

Russian Revolution

Rex A. Wade

Russian Revolution:

The Russian Revolution Dietrich Geyer, 1987 This short and updated introduction by one of Europe's leading specialists in Russian and Soviet history presents a broad survey combined with a penetrating analysis of the key issues of the Russian Revolution such as the nature of pre Revolutionary society and politics the many links between war and revolution e.g. the effects of the war on the Bolshevik theory of revolution the possibilities open to the Provisional Government political alternatives to Bolshevism and the place of the Revolution in contemporary intellectual debate in the West The particular originality of this volume lies in the fact that the author also examines the way in which these issues were viewed both at the time and later He looks at contemporary 1917 assumptions at the validity of questions traditionally asked about the Revolution and concerns himself with the degree of hindsight and ideological basis contained both in the questions themselves and in the answers usually given to them The author's knowledge of works in Russian as well as in German English and French add to the indispensability of this book

The Russian Revolution S. A. Smith, 2002-02-21 This Very Short Introduction provides an analytical narrative of the main events and developments in Soviet Russia between 1917 and 1936 It examines the impact of the revolution on society as a whole on different classes ethnic groups the army men and women youth Its central concern is to understand how one structure of domination was replaced by another The book registers the primacy of politics but situates political developments firmly in the context of massive economic social and cultural change Since the fall of Communism there has been much reflection on the significance of the Russian Revolution The book rejects the currently influential liberal interpretation of the revolution in favour of one that sees it as rooted in the contradictions of a backward society which sought modernization and enlightenment and ended in political tyranny

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

The Russian Revolution Richard Pipes, 1991-11-05 A groundbreaking inclusive history of the Russian Revolution for those who want to discover what really happened to Russia The New York Times Book Review A monumental study Wall Street Journal enthralling in its narrative of a movement whose purpose in the words of Leon Trotsky was to overthrow the world The Russian Revolution draws conclusions that have aroused great controversy Richard Pipes argues convincingly that the Russian Revolution was an intellectual rather than a class uprising that it was steeped in terror from its very outset and that it was not a revolution at all but a coup d'etat the capture of governmental power by a small minority

[The Russian Revolution](#) Sheila Fitzpatrick, 2001 The Russian Revolution had a decisive impact on the history of the twentieth century Now following the collapse of the Soviet regime and the opening of its archives it is possible to step back and see the full picture In this classic work the author incorporates data from archives that were previously inaccessible not only to Western but also to Soviet historians as well as

drawing on important recent Russian publications such as the memoirs of one of the great survivors of Soviet politics Vyacheslav Molotov Impeccable in its scholarship and objectivity the book tells a gripping story of a Marxist revolution that was intended to transform the world visited enormous suffering on the Russian people and like the French Revolution before it ended up by devouring its own children In a concluding section that will be of great interest to scholars in the field as well as the general reader the author treats the Stalinist Great Purges as the last act of the drama of the Russian Revolution

The Russian Revolution Ronald Kowalski, 2005-08-09 The collapse of the Soviet Union in 1991 has provided fresh perspectives from which to view the Revolution out of which it grew The Russian Revolution 1917 1921 by Ronald Kowalski reviews the ever changing debate on the nature of the Russian Revolution This collection of documents and sources includes newspapers memoirs and literature commentary and background information of each source a narrative of the major events of the period new material made available since the policy of glasnost a re examination of World War One and the Revolution focus on thematic issues such as the actions of peasants and workers For students of European history this will provide interesting and informative reading on this major event in Russia's turbulent past

History of the Russian Revolution

Leon Trotsky, 2008 During the first two months of 1917 Russia was still a Romanov monarchy Eight months later the Bolsheviks stood at the helm They were little known to anybody when the year began and their leaders were still under indictment for state treason when they came to power You will not find another such sharp turn in history especially if you remember that it involves a nation of 150 million people It is clear that the events of 1917 whatever you think of them deserve study Leon Trotsky from History of the Russian Revolution Regarded by many as among the most powerful works of history ever written this book offers an unparalleled account of one of the most pivotal and hotly debated events in world history This book reveals from the perspective of one of its central actors the Russian Revolution's profoundly democratic emancipatory character Originally published in three parts Trotsky's masterpiece is collected here in a single volume It serves as the most vital and inspiring record of the Russian Revolution to date The greatest history of an event that I know C L R James Justly celebrated as a towering vivid historically vital work China Mielle October In Trotsky all passions were aroused but his thought remained calm and his vision clear His involvement in the struggle far from blurring his sight sharpens it The History is his crowning work both in scale and power and as the fullest expression of his ideas on revolution As an account of a revolution given by one of its chief actors it stands unique in world literature Isaac Deutscher

