## **Long Vistas Women And Families On Colorado Homesteads:**

*Long Vistas* Katherine Harris, 1993 *Long Vistas* describes an era before and after the turn of the century when women and families homesteaded the grasslands of northeastern Colorado With Congress's passage of the Homestead Act in 1862 women as well as men were entitled to claim 160 acres of the nation's hinterlands What the act's supporters had not anticipated however was the effect homesteading would have on women For the first time in a nation whose founders linked land with wealth and political power large numbers of women had access to landownership and to a taste of the empowerment that it could bring *Long Vistas* presents the stories of women who claimed land and of other women who helped earn patents on land claimed by their husbands and fathers Regardless of whose name appeared on a land claim homesteading required the cooperation of family and neighbors Women men and children worked prayed and played together Mingling freely homesteaders lowered barriers of age and gender undermining time honored hierarchies governing family and community life The presence of landowning women reinforced this easy sociability by demonstrating a fuller range of options for what women and girls could do and be Drawing on reminiscences and never before published oral histories personal papers and land records historian Katherine Harris takes a fresh sometimes controversial look at the impact of homesteading on gender roles and the distribution of economic power between women and men

sexual violence the subordinate status of women of color their perseverance and influence in changing that status a look at the gendered religious legacy that shaped Western Catholicism and women in the urban and rural industrial and agricultural West Principles of Water Resources Thomas V. Cech,2009-08-24 With all new and updated material the third edition

Friefeld,Rebecca S. Wingo,2017

Homesteading the Plains offers a bold new look at the history of homesteading overturning what for decades has been the orthodox scholarly view The authors begin by noting the striking disparity between the public s perception of homesteading as a cherished part of our national narrative and most scholars harshly negative and dismissive treatment Homesteading the Plains reexamines old data and draws from newly available digitized records to reassess the current interpretation s four principal tenets homesteading was a minor factor in farm formation with most Western farmers purchasing their land most homesteaders failed to prove up their claims the homesteading process was rife with corruption and fraud and homesteading caused Indian land dispossession Using data instead of anecdotes and focusing mainly on the nineteenth century Homesteading the Plainsdemonstrates that the first three tenets are wrong and the fourth only partially true In short the public s perception of homesteading is perhaps more accurate than the one scholars have constructed Homesteading the Plainsprovides the basis for an understanding of homesteading that is startlingly different from current scholarly orthodoxy

*Rachel Calof's Story* Rachel Calof, 1995-09-22 Calof's story has the electricity one occasionally finds in primary sources It is powerful shocking and primitive with the kind of appeal primary sources often attain without effort it is a strong addition to the literature of women's experience on the frontier Lillian Schlissel In 1894 eighteen year old Rachel Bella Kahn travelled from Russia to the United States for an arranged marriage to Abraham Calof an immigrant homesteader in North Dakota *Rachel Calof's Story* combines her memoir of a hard pioneering life on the prairie with scholarly essays that provide historical and cultural background and show her narrative to be both unique and a representative western tale Her narrative is riveting and candid laced with humor and irony The memoir written by Rachel Bella Calof in 1936 recounts aspects of her childhood and teenage years in a Jewish community shtetl in Russia but focuses largely on her life between 1894 and 1904 when she and her husband carved out a life as homesteaders She recalls her horror at the hardships of pioneer life especially the crowding of many family members into the 12 x 14 dirt floored shanties that were their first dwellings Of all the privations I knew as a homesteader says Calof the lack of privacy was the hardest to bear Money food and fuel were scarce and during bitter winters three Calof households Abraham and Rachel with their growing children along with his parents and a brother's family would pool resources and live together with livestock in one shanty Under harsh and primitive conditions Rachel Bella Calof bore and raised nine children The family withstood many dangers including hailstorms that hammered wheat to the ground and flooded their home droughts that reduced crops to dust blinding snowstorms of plains winters Through it all however Calof drew on a humor and resolve that is everywhere apparent in her narrative Always striving to improve her living conditions she made lamps from dried mud scraps of rag and butter plastered the cracked wood walls of her home with clay supplemented meagre supplies with prairie forage wild mushrooms and garlic for a special supper dry grass for a hot fire to bake bread Never sentimental Calof's memoir is a vital historical and personal record J Sanford Rikoon elaborates on the history of Jewish settlement in the rural heartland and the great tide of immigration from the Russian Pale of Settlement and Eastern Europe from 1880 1910 Elizabeth Jameson examines how Calof writes from the interior spaces of private life and from that vantage point

reconfigures more familiar versions of the American West Jameson also discusses how the Calofs adapted Jewish practices to the new contingencies of North Dakota maintaining customs that represented the core of their Jewish identity reconstructing their Jewishness in new circumstances
