of the largest labour protest in Canadian history and the ramifications for Winnipeg throughout the 1920s and 1930s Few have studied the political Left at the municipal level even though it is at this grassroots level that many people participate in political activity Winnipeg was a deeply divided city On one side the conservative political descendants of the General Strike s Citizen s Committee of 1000 advocated for minimal government and low taxes On the other side were the Independent Labour Party and the Communist Party of Canada two parties rooted in the city s working class though often in conflict with each other The political strength of the Left would ebb and flow throughout the 1920s and 1930s but peaked in the mid 1930s when the ILP s John Queen became mayor and the two parties on the Left combined to hold a majority of council seats Astonishingly Winnipeg was governed by a mayor who had served jail time for his role in the General Strike **How to Start and Run a Commercial**