The Russian Revolution Sean McMeekin, 2017-05-30 A powerful revisionist history Times UK illuminating the tensions and transformations of the Russian Revolution In The Russian Revolution acclaimed historian Sean McMeekin traces the events which ended Romanov rule ushered the Bolsheviks into power and introduced Communism to the world Between 1917 and 1922 Russia underwent a complete and irreversible transformation Taking advantage of the collapse of the Tsarist regime in the middle of World War I the Bolsheviks staged a hostile takeover of the Russian Imperial Army promoting mutinies and

mass desertions of men in order to fulfill Lenin's program of turning the imperialist war into civil war. By the time the Bolsheviks had snuffed out the last resistance five years later over 20 million people had died and the Russian economy had collapsed so completely that Communism had to be temporarily abandoned. Still Bolshevik rule was secure owing to the new regime's monopoly on force enabled by illicit arms deals signed with capitalist neighbors such as Germany and Sweden who sought to benefit politically and economically from the revolutionary chaos in Russia. Drawing on scores of previously untapped files from Russian archives and a range of other repositories in Europe, Turkey and the United States, McMeekin delivers exciting groundbreaking research about this turbulent era. The first comprehensive history of these momentous events in two decades, *The Russian Revolution* combines cutting edge scholarship and a fast paced narrative to shed new light on one of the most significant turning points of the twentieth century. **The Russian Revolution** Sheila Fitzpatrick, 2017-09-29 The Russian Revolution had a decisive impact on the history of the twentieth century. In the years following the collapse of the Soviet regime and the opening of its archives it has become possible to step back and see the full picture. Starting with an overview of the roots of the revolution, Fitzpatrick takes the story from 1917 through Stalin's revolution from above to the great purges of the 1930s. She tells a gripping story of a Marxist revolution that was intended to transform the world, visited enormous suffering on the Russian people and like the French Revolution before it ended up by devouring its own children. This updated edition contains a fully revised bibliography and updated introduction to address the centenary: what does it all mean in retrospect? *The Russian Revolution, 1905-1921* Mark D. Steinberg, 2017 A new history of the Russian Revolution exploring how people experienced it in their own lives from Bloody Sunday in 1905 to the final shots of the civil war in 1921. *The Russian Revolution 1905-1921* focuses on human experience to address key issues of inequality, power and violence and ideas of justice and freedom. **The Russian Revolution** E. M. Halliday, 2016-11-03 The turbulent events that overtook Russia in 1917 are often called one of history's great turning points. In March of that year a corrupt, outdated, careworn autocracy, the 300 year old Romanov dynasty, was overthrown by a spontaneous uprising of Russia's long oppressed masses. During the next few months Alexander Kerensky and other liberals in the provisional government attempted to adopt reforms. But the continuing hardships of World War I and the pressure of Vladimir Lenin's Bolsheviks proved too much for them. In the relatively bloodless coup d'état of November 7, Lenin and his associates seized control of the state. Here from the eminent historian E. M. Halliday is the dramatic story of the Russian Revolution. *The Russian Revolution, 1917* Rex A. Wade, 2005-04-21 Rex Wade presents an account of one of the pivotal events of modern history, combining his own long study of the revolution with the best of contemporary scholarship. Within an overall narrative that provides a clear description of the 1917 revolution, he introduces several new approaches on its political history and the complexity of the October Revolution. Wade clears away many of the myths and misconceptions that have clouded studies of the period. He also gives due space to the social history of the revolution and incorporates people and places too often left out.

