MusicMaster ... Deletions ,2001 An Unexpected Wife Constance Masters,2016-07-10 After moving away for college Sage Worthington settled down to a job in the city and only comes back to her parents ranch for weekends and holidays After receiving a call that will change her life forever she rushes back to the place she always thought of as home and to the two little siblings whom she loves dearly This is where she is needed and this is where she wants to be Clifton Welsh was raised by his grandparents who have retired to a smaller house built for them on their favourite patch of the family land close enough that they can keep an eye on their pride and joy Grandpa turned the ranch over to Cliff to run but that doesn't mean his feisty grandma trusts him to run his own love life The rancher has been Sage's next door neighbour for as long as he can remember Cliff remembers Sage as a pesky teenager who needed a good spanking Now that she's back he sees her as a beautiful twenty four year old who still needs a good spanking Sage needs a husband and she needs him fast before she loses custody of her younger brother and sister Cliff is determined to use any means necessary to stop her from doing something rash and dangerous He is even willing to marry her himself but is Sage ready to commit to an old fashioned man who spanks Disclaimer This book contains the spanking of adult women and other sexual content Nashville Radio Jon Langford,2006-03 Beyond his work as a musician Jon Langford has attracted attention as a visual artist in recent years Nashville Radio is the first collection of his art It reproduces 215 paintings as well as song lyrics and autobiographical writings The book includes a CD of Langford performing 18 of the printed songs Langford's song paintings fuse portraiture with imagery derived from folk art Dutch still life classic Western wear and the cold cold war all instilled with his trademark sardonic wit He applies this distinctive style to the depiction of American musical icons like Bob Wills Hank Williams and

Johnny Cash but also to more ghostly marginal figures blindfolded cowboys astronauts and dancers who are jerked around by success and exploitation fame and neglect Underlying his work is a deep love of musical lore twinned with fierce opposition to the death dealing tendencies in the culture of his adopted homeland from the killing off of authentic popular music by mass marketed drivel to the embrace of capital punishment as a response to social ills Langford s work offers an alternative perspective recalling a time when great visionaries and pioneers thrived at the heart of the mainstream and the lid wasn t on so tight
