## **Long Revolution:**

**The Long Revolution** Raymond Williams, 2001-03-02 Raymond Williams whose other works include *Keywords* *The Country and the City* *Culture and Society* and *Modern Tragedy* was one of the world's foremost cultural critics. Almost uniquely, his work bridged the divides between aesthetic and socio-economic inquiry, between Marxist thought and mainstream liberal thought, and between the modern and post-modern world. When *The Long Revolution* first appeared in 1961, much of the acclaim it received was based on its prescriptions for Britain in the 60s, which form a relatively brief final section of the whole. The body of the book has since come to be recognized as one of the foundation documents in the cultural analysis of English-speaking culture. The long revolution of the title is a cultural revolution which Williams sees as having unfolded alongside the democratic revolution and the industrial revolution. With this book, Williams led the way in recognizing the importance of the growth of the popular press, the growth of standard English, and the growth of the reading public in English-speaking culture and in Western culture as a whole. In addition, Williams's discussion of how culture is to be defined and analyzed has been of considerable importance in the development of cultural studies as an independent discipline. Originally published by Chatto Windus, *The Long Revolution* is now available only in this Broadview Encore Edition. [The Long Revolution](#)

Zelda Fichandler, 2024-03-12 Zelda Fichandler is one of the founding visionaries of the theatre movement in America. From the creation of Washington D.C.'s Arena Stage in 1950 with her husband Thomas through her later stewardship of the acting training programs at both at NYU and Julliard, Zelda spent over sixty years speaking, writing, and observing the rise and impact of the art of theatre in the U.S. She has relentlessly questioned the very field that she, as much as anyone, created. Her essays and speeches capture both the play of her own dazzling mind and the aspirations and contradictions of the theater she pioneered. This first-ever collection of Zelda Fichandler's writings is edited by Todd London, who was personally chosen by Zelda to complete this book before she died.

**Egypt's Long Revolution** Maha Abdelrahman, 2014-08-07 The millions of Egyptians who returned to the heart of Cairo and Egypt's other major cities for 18 days until the eventual toppling of the Mubarak regime were orderly, without an organisation, inspired without a leader, and single-minded without one guiding political ideology. This book examines the decade-long of protest movements which created the context for the January 2011 mass uprising. It tells the story of Egypt's long revolutionary process by exploring its genealogy in the decade before 25 January 2011 and tracing its development in the three years that have followed. The book analyses new forms of political mobilisation that arose in response to ever-increasing grievances against authoritarian politics, deteriorating living conditions for the majority of Egyptians as a consequence of neo-liberal policies, and the machinery of crony capitalism and an almost total abandoning by the state of its responsibilities to society at large. It argues that the increasing societal pressures from different quarters, such as labour groups, pro-democracy movements, and ordinary citizens during this period, culminated in an intensifying culture of protest and activism that was vital in the lead up to the

dramatic overthrow of Mubarak It also argues that the features of these new forms of activism and political mobilisation have contributed to shaping the political process since the downfall of Mubarak Based on research undertaken since 2002 Egypt's Long Revolution is an essential resource for scholars and researchers with an interest in social movements comparative politics and Middle East Politics in general
