Kabeer In Korporates Corporate Lessons From A Great Mystic Gurucharan Singh Gandhi, 2016-08-08 Kabeer in Korporates addresses the trials and tussles of the workplace faced by the modern day employee using Kabeer as the deep font of practical wisdom that balances philosophy with action theory with practice It puts into perspective the multiple conundrums of working life o the balance between success and joy o the tension between methods and results o the impasse between choosing the right coach and being the right coach o decrypting the enigma called leadership It defines with compassionate wisdom the fine line between dealing with things and dealing with the self Kabeer In Korporates demystifies the angst and challenges of modern employees providing lessons insights and solutions to problems using the wisdom of Kabeer in four ways o by questioning the individual before he is allowed to question the world around him o asking pertinent questions rather than offering pat solutions o by being simple and matter of fact and not hiding behind theories and constructs o by outlining dilemmas and providing insights on dealing with them Kabeer is a willing ally he teaches you the art of untangling the knots till you can breathe and live your own life fully **Anatomy of a Soldier** Harry Parker, 2016-05-17 Anatomy of a Soldier is a stunning first novel of patriotism heroism and profound humanism that will immediately take its place on the shelf of classics about what it truly means to be at war Let s imagine a man called Captain Tom Barnes aka BA5799 who s leading British troops in the war zone And two boys growing up together there sharing a prized bicycle and flying kites before finding themselves estranged once foreign soldiers appear in their countryside And then there s the man

who trains one of them to fight against the other's father and all these infidel invaders. Then imagine the family and friends who radiate out from these lives, people on all sides of this conflict where virtually everyone is caught up in the middle of something unthinkable. But then regard them not as they see themselves but as all the objects surrounding them do: shoes and boots, a helmet, a bag of fertilizer, a medal, a beer glass, a snowflake, dog tags, and a horrific improvised explosive device that binds them all together by blowing one of them apart. Forty-five different narrators in all, including the multiple medical implements subsequently required to keep Captain Barnes alive. The result is a novel that reveals not only an author with a striking literary talent and intelligence but also the lives of people: whether husband or wife, father or mother, son or daughter, who are part of this same heart-stopping journey. A work of extraordinary humanity and hope created out of something hopeless and dehumanizing; it makes art out of pain and suffering and takes its place in a long and rich line of novels that articulate the lives that soldiers lead. In the boom of an instant and in decades of very different lives and experiences, we see things we've never understood so clearly before.

Volume 3 **TARGET OF THE ORDERS** The orders have begun their war, and Garrick may be the only mage who can keep them from victory. To survive, he will have to control the dark magic inside him and suffer the twisted politics of the god-like planewalker using him for his own purpose. When Garrick discovers the depths of the planewalker's designs, he realizes there is more at stake than simply controlling the plane.

Volume 4 **GATHERING OF THE GOD TOUCHED** Tired of running, Garrick faces his destiny in a direct contest with the orders' god-touched mages. Darien, the son of Dorfort's commander, and Sunathri, the leader of a faction of independent mages, lend their blades in support.
