Bradley, 2016-03-03 The most memorable Hollywood musicals of 1930s showcased the talents of stars like Fred Astaire Jeanette MacDonald Bing Crosby and Alice Faye The less memorable ones didn't This book takes a look at the unsung songfests of the 30s secondary or forgotten features with short lived or unlikely stars from major studios and Poverty Row Through analysis of films such as Lord Byron of Broadway 1930 Shoot the Works 1934 Bottoms Up 1934 Moonlight and Pretzels 1933 and The Music Goes Round 1936 the author profiles such performers as Dorothy Dell Lee Dixon Peggy Fears Lawrence Gray Joe Morrison and the mother daughter team of Myrt and Marge Behind the scenes figures are discussed like the infamously profligate producer Lou Brock whose flops Down to Their Last Yacht 1934 and Top of the Town 1937 cost him his career Filmographies and production information are included with background on key participants **Music of the Great Depression** William H. Young, Nancy K. Young, 2005-02-28 Prior to the stock market crash of 1929 American music still possessed a distinct tendency towards elitism as songwriters and composers sought to avoid the mass appeal that critics scorned During the Depression however radio came to dominate the other musical media of the time and a new era of truly popular music was born Under the guidance of the great Duke Ellington and a number of other talented and charismatic performers swing music unified the public consciousness like no other musical form before or since At the same time the enduring legacies of Woody Guthrie in folk Aaron Copeland in classical and George and Ira Gershwin on Broadway stand as a testament to the great diversity of tastes and interests that subsisted throughout the Great Depression and play a part still in our lives today The lives of these and many other great musicians come alive in this insightful study of the works artists and circumstances that contributed to making and performing the music that helped America through one of its most difficult times The American History through Music series examines the many different styles of music that have played a significant part in our nation's history While volumes in this series show the multifaceted roles of music in our culture they also use music as a lens through which readers may study American social history The authors present in depth analysis of American musical genres significant musicians technological innovations and the many connections between music and the realms of art politics and daily life Heartthrobs Carol Dyhouse, 2017 What can a cultural history of the heartthrob teach us about women desire and social change From dreams of Prince Charming or dashing military heroes to the lure of dark strangers and vampire lovers from rock stars and rebels to soulmates dependable family types or simply good companions female fantasies about men tell us as much about the history of women as about masculine icons When girls were supposed to be shrinking violets passionate females risked being seen as unbridled or dangerously out of control Change came slowly and young women remained trapped in double binds You may have needed a husband in order to survive but you had to avoid looking like a gold digger Sexual desire could be dangerous a rash guide to making choices Show attraction too openly and you might be judged fast and undesirable Education and wage earning
