**The Bourgeois Revolution in France 1789-1815** Henry Heller, 2006-05-01 In the last generation the classic Marxist interpretation of the French Revolution has been challenged by the so called revisionist school The Marxist view that the Revolution was a bourgeois and capitalist revolution has been questioned by Anglo Saxon revisionists like Alfred Cobban and William Doyle as well as a French school of criticism headed by Francois Furet Today revisionism is the dominant interpretation of the Revolution both in the academic world and among the educated public Against this conception this book reasserts the view that the Revolution the capital event of the modern age was indeed a capitalist and bourgeois revolution Based on an analysis of the latest historical scholarship as well as on knowledge of Marxist theories of the transition from feudalism to capitalism the work confutes the main arguments and contentions of the revisionist school while laying out a narrative of the causes and unfolding of the Revolution from the eighteenth century to the Napoleonic Age

**The Life and Times of Pancho Villa** Friedrich Katz, 1998 Based on archival research this study of Pancho Villa aims to separate myth from history It looks at Villa's early life as an outlaw and his emergence as a national leader and at the special considerations that transformed the state of Chihuahua into a leading centre of revolution *The Other Rebellion* Eric Van Young, 2002-04-01 Mexico's movement toward independence from Spain was a key episode in the dissolution of the great Spanish Empire and its accompanying armed conflict arguably the first great war of decolonization in the nineteenth century This book argues that in addition to being a war of national liberation the struggle was also an internal war pitting classes and ethnic groups against each other an intensely localized struggle by rural people especially Indians for the preservation of their communities While local and national elites focused their energies on wresting power from colonial authorities and building a new nation state rural people were often much more concerned about keeping village identities and lifeways intact against the forces of state expansion commercialization and modernization Conventional wisdom says that Mexican independence was achieved through a cross class and cross ethnic alliance between creole ideologues military leaders and a mass following This book shows that this is not only an incomplete explanation of what went on in Mexico during the decade of armed confrontation that led to Mexico's independence but also a distortion of Mexican social and cultural history The author delves deeply into life histories previously unexamined texts statistical social profiling and local historical ethnography to examine the dynamics of popular rebellion He focuses especially on Mexico's

Indian villages but also considers the role of parish priests as insurgent leaders local conflicts over land politics and religious symbols the influence of messianism and millenarianism in popular insurgent ideology and the everyday language of political upheaval

*Beyond Our Wildest Dreams* Ineke van Kessel, 2000 The 1980s in South Africa were marked by protest violent confrontation and international sanctions Internally the country saw a bewildering growth of grassroots organizations including trade unions civic associations in the black townships student and other youth organizations church based groups and women's movements many of which operated under the umbrella of the United Democratic Front UDF *Beyond Our Wildest Dreams* explores the often conflicted relationship between the UDF's large scale resistance to apartheid and its everyday struggles at the local level In hindsight the UDF can be seen as a transitional front preparing the ground for leaders of the liberation movement to return from exile or prison and take over power But the founding fathers of the UDF initially had far more modest ambitions Interviews with Cachalia and other leading personalities in the UDF examine the organization's workings at the national level while stories of ordinary people collected by the author illuminate the grassroots activism so important to the UDF's success Even in South Africa writes Ineke van Kessel who covered the anti apartheid movement as a journalist resistance was not the obvious option for ordinary citizens Van Kessel shows how these people were mobilized into forming a radical social movement that developed a highly flexible and innovative form of resistance that ultimately ended apartheid From publisher's description

*The Revolution of Indian Parallel Cinema in the Global South (1968-1995)* Omar Ahmed, 2025-01-23 Drawing from over a decade of research and writings this book takes you on an epic journey through the history of Indian Parallel Cinema 1968-1995 India the late 1960s Something was in the air A film manifesto penned by passionate cinephiles called for a new cinema An exciting generation of iconoclastic filmmakers were on the march the first to graduate from the newly incarnated Film and Television Institute of India seizing the moment to forge one of the first major post colonial film movements What emerged was an unprecedented level of creativity merging international influences with experimental indigenous styles and creating an aesthetic and thematic rupture and that ultimately led to new ways of making films But it is a story that has rarely been told inextricably absent from the parochial Euro centric and linear histories of film This is the story of Indian Parallel Cinema From auteurs like Mani Kaul and John Abraham to Smita Patil and Om Puri *The Revolution of Indian Parallel Cinema in the Global South* explores the origins evolution demise and legacy of a film movement that produced a pantheon of innovative filmmakers in excess of two hundred films and a distinctly regional identity in which film societies state funding and political insurgency were catalysts for a defiant radical dialogue much of it anti establishment that broke all the rules Most importantly this publication considers the ways in which Parallel Cinema narrated a new history from below using a range of case studies that includes *Uski Roti* *Mirch Masala* and *Amma Ariyan*

