Ryan's Mammoth Collection of Fiddle Tunes Patrick Sky, 2014-06-24 This comprehensive book is a facsimile edition of the original collection published in 1883 It has survived over the years because it is one of the richest and most interesting of the 19th century instrumental collections as well as a resource for students of American vernacular music Examining the cultural exchange between minstrelshow ethnic music and even classical music influenced some of the genres of what we now call American music Ryan's Mammoth Collection contains a significant number of reels jigs hornpipes clogs walk arounds essences strathspeys highland flings and contradances that are still played by both traditional and professional fiddlers A special section containing historical notes and comments is included **The Ceilidh Dance Book** Kevin Allison, 2018-02-08

While one of a kind is a hard rating to achieve at Mel Bay Publications Kevin Allison has done it with *The Ceilidh Dance Book* A ceilidh is a traditional Scottish gathering where people share songs stories music and dancing that is very much alive today In Scotland there are hundreds of ceilidh bands each of which has their own trademark tune sets making it possible for a man in a kilt to make a living as a performing musician This book not only provides 85 Scottish tunes in sets as they might be used in a ceilidh event it also offers detailed beat by beat descriptions of the dance steps for twenty four dances From The Highland Scottish to The Mooncoin Jig with this book in hand you will be able to both play in the band and step to the music with the locals The kilt is optional Arranged for mandolin or fiddle with suggested chord backup in standard notation only

Austin, 2015-11-09 While in the Mississippi State Archives tracking down Abbott Ferriss's beautiful photographic portraits of musicians from 1939 author Harry Bolick discovered to his amazement a treasure trove of earlier fiddle tunes in manuscript form Since then he has worked to understand how this collection came to exist and be set aside With Stephen T Austin Bolick has transcribed the subsequent 1939 audio recordings Mississippi Fiddle Tunes and Songs from the 1930s presents the history of the collecting work with over three hundred of the

tunes and songs and a beautiful selection of period photographs In the summer of 1936 over one hundred fiddle tunes many of them unique along with thousands of songs were collected and notated throughout a large part of Mississippi Roughly 130 novice field workers captured beautiful tunes and tantalizing fragments As a body of work it is an unparalleled and fascinating snapshot of vernacular music as heard in Mississippi in the early part of the recorded era However this music was unpublished and forgotten In 1939 building on the contacts made three years earlier Herbert Halpert led one of the last and best executed of the WPA folklore projects which recorded audio performances in Mississippi Some but not all of those distinctive fiddle tune recordings have been published Additionally through cassette tape copies passed hand to hand some of these distinctive tunes have regained currency and popularity among contemporary fiddlers In Mississippi Fiddle Tunes and Songs from the 1930s this great music is at last widely available Selected tunes in this book are available from Document Records Get Harry Bolick's CD with 22 tunes from the book more information a video and free downloads of the sound files at www.mississippifiddle.com

The Beat Cop Michael O'Malley, 2022-05-18 The remarkable story of how modern Irish music was shaped and spread through the brash efforts of a Chicago police chief Irish music as we know it today was invented not just in the cobbled lanes of Dublin or the green fields of County Kerry but also in the burgeoning metropolis of early twentieth century Chicago The genre's history combines a long folk tradition with the curatorial quirks of a single person Francis O'Neill a larger than life Chicago police chief and an Irish immigrant with a fervent interest in his home country's music Michael O'Malley's *The Beat Cop* tells the story of this singular figure from his birth in Ireland in 1865 to his rough and tumble early life in the United States By 1901 O'Neill had worked his way up to become Chicago's chief of police where he developed new methods of tracking criminals and recording their identities At the same time he also obsessively tracked and recorded the music he heard from local Irish immigrants enforcing a strict view of what he felt was and wasn't authentic Chief O'Neill's police work and his musical work were flip sides of the same coin and O'Malley delves deep into how this brash immigrant harnessed his connections and policing skills to become the foremost shaper of how Americans see and hear the music of Ireland *The Anglo-German Concertina* Dan Michael Worrall, 2009 *Celtic and New England Fiddle Tunes for Clawhammer Banjo* Ken Perlman, 2011-02-09 A compilation of favorite solos on Irish Scottish and New England fiddle tunes arranged for banjo by one of America's foremost clawhammer banjoists Ken Perlman Formerly published under the name Basic Clawhammer Banjo In notation and tablature *Irish and Scottish Encounters with Indigenous Peoples* Graeme Morton, David A. Wilson, 2013-05-01 The expansion of the British Empire during the eighteenth and nineteenth centuries created the greatest mass migration in human history in which the Irish and Scots played a central complex and controversial role The essays in this volume explore the diverse encounters Irish and Scottish migrants had with Indigenous peoples in North America and Australasia The Irish and Scots were among the most active and enthusiastic participants in what one contributor describes as the greatest single period of land theft cultural pillage and casual genocide in world history At the same time some settlers attempted to understand Indigenous society rather than destroy it while others incorporated a romanticized view of Natives into a radical critique of European society and others still empathized with Natives as fellow victims of imperialism These essays investigate the extent to which the condition of being Irish and Scottish affected settlers' attitudes to Indigenous

peoples and examine the political social religious cultural and economic dimensions of their interactions Presenting a variety of viewpoints the editors reach the provocative conclusion that the Scottish and Irish origins of settlers were less important in determining attitudes and behaviour than were the specific circumstances in which those settlers found themselves at different times and places in North America Australia and New Zealand Contributors include Donald Harman Akenson Queen's John Eastlake College Cork Marjory Harper Aberdeen Andrew Hinson Toronto Michele Holmgren Mount Royal Kevin Hutchings Northern British Columbia Anne Lederman Royal Conservatory of Music Patricia A McCormack Alberta Mark G McGowan Toronto Ann McGrath Australian National Cian T McMahon Nevada Graeme Morton Guelph Michael Newton Xavier P draig Siadhail Saint Mary's Brad Patterson Victoria University of Wellington Beverly Soloway Lakehead and David A Wilson Toronto
