The State against Society Grzegorz

Ekiert,1996-09-30 Classical images of state socialism developed in contemporary social sciences were founded on simple presuppositions State socialist regimes were considered to be politically stable due to their pervasive institutional and ideological control over the everyday lives of their citizens impervious to reform and change and representative of extreme political and economic dependency Despite their contrasting historical experiences they have been treated as basically identical in their institutional design social and economic structures and policies Grzegorz Ekiert challenges this notion in a comparative analysis of the major political crises in post 1945 East Central Europe Hungary 1956 63 Czechoslovakia 1968 76 and Poland 1980 89 The author maintains that the nature and consequences of these crises can better explain the distinctive experiences of East Central European countries under communist rule than can the formal characteristics of their political and economic systems or their politically dependent status He explores how political crises reshaped party state institutions redefined relations between party and state institutions altered the relationship between the state and various groups and organizations within society and modified the political practices of these regimes He shows how these events transformed

cultural categories produced collective memories and imposed long lasting constraints on mass political behavior and the policy choices of ruling elites These crises shaped the political evolution of the region produced important cross national differences among state socialist regimes and contributed to the distinctive patterns of their collapse Resources in Education ,1997-10 Global View on the World Economy Horst Siebert,2007-06-11 This book utilizes up to date empirical evidence to illuminate the mechanics of the world as a single entity The author explores the properties of the world economy the diverse mechanisms of interdependence shocks and disturbances economic processes and structures and the institutional arrangements that guide these processes **Earth System Monitor** ,2009 *Low-income Housing Tax Credits and the Role of Tax Policy in Preserving the Stock of Low-income Housing* United States.
