Novozhilova, 1996      **Ruslan i Liudmila** Aleksandr Sergeevich Pushkin, 1921      **Ruslan and Liudmila** Aleksandr Sergeevich Pushkin, 2005      **Ruslan and Lyudmila**, 1996      Ruslan i Liudmila. Otryvok Iz Stseny Liudmily,      **The Poetics of Impudence and Intimacy in the Age of Pushkin** Joe Peschio, 2012 In early nineteenth century Russia members of jocular literary societies gathered to recite works written in the lightest of genres the friendly verse epistle the burlesque the epigram the comic narrative poem the prose parody In a period marked by the Decembrist Uprising and heightened state scrutiny into private life these activities were hardly considered frivolous such works and the domestic insular spaces within which they were created could be seen by the Russian state as rebellious at times even treasonous Joe Peschio offers the first comprehensive history of a set of associated behaviors known in Russian as *shalosti* a word which at the time could refer to provocative behaviors like practical joking

insubordination ritual humiliation or vandalism among other things but also to literary manifestations of these behaviors such as the use of obscenities in poems impenetrably obscure allusions and all manner of literary inside jokes One of the period's most fashionable literary and social poses became this complex of behaviors taken together Peschio explains the importance of literary shalosti as a form of challenge to the legitimacy of existing literary institutions and sometimes the Russian regime itself Working with a wide variety of primary texts from verse epistles to denunciations etiquette manuals and previously unknown archival materials Peschio argues that the formal innovations fueled by such prankish types of literary behavior posed a greater threat to the watchful Russian government and the literary institutions it fostered than did ordinary civic verse or overtly polemical prose

*Russian Literature, Modernism and the Visual Arts* Catriona Kelly, Stephen Lovell, 2000-03-09 In the Russian modernist era literature threw itself open to influences from other art forms most particularly the visual arts Collaborations between writers artists designers and theatre and cinema directors took place more intensively and productively than ever before or since Equally striking was the incursion of spatial and visual motifs and structures into verbal texts Verbal and visual principles of creation joined forces in an attempt to transform and surpass life through art Yet willed transcendence of the boundaries between art forms gave rise to confrontation and creative tension as well as to harmonious co operation This collection of essays by leading British American and Russian scholars first published in 2000 draws on a rich variety of material from Dostoevskii to Siniavskii from writers doodles to cabarets from well known modernists such as Akhmatova Malevich Platonov and Olesha to less well known figures to demonstrate the creative power and dynamism of Russian culture on the boundaries

The essay that closes this section discusses using children's literature to teach translation skills at the University of Taipei. The Golden Age of Russian Literature and Thought Derek Offord, 1992-12-13. The volume contains ten new essays on Russian literature and thought of the classical age, roughly 1820-1880. The essays are based on papers delivered at the Fourth World Congress for Soviet and East European Studies held at Harrogate in July 1990. It strikes a balance between fresh work on major authors: Pushkin, Lermontov, Turgenev, and Dostoevsky; important work on hitherto neglected minor authors: Marlinsky, Pisemsky, and Boborykin; and studies that relate to thinkers of the period: Chaadaev, Herzen, and Bakunin. Russian Orientalism in a global context Maria Taroutina, Allison Leigh, 2023-06-27. This volume features new research on Russia's historic relationship with Asia and the ways it was mediated and represented in the fine decorative and performing arts and architecture from the mid-eighteenth century to the first two decades of Soviet rule. It interrogates how Russia's perception of its position on the periphery of the west and its simultaneous self-consciousness as a colonial power shaped its artistic, cultural, and national identity as a heterogeneous multi-ethnic empire. It also explores the extent to which cultural practitioners participated in the discursive matrices that advanced Russia's colonial machinery on the one hand and critiqued and challenged it on the other, especially in territories that were themselves on the fault lines between the east and the west.
