Higher Learning for Higher Activities R L Bishop, 2019-12-19 Higher Learning for Higher Activities is the story of a young man who joins the military and shortly after loses his father His life is changed forever from this sudden loss of the greater stability his father gave him and his military career and his marriage go down in flames Coping with life becomes more and more difficult His only solace is the freedom the road gives him and hitchhiking becomes a way of life and a search to find anything to fill the emotional vacancy in his soul One day through a series of unbelievable coincidences he finds something that holds his attention and begins a four decades long journey that eventually leads to an unveiling he never could have imagined Only in retrospect can he see the steps that brought him to a place in his life he didn't have a clue he was headed toward And when he arrived he found the difficulty in his acceptance was his own intellect His learning had been as his teacher stressed step by step and so much had to be left behind to make way for the new There were many times he thought he was a slacker but he never gave up His love of the search and his perseverance finally pay off and he learns the truth of the Law of Laws

Exploring Corpora for ESP Learning Laura Gavioli, 2005-12-21 This book investigates the effects of corpus work on the process of foreign language learning in ESP settings It suggests that observing learners at work with corpus data can stimulate discussion and re thinking of the pedagogical implications of both the theoretical and empirical aspects of corpus linguistics The ideas presented here are developed from the Data Driven Learning approach introduced by Tim Johns in the early nineties The experience of watching students perform corpus analysis provides the basis for the two main observations in the book a corpus work provides students with a useful source of information about ESP language features b the process of search and discovery implied in the method of corpus analysis may facilitate language learning and promote autonomy in learning language use The discussion is carried out on the basis of a series of corpus based explorations by students and provides suggestions for developing new tasks and tools for language learners