**Revolution** Rosemary H. T. O'Kane, 2000 All of the major work on the subject of revolutions is collected in this useful set Including work from seminal figures such as Hatto and Gottschalk in the 1940s as well as the most important literature all

the way through 1998 the articles reprinted here consider the concept theory and causes of revolution revolutionary state building and the outcomes of revolutions case studies of great revolutions and much more      **The Chiapas Rebellion** Neil Harvey,1998 Through a pathbreaking study of the Zapatista rebellion of 1994 looks at the complexities of the political movement for Chiapas s indigenous peoples      Modern Chinese Religion II: 1850 - 2015 (2 vols.) ,2015-10-20 The last of four two volume sets on the key periods of paradigm shift in Chinese religious and cultural history this book examines the transformation of values in China since 1850 in the secular realms of economics science medicine aesthetics media and gender and in each of the major religions Confucianism Buddhism Daoism Christianity as well as in Marxist discourse The nation and science are the values invoked most frequently with the market and democracy a distant second As in previous periods of fundamental change in Chinese history rationalization and secularization have played central roles but interiorization nearly disappears as a driving force Also in continuity with the past the state insists on an exclusive right to define and adjudicate orthodoxy Contributors include Daniel H Bays S bastien Billioud Adam Yuet Chau Na Chen Philip Clart Walter B Davis Arif Dirlik Thomas David DuBois Lizhu Fan David Faure Melissa Wei Tsing Inouye Ji Zhe Xiaofei Kang Eric I Karchmer Andr Lalibert Angela Ki Che Leung Xun Liu Richard Madsen David Ownby Ellen Oxfeld Volker Scheid Grace Yen Shen Michael Szonyi Wang Chien ch uan Xue Yu      The Jacquerie of 1358 Justine Firnhaber-Baker,2021-04-28 The Jacquerie of 1358 is one of the most famous and mysterious peasant uprisings of the Middle Ages Beginning in a small village but eventually overrunning most of northern France the Jacquerie rebels destroyed noble castles and killed dozens of noblemen before being put down in a bloody wave of suppression The revolt occurred in the wake of the Black Death and during the Hundred Years War and it was closely connected to a rebellion in Paris against the French crown The Jacquerie of 1358 resolves long standing controversies about whether the revolt was just an irrational explosion of peasant hatred or simply an extension of the Parisian revolt It shows that these opposing conclusions are based on the illusory assumption that the revolt was a united movement with a single goal In fact the Jacquerie has to be understood as a constellation of many events that evolved over time It involved thousands of people who understood what they were doing in different and changing ways The story of the Jacquerie is about how individuals and communities navigated their specific political social and military dilemmas how they reacted to events as they unfolded and how they chose to remember or to forget in its aftermath The Jacquerie of 1358 rewrites the narrative of this tumultuous period and gives special attention to how violence and social relationships were harnessed to mobilize popular rebellion      Latin American Peasants Tom Brass,2004-08-02 The essays in this collection examine agrarian transformation in Latin America and the role in this of peasants with particular reference to Bolivia Peru Chile Brazil and Central America Among the issues covered are the impact of globalization and neo liberal economic policies      **Europe in 1848** Dieter Dowe,Heinz-Gerhard Haupt,Jonathan Sperber,2001-01-01 The events of 1989 90 in Europe demonstrated the renewed relevance of the mid nineteenth century uprisings both by showing once again

how a revolutionary initiative could quickly spread through different European countries but also by calling into question the nature of revolution and the criteria for a revolution's success and failure To commemorate the 1848 revolution in a spirit of renewed critical inquiry an international team of prominent historians have come together to produce what must be the most comprehensive work on this topic to date and to offer a synthesis that sums up the current state of scholarly research emphasizing the many new interpretations that have developed over several decades

**Writing Pancho Villa's Revolution** Max Parra, 2010-01-01 The 1910 Mexican Revolution saw Francisco Pancho Villa grow from social bandit to famed revolutionary leader Although his rise to national prominence was short lived he and his followers the villistas inspired deep feelings of pride and power amongst the rural poor After the Revolution and Villa's ultimate defeat and death the new ruling elite resentful of his enormous popularity marginalized and discounted him and his followers as uncivilized savages Hence it was in the realm of culture rather than politics that his true legacy would be debated and shaped Mexican literature following the Revolution created an enduring image of Villa and his followers Writing Pancho Villa's Revolution focuses on the novels chronicles and testimonials written from 1925 to 1940 that narrated Villa's grassroots insurgency and celebrated or condemned his charismatic leadership By focusing on works by urban writers Mariano Azuela *Los de abajo* and Mart n Luis Guzm n *El guila y la serpiente* as well as works closer to the violent tradition of northern Mexican frontier life by Nellie Campobello *Cartucho* Celia Herrera Villa *ante la historia* and Rafael F Mu oz *V monos con Pancho Villa* this book examines the alternative views of the revolution and of the villistas Max Parra studies how these works articulate different and at times competing views about class and the cultural otherness of the rebellious masses This unique revisionist study of the villista
