Rural Australia And The Great War From Tarrawingee To Tangambalanga:

Rural Australia and the Great War John McQuilton, 2013-05-09 In the cities and in the countryside of Australia the Great War of 1914 1918 marched to somewhat different tempos John McQuilton evokes the wartime experience of all rural Australians by capturing the moods of the country towns and hamlets of North Eastern Victoria Every aspect of the war recruiting fund raising and eventually homecoming and the design of the war memorial was marked by a mixture of small minded local politics heroism and sacrifice and grief Individuals whether journalists town councillors or leading local citizens shaped the recurring battles on the home front The conscription debates were particularly vicious as the countryside exhausted its pool of volunteers long before the cities In small communities the shirker could not hide everyone knew which families had sent men to the front and who had genuine reasons for staying home This intimacy worked in favour of the many German Australians country people knew them as trusted neighbours but in the cities they were reviled as enemy aliens Rural Australia and the Great War is unique among writing on the First World War in creating a richly detailed picture of wartime in a particular part of country Australia For country and city readers alike this is fascinating social history

Australia and the Great War Michael JK Walsh, Andrekos Varnava, 2016-01-01 Australia and the Great War explores both the immediate and long term consequences of the war on this complex relationship looking in particular at identity history gender propaganda economics and nationalism This multidisciplinary collection of essays unveils the creation and subsequent mis use of histories and mythologies while considering the necessity and nature of both remembering and forgetting war

The Crying Years Peter Stanley, 2017 The Great War of 1914 1918 affected all Australians and decisively changed the new nation They were The Crying Years according to writer Zora Cross who lost her brother in 1917 This visual history of Australia s Great War offers a different perspective on a period of time familiar to many It helps to connect the war overseas the well chronicled battles at Gallipoli Fromelles Passchendaele and Villers Bretonneux with the equally bitter war at home for and against conscription over loyalty and disloyalty Men faced life changing choices volunteer to fight or stay at home join the revolutionary unionists or break the strikes Women bore the burdens of waiting and worrying of working for charities or of voting to send men to their deaths Even children were drawn into the animosities as their communities fractured under the stress Prize winning historian Professor Peter Stanley of UNSW Canberra uses documents photographs artefacts and images from the collections of the National Library of Australia to evoke the drama and tragedy suffering and sacrifice pain and pity of Australia s Great War

Not Playing the Game Xavier Fowler, 2021-11-02 War remembrance and sport have become increasingly entwined in Australia with AFL and NRL Anzac Day fixtures attracting larger crowds than dawn services National representative teams travel halfway around the world to visit battle sites etched in military folklore To validate their integration into this culturally sacred occasion promoters point to the special role of sport in the development of the Anzac legend and with it the birth of the nation The air of sombre reflection that surrounds each Anzac Day is accompanied by a celebratory nationalism that sport and war supposedly embody But what exactly is being remembered and indeed forgotten in these official commemorations and tributes In *Not Playing the Game* Xavier Fowler reveals that the place of sport in the Great War was highly contested Civilian patriots and public officials complained that spectator sport distracted young men from enlisting and wasted public finances better spent elsewhere Sport's defenders argued it was a necessary escape for a population weary of the pressures of war These competing views often reflected differences of class politics and ethnicity and resulted in ferocious sometimes violent clashes *Not Playing the Game* challenges the way our memories of the war are influenced by the fervour of sport painting a picture not of triumph but immense turmoil and tragedy

Fighting Against War Julie Kimber, Phillip Deery, Karen Agutter, Anne Beggs-Sunter, Robert Bollard, Verity Burgmann, Liam Byrne, Lachlan Clohesy, Rhys Cooper, Carolyn Holbrook, Nick Irving, Chris McConville, Douglas Newton, Bobbie Oliver, Carolyn Rasmussen, Phil Roberts, Kim Thoday, 2015-02-13 The extended commemorations to mark the 100th anniversary of the Great War have commenced in earnest Over the next four years people around the world will struggle to avoid the politicised public narratives of these remembrances Nationalistic sentiment is no less palpable today than imperial sentiment was a century ago Its opponents are still there too Among the countless commemorative activities that will occur there are innumerable counter narratives Although they are compelling in their telling of oppositional stories they have yet to capture the imagination of the dominant storytellers of our generation Mainstream media governments and politicians of all persuasions remain a captive of soft jingoism and the myth making of Geoffrey Serle's fire eating generals In such a view war remains a lamentable but necessary evil The true costs of war are absorbed only partially Given the destabilisation of much of the globe and the increasing militarisation of domestic politics by Western governments it is unsurprising that a widespread movement for peace is momentarily lost But history provides hope By looking back we can see the ebb and flow of peace movements and the lessons here are instructive The present commemorative phase provides historians with a license to tell the stories that underscore the feeble fabric of nationalistic hubris ones that seek to analyse and understand the human condition rather than simply commemorate it Tales of national re

The Last Battle Bruce Scates,Melanie Oppenheimer,2016-09-22 When Australian soldiers returned from the First World War they were offered the chance to settle on land fit for heroes Promotional material painted a picture of prosperous farms and contented families appealing to returned servicepeople and their families hoping for a fresh start Yet just 20 years after the inception of these soldier settlement schemes fewer than half of the settlers remained on their properties In this timely book based on recently uncovered archives Bruce Scates and Melanie Oppenheimer map out a deeply personal history of the soldiers struggle to transition from Anzac to farmer and provider At its foundation lie thousands of individual life stories shaped by imperfect repatriation policies The Last Battle examines the environmental challenges the difficulties presented by the physical and psychological damage many soldiers had sustained during the war and the vital roles of women and children

Australia's Communities and the Boer War John McQuilton,2016-06-30 This book

explores an Australian regional community's reaction to and involvement with the Boer War. It argues that after the initial year the war became an occasional war in that it was assumed that the empire would triumph. But it also laid the foundations for reactions to the outbreak of the Great War in 1914. This is the first exploration of the place of the Boer War in Australian history at the community level. Indeed even at the national level the literature is limited. It is often forgotten that despite the claims that Australia became a federation via peaceful means the colonies and the new nation were in fact at war. This study aims to bring back into focus a forgotten part of Australian and imperial history and argues that the Australian experience of the Boer War was more than the execution of Morant and Hancock.
