Who's Talking Michael A. Tueller, 2008 Look Who's Talking examines the methods by which the ancient reader identified the speaker and addressee of epigram and how these methods were manipulated by hellenistic epigrammatists Conventions in place from epigram's inscribed heritage were used at first to maintain the conceit of inscription but later formed the basis for mixing of epigrammatic subgenres or even in the case of Asclepiades the creation of erotic epigram Among the most significant hellenistic innovations are the development of a passerby motif and the evolution of epigram's tendency to address its inherent writtenness The book also traces the development of the ancient habit of equating an artistic image with the thing or being it represented Nossis later joined by Theocritus and Callimachus developed a stance from which they could critique this subtle equation This book thinks of hellenistic epigram the way its authors did from the background of inscription and consequently discovers many of the places where hellenistic epigrammatists hoped to make their mark

Congress,1977 **A Widow's Curse** Phillip DePoy,2007-07-10 Fever Devlin a folklorist by inclination and training was born and raised amongst the hill country folk of the Georgia Appalachians and it was there that he returned once he decided to leave academia And he s the perfect person to turn to when the owner of a mysterious medallion one with some connection to the area wants to uncover the provenance of the piece On the surface it sounds simple enough but in Fever s life nothing is ever simple Especially when the medallion s owner is found dead murdered in Fever s own house and the papers of Fever s late grandfather of no intrinsic value are stolen And Fever himself in the prime suspect in the murder The only clue to the truth behind these confusing events is the medallion itself which is somehow tied to Fever s secretive family s history With someone trying to frame him for the murder and other hidden forces hot on the trail of the medallion itself Fever is wedged tightly between the proverbial rock and equally proverbial hard place And the only possible way out is buried within the uncomfortable hidden truths about his own family that Fever has spent years trying to avoid **Catalog of Copyright**