of the story including women national minority peoples and peasantry front soldiers enabling a more complete history to emerge The 2005 second edition of this highly readable book has been thoroughly revised and expanded It will prove invaluable reading to anyone interested in Russian history

A People's Tragedy Orlando Figes,1998-03-01 On the brink of the 100th anniversary of the Russian Revolution read the most vivid moving and comprehensive history of the events that changed the world It is history on an epic yet human scale Vast in scope exhaustive in original research written with passion narrative skill and human sympathy *A People's Tragedy* is a profound account of the Russian Revolution for a new generation Many consider the Russian Revolution to be the most significant event of the twentieth century Distinguished scholar Orlando Figes presents a panorama of Russian society on the eve of that revolution and then narrates the story of how these social forces were violently erased Within the broad strokes of war and revolution are miniature histories of individuals in which Figes follows the main players fortunes as they saw their hopes die and their world crash into ruins Unlike previous accounts that trace the origins of the revolution to overreaching political forces and ideals Figes argues that the failure of democracy in 1917 was deeply rooted in Russian culture and social history and that what had started as a people's revolution contained the seeds of its degeneration into violence and dictatorship *A People's Tragedy* is a masterful and original synthesis by a mature scholar presented in a compelling and accessibly human narrative

The Origins of the Russian Revolution, 1861-1917 Alan Wood,2004-06-01 Alan Wood provides a concise introduction to the Russian Revolution and its origins dating back to the emancipation of the Russian peasant serfs in 1861 The third edition of this successful pamphlet brings the historiography up to date to include the multitude of research in the last ten years that followed the collapse of the Soviet Union and the opening up of the archives

A Short History of the Russian Revolution Geoffrey Swain,2017-01-30 In 1917 revolutionary fervour swept through Russia ending centuries of imperial rule and instigating political and social changes that would lead to the formation of the Soviet Union Arising out of proletariat discontent with the Tsarist autocracy and Lenin's proclaimed version of a Marxist ideology the revolutionary period saw a complete overhaul of Russian politics and society and led directly to the ensuing civil war The Soviet Union eventually became the world's first communist state and the events of 1917 proved to be one of the turning points in world history setting in motion a chain of events which would change the entire course of the twentieth century Geoffrey Swain provides a concise yet thorough overview of the revolution and the path to civil war By looking with fresh perspectives on the causes of the revolution as well as the international response Swain provides a new interpretation of the events of 1917 published to coincide with the 100th anniversary of the revolution

History of the Russian Revolution: Volume 1 Leon Trotsky,2022-11-30 The Russian Revolution of 1917 can be regarded as the greatest event in human history For the first time millions of workers and peasants took political power into their own hands sweeping aside the despotic rule of the capitalists and landlords and setting out to create a socialist world order based upon the rule of the Soviet of Workers Soldiers and Peasants Deputies

