1960s and 1970s magazines became an important new site of artistic practice functioning as an alternative exhibition space for the dematerialized practices of conceptual art. Artists created works expressly for these mass produced hand editioned pages using the ephemerality and the materiality of the magazine to challenge the conventions of both artistic medium and gallery. In *Artists Magazines* Gwen Allen looks at the most important of these magazines in their heyday the 1960s to the 1980s and compiles a comprehensive illustrated directory of hundreds of others. Among the magazines Allen examines are *Aspen* 1965 1971 a multimedia magazine in a box issues included Super 8 films flexi disc records critical writings artists postage stamps and collectible chapbooks *Avalanche* 1970 1976 which expressed the countercultural character of the emerging SoHo art community through its interviews and artist designed contributions and *Real Life* 1979 1994 published by Thomas Lawson and Susan Morgan as a forum for the Pictures generation. These and the other magazines Allen examines expressed their differences from mainstream media in both form and content they cast their homemade do it yourself quality against the slickness of an Artforum and they created work that defied the formalist orthodoxy of the day. *Artists Magazines* featuring abundant color illustrations of magazine covers and content offers an essential guide to a little explored medium.

Small Press, 1987 *Beyond Memory* Diane Neumaier, 2004. Photography possesses a powerful ability to bear witness aid remembrance shape and even alter recollection. In *Beyond Memory* Soviet Nonconformist Photography and Photo Related Works of Art the general editor Diane Neumaier and twenty three contributors offer a rigorous examination of the medium's role in late Soviet unofficial art. Focusing on the period between the mid 1950s and the late 1980s they explore artists unusually inventive and resourceful uses of photography within a highly developed Soviet dissident culture. During this time lack of high quality photographic materials complimented by tremendous creative impulses prompted artists to explore experimental photo processes such as camera and darkroom manipulations photomontage and hand coloring. Photography also took on a provocative array of forms including photo installation artist made samizdat self published books photo realist painting and many other surprising applications of the flexible medium. *Beyond Memory* shows how innovative conceptual moves and approaches to form and content echoes of Soviet society's coded communication and a Russian sense of absurdity were common in the Soviet cultural underground. Collectively the works in this anthology demonstrate how late Soviet artists employed irony and invention to make positive use of difficult circumstances. In the process the volume illuminates the multiple characters of photography itself and highlights the leading role that the medium has come to play in the international art world today. *Beyond Memory* stands on its own as a rigorous examination of photography's place in late Soviet unofficial art while also serving as a supplement to the traveling exhibition of the same title. **Bulletin/annual Report** Elvehjem Museum of Art, 1992 A Common Strangeness Jacob Edmond, 2012-06-01. Why is our world still understood through binary oppositions East and West local and global common and strange that ought to have crumbled with the Berlin Wall. What might literary responses to the events that ushered in our era of globalization tell us about the

rhetorical and historical underpinnings of these dichotomies In *A Common Strangeness* Jacob Edmond exemplifies a new multilingual and multilateral approach to literary and cultural studies He begins with the entrance of China into multinational capitalism and the appearance of the Parisian fl neur in the writings of a Chinese poet exiled in Auckland New Zealand Moving among poetic examples in Russian Chinese and English he then traces a series of encounters shaped by economic and geopolitical events from the Cultural Revolution perestroika and the June 4 massacre to the collapse of the Soviet Union September 11 and the invasion of Iraq In these encounters Edmond tracks a shared concern with strangeness through which poets contested old binary oppositions as they reemerged in new post Cold War forms
