Islam for Our Time John Herlihy, 2012-09 Written by an American Muslim convert who has lived nearly 40 years among the Muslims the author presents an insider s account of Islam s true

place within the family of religions what it means to be a Muslim living in the shadow of the modern world and how to cultivate a life of spirituality through the way of Islam in today's anti-spiritual environment. Within its pages, history unfolds, mysteries are unveiled, and secrets are revealed that shed light on the great human story of spiritual awakening and fulfillment. This rigorous and highly readable introduction to Islam goes a long way to remedy the lack of historical perspective and the narrowing of intellectual and spiritual scope contributing to the outer and inner crisis of the Muslim world as well as the poor understanding of this religion in the West. Another significant merit of Herlihy's book is the way it sets out the universal principles of Islam shared with other traditional faiths and its emphasis on the moral and spiritual fruits of the religion. This work is an invaluable resource for Muslims and non-Muslims alike, providing as it does a solid grounding in the traditional spirit of Islam. Patrick Laude, professor at Georgetown University Edmund A. Walsh School of Foreign Service, Qatar, reads that this timely work by John Herlihy offers a sublime contribution to the field of Islamic Studies. Relevant for Muslims and non-Muslims alike, one of the book's major themes is that the Islamic tradition converges with the unanimous tradition residing at the heart of each of the world's religions. The book reminds us that the foundations of the modern and postmodern world were formulated in revolt from the sacred, which is an essential point to be recognized by anyone seeking to understand the crisis that consumes the contemporary epoch. This work provides ultimate answers to ultimate questions. Samuel Bendeck Sotillos, editor of *Psychology and the Perennial Philosophy Studies in Comparative Religion*. Amidst widespread miscomprehensions of Islam generated by Western media readers who wish to understand the true nature of this noble tradition and its related spirituality will find this volume a trustworthy and illuminating guide. As a Western convert, philosopher, and above all, practitioner, John Herlihy is well-placed to dispel the fog of misunderstanding which often surrounds the subject of Islam. This book will be warmly welcomed by all those wishing to understand the timeless message of Islam by seekers looking for practical guidance and by those concerned with fostering a more harmonious global community of religions. Harry Oldmeadow, author of *Frithjof Schuon and the Perennial Philosophy*.

Understanding Religion and Artificial Intelligence Randall Reed, Tracy J. Trothen, 2025-09-15. Is artificial intelligence just another tool, or is it something more special? In *Understanding Religion and Artificial Intelligence: Meaning Making in the Digital Age*, Randall Reed and Tracy J. Trothen delve into this provocative question, revealing how our perceptions of AI are deeply intertwined with age-old human impulses to define the extraordinary. Introducing their innovative Model of the Special, Reed and Trothen illuminate how individuals, groups, and cultures dynamically shape AI's meaning, ranging from the mundane to the Sacred and Demonic. Through compelling case studies, from AI chatbots, sport, and art to self-driving cars and Deadbots, the authors explore how narratives of awe, fear, and even transcendence position AI as a truly special thing in our modern world. Drawing on insights from religious studies, ethics, and sociology, this interdisciplinary exploration provides a crucial framework for understanding the profound societal, ethical, and spiritual implications of AI. *Understanding Religion and*

Thinking Spiritually in Small Groups Dann Wigner, 2022-05-09 Mystical experiences are happening every day yet as amazing as the experiences can be it is often difficult to integrate these experiences into the rest of life In light of this difficulty I have created mystical reflection as a simple method for sharing one s own mystical experiences in a group setting and listening to the experiences of others in a non judgmental way The theological principle at work here is that if God speaks then everyone can benefit from it Mystical reflection takes this principle seriously and offers a method of application for integrating the spiritual insights into each person s spirituality