Capitalism had broken at its weakest link The Russian Revolution heralded the beginning of the world revolution inspiring the hopes and dreams of millions Notwithstanding the terrible backwardness of Russia the new Socialist Soviet Republic represented a decisive threat to the world capitalist order It struck terror in the ruling classes everywhere which rightly regarded it as a threat to their power and privileges Leon Trotsky History of these events is a masterpiece It was the first time that a scientific history of a great event has been written by a man who played a dominant part in it Together with Lenin he led the Bolshevik Revolution and lived throughout its stormy events However this book is not simply a dramatic narrative but a profound analysis of the inner forces of the Revolution It remains by far the best account of the Russian Revolution today This volume spans from the February Revolution to the prelude of the July Days as well as the economic and political background of Russia before the Revolution Also featured in this edition is Alan Woods introduction to the series The Russian Revolution, 1900-1927 Robert Service, 2009-06-02 This popular concise and highly readable study discusses the key themes and debates about the Russian Revolution Robert Service s lively analysis examines state and society under the Romanovs from 1900 The February and October Revolutions of 1917 The final years of the Romanov dynasty and the start of the Soviet order Comparisons with political social and economic trends elsewhere in the world The extent to which the later development of the USSR was conditioned by the October Revolution Clear and incisive the fourth edition has been thoroughly revised and updated in the light of the latest research and features a new scene setting Introduction and maps Service s text remains the essential starting point for anyone studying this tumultuous period in the history of Russia and the world in the twentieth century The Russian Revolution, 1917-1945 Anthony D'Agostino, 2010-12-16 This book offers a fresh analysis of the Russian Revolution from a global perspective It stresses the historical role of Soviet Communism in the modernization of the country the defeat of Nazism and the rise of American power and world leadership For students and scholars of the Russian Revolution there are pivotal questions that merit careful comprehensive consideration why did the Tsarist regime unravel in revolution Why did the Bolsheviks come to power rather than some other party How did Stalin rather than a more popular and respected leader win the mantle of Lenin and gain leadership of the ruling party How should Stalin s regime be judged by subsequent generations of Russians and in the context of world history In Russian Revolution 1917 1945 author Anthony D Agostino discusses all these questions His suggestions for further reading range over decades of writing on Soviet subjects and cite classics revisionist works curiosities and studies done during and since the Gorbachev years The book explores topics including the modernization of the Tsarist Russian state World War I the revolutionary project of Soviet Communism the nationalist transformation of Soviet Communism under international pressures the Big Drive to modernize Russia by force and the external threat of fascism The History of the Russian Revolution, Vol. I Leon Trotsky, 2025-06-25 The History of the Russian Revolution Volume One is a detailed and compelling account of the events leading up to and including the February Revolution of 1917 in Russia Written by Leon Trotsky one of the key figures in the

revolution itself the work offers both a participant's insight and a historian's analytical perspective Trotsky examines the political social and economic forces that contributed to the downfall of the Tsarist regime exploring the tensions within Russian society and the growing discontent among workers soldiers and peasants Through a combination of narrative storytelling and theoretical analysis Trotsky delves into themes of mass movements class struggle and revolutionary leadership His focus on the role of the proletariat the crisis within the ruling classes and the dynamics of revolutionary momentum highlights the complexities of historical change The first volume particularly emphasizes the spontaneous nature of the February Revolution and the inability of the old regime to respond effectively to mounting opposition Since its publication The History of the Russian Revolution has been regarded as both a primary historical document and a classic of Marxist literature Trotsky's sharp political insights combined with his vivid descriptions of social unrest and political maneuvering make the work an essential reference for understanding the dynamics of revolutionary movements The book continues to be studied for its narrative power its theoretical contributions and its detailed portrayal of one of the most significant upheavals in modern history

Three "whys" of the Russian Revolution Richard Pipes, 1996-04 The second Barbara Frum Historical Lecture Russia's Past and Russia's Future The Burden of History will be written and delivered by the world's foremost Russian History scholar Three Whys of the Russian Revolution is a complementary text to that lecture a highly concise and valuable collection of three essays distilling the essence of Richard Pipes's acclaimed and bestselling books The Russian Revolution and Russian Under the Bolshevik Regime Arguably the most important event of the twentieth century the Russian Revolution changed forever the course of modern history Due to the Soviet clampdown on archives regarding the Revolution many aspects of the event have been shrouded in mystery for over seventy years However since the collapse of Communism the archival depositories have been thrown open to interested parties Mr Pipes has paid several visits to the archives and has in Three Whys of the Russian Revolution raised the central questions surrounding the revolution why did Tsarism fall Why did the Bolsheviks gain power and why did Stalin succeed Lenin Three Whys of the Russian Revolution is a valuable document for anyone trying to understand the complicated events taking place in modern day Russia

Russian Revolution Henry Freeman, 2016-05-30 Russian Revolution The Russian Revolution in 1917 was a moment in time when the will of the people put an end to a system of government that had been in place for centuries The story of Russia's transition from Imperial reign to eventual Communist dictatorship is a tale rooted in the ranks of the common people and the men who rose to lead them Inside you will read about Czarist Rule Karl Marx and Friedrich Engels Nicholas Romanov Rasputin World War Lenin October Revolution Stalin And much more Dedication to the ideals of socialism remade Russian society Worker's Rights human equality world war murder mysticism blood and tyranny collide in the heart of Russia to irrevocably alter the culture of this great nation and the world
