Russia As It Is:

Russia as it is Adam Gurowski,1854 **Russia as it is ; and Turkey, Past and Present** John Reynell Morell,1854

An Account of Russia as it was in the Year 1710 Charles Whitworth Baron Whitworth,1758 *Russia as a Great Power* Jakob Hedenskog,Vilhelm Konnander,Bertil Nygren,Ingmar Oldberg,Christer Pursiainen,2013-07-04 After a period of relative weakness and isolation during most of the 1990s Russia is again appearing as a major security player in world politics This book provides a comprehensive assessment of Russia s current security situation addressing such questions as What kind of player is Russia in the field of security What is the essence of its security policy What are the sources capabilities and priorities of its security policy What are the prospects for the future One important conclusion to emerge is that while Russian foreign policy under Putin has become more pragmatic and responsive to both problems and opportunities the growing lack of checks and balances in domestic politics makes political integration with the West difficult and gives the president great freedom in applying Russia s growing power abroad *Contemporary Russia as a Feudal Society* V. Shlapentokh,Joshau Woods,2007-11-26 The book offers a theoretical discussion of the feudal model and a preliminary application of the model to post Soviet Russia In addition to a review of the feudal model as an ideal type the author explains the analytical benefits of drawing comparisons between countries and across historical contexts Specifically contemporary Russia is compared to Western European countries during the Middle Ages and to the Soviet period in Russian history The book is devoted to illuminating the most important political social and economic characteristics of contemporary Russian society **The History of Russia** Charles E. Ziegler,2009-10-13 An updated edition of the acclaimed history of Russia this new volume includes a wealth of material on events of the last decade When first published Charles Ziegler s The History of Russia was acclaimed as a source of information not easily found elsewhere and as clear balanced and insightful by Rajan Menon of Lehigh University Now Ziegler s remarkable volume returns fully updated to be the work of choice for readers looking for an introduction to the history of the world s largest country The History of Russia Second Edition moves from the 10th century founding of Kievan Rus to the czars to the Communist Era to the present with particular emphasis on the fall of the Soviet Union and the leadership of Mikhail Gorbachev Boris Yeltsin and Vladimir Putin In addition to a new chapter on the tumultuous last decade this edition features an updated introduction and an expanded chapter on the Yeltsin Era

National Identity and Ethnicity in Russia and the New States of Eurasia Roman Szporluk,1994 First Published in 1995 Routledge is an imprint of Taylor Francis an Informa company **Russia and the Russians, in 1842** Johann Georg Kohl,1843 **Russia and the Russians in 1842; Austria, Vienna, Prague; Ireland; Scotland** J. G. Kohl,2025-08-12 Reprint of the original first published in 1843 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage Is Russia Fascist? Marlene Laruelle,2021-03-15 In Is Russia Fascist Marlene Laruelle argues that the

charge of fascism has become a strategic narrative of the current world order Vladimir Putin's regime has increasingly been accused of embracing fascism supposedly evidenced by Russia's annexation of Crimea its historical revisionism attacks on liberal democratic values and its support for far right movements in Europe But at the same time Russia has branded itself as the world's preeminent antifascist power because of its sacrifices during the Second World War while it has also emphasized how opponents to the Soviet Union in Central and Eastern Europe collaborated with Nazi Germany Laruelle closely analyzes accusations of fascism toward Russia soberly assessing both their origins and their accuracy By labeling ideological opponents as fascist regardless of their actual values or actions geopolitical rivals are able to frame their own vision of the world and claim the moral high ground Through a detailed examination of the Russian domestic scene and the Kremlin's foreign policy rationales Laruelle disentangles the foundation for meaning and validity of accusations of fascism in and around Russia *Is Russia Fascist* shows that the efforts to label opponents as fascist is ultimately an attempt to determine the role of Russia in Europe's future *Russia as it is* Adam Gurowski, 1854 *Rich Russians* Elisabeth Schimpfössl, 2018 By looking at the top 0.1 percent of Russian society this book captures the stories of multimillionaires and billionaires their spouses and their children It traces how rich Russians moved from conspicuously spending cash into a conscious social class legitimizing their wealth through philanthropy and more bourgeois manners As the first book to examine the transformation of Russia's former robber barons into a new social class *Rich Russians* provides insight into how the Russian's status quo and post Putin world will develop *The M. P. for Russia* William Thomas Stead, 1909 **Introduction to Russia** Gilad James, PhD, Russia officially known as the Russian Federation is the largest country in the world by land area and spans two continents Europe and Asia It is located in Eastern Europe and Northern Asia and shares borders with Norway Finland Estonia Latvia Lithuania Poland Belarus Ukraine Georgia Azerbaijan Kazakhstan Mongolia China and North Korea The country has a diverse geography from the frozen tundra of Siberia to the sunny beaches of the Black Sea coast Russia is known for its rich culture and history which includes famous poets writers composers artists and scientists The country has a population of approximately 144 million people and is considered a federal semi presidential republic Russia's economy is one of the largest in the world and relies heavily on natural resources like oil gas and minerals Its political system is often described as authoritarian due to the concentration of power in the hands of the president and the ruling party However the country has a complex and dynamic political landscape that includes a diversity of opinions and viewpoints Despite its challenges Russia continues to play a significant role in world affairs including its involvement in Syria Ukraine and other global hotspots *Russia's Foreign Policy* Andrei P. Tsygankov, 2025-06-26 This clear and comprehensive text explores the past thirty years of Soviet Russian international relations comparing foreign policy formation under Gorbachev Yeltsin Medvedev and Putin Challenging conventional views of Moscow's foreign policy Andrei Tsygankov shows that definitions of national interest depend on visions of national identity and is rooted both in history and domestic politics Yet the author also

highlights the role of the external environment in affecting the balance of power among competing domestic groups Drawing on both Russian and Western sources Tsygankov shows how Moscow's policies have shifted under different leaders visions of Russia's national interests He gives an overview of the ideas and pressures that motivated Russian foreign policy in six different periods the Gorbachev era of the late 1980s the liberal Westernizers era under Kozyrev in the early 1990s the relatively hardline statist policy under Primakov the more pragmatic course of limited cooperation under Putin and then Medvedev and the assertive policy Putin has implemented since his return to power most importantly in his invasion of Ukraine which began in 2022 *Russia's Public Diplomacy* Anna A. Velikaya, Greg Simons, 2019-09-26 Russian public

diplomacy attracts growing attention in the current global climate of tension and competition However it is often not understood or is misunderstood Although some articles and book chapters exist there are almost no books on Russian public diplomacy neither in Russian nor in English This edited collection is an in depth and broad analysis of Russian public diplomacy in its conceptual understanding and its pragmatic aims and practice Various aspects of Russian public diplomacy from cultural to business practices will interest professors students and practitioners from various countries Written by a diverse collection of the most prominent and capable scholars from academia to international organizations with a wealth of knowledge and objective experience this book covers the vital topics and thoroughly analyzes the best practices and mistakes within the broad understanding of public diplomacy conducted by the Russian Federation **PUTIN ERA RUSSIA'S**
