An Autobiography of George Washington Edith Ellis, 2006-07-01 George Washington's Autobiography is a fascinating example of channeled literature adding a very human personality to the stiff figure of the portraits Here we encounter a three dimensional Washington with his loves fears philosophy and repeated encounters with the spirit world This is an unforgettable intimate view of the Father of our Country Steven Fanning Ph D the author of Mystics of the Christian Tradition Scribe Edith Ellis met the spirit of George Washington one evening in 1955 He contacted her from the Other Side to ask if she would serve as a channel so that he could dictate his autobiography for his fellow American Patriots believing that he had kept his personal feelings about his life far too private Edith agreed although she was nearly blind and in her mid 70s So began a most extraordinary partnership between Edith Ellis and the Founding Father of America The result is this remarkable book that

has taken more than 60 years to reach the public This book is a must read for everyone who feels the spirit of the Founding Fathers surrounding us again **A Soul's Guide to Abundance, Health and Happiness** Jody Howard,2006-05-01 A Soul's Guide to Abundance Health and Happiness is easy to read and hard to put down It is the first book to explain the spiritual mental emotional energetic and physical awareness necessary to create a life of superb health complete happiness and endless abundance Forty chapters with study guides motivational prayers poetry true life anecdotes and channeled information take readers on a fascinating journey of self exploration diagnosis healing and training Topics include finding your true self spiritual contracts cell memory meditation channeling positive thoughts intent affirmations dreams living in the moment loving self and others forgiveness gratitude working with energy chakras meridians how to give a healing using crystals essential oils herbs flower essences the acid alkaline diet exercise cell memory and past lives Abundance health and happiness is a reality for all people not a stroke of luck for just a few It is our God given right and you deserve it *The Law of Contracts* John Cassan Wait,1901 Summary of Caroline Myss's Sacred Contracts Everest Media,2022-08-19T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I am a teacher and I love it I feel connected to the nursing part of my father's directive because of the healing effects my work has had on many people My education has been in journalism and theology but my work in medical intuition simply happened 2 I began to see images that had no apparent connection to the person I was reading These images were helpful for every person and one day in 1991 everything fell into place for me I was listening to a conversation between two women and they had immediately shared a life pattern that was noticeable in their heightened response to each other 3 I began to work with the archetypes in my readings and I began to see how they functioned within my own psyche I learned that each of us has our own personal alignment of key archetypes 4 The archetypal patterns work together to support your personal development They can be particularly helpful in healing painful memories or redirecting your life or finding a way to express your untapped creative potential

optimal service and in the worst cases they are left vulnerable to potential legal repercussions and relational liabilities Creating Healing Relationships is the first book to seriously address the need for professional standards in the rapidly growing field of energy healing and to demonstrate how the ethic of human caring can be translated into professional standards for safe and successful energy therapy practice *A Voice of Reason* Sherry Petro-Surdel,2013-05-28 What you are about to read began in my heart and found its way to hand written words on 3 ring note book paper These thoughts that turn into the spoken word I call Reasonings The words were often spoken to a small group of seekers Churches often call them sermons or messages but I call them Reasonings in reference to a biblical passage in Isaiah 1 18 Come now and let us reason together saith the Lord This infers to me that it is a co creation experience I also appreciate the Rasta spiritual perspective that calls this co creation process Reasonings to understand or as Rastafarians say to overstand the ways of God
