**Sex on Stage** Andrew Wyllie, 2009-03-01 In the years just after World War II theater provided an important critique of British society's engagement with gender and sexual politics. Sex on Stage examines how British playwrights, actors, and directors brought women's sexuality and gay and lesbian issues to the cutting edge of drama after World War II. Through a close reading of playwrights such as John Osborne, Harold Pinter, and Terence Rattigan alongside accounts of their sociopolitical context and public reception, Andrew Wyllie reveals that this more progressive age was also one of reactionary statements and industry-wide anxiety.

**Overcoming Anger and Irritability, 1st Edition** William Davies, 2009-11-05 A Books on Prescription Title. Take control of your anger and improve your quality of life. **John Osborne** Patricia D. Denison, 2012-12-06 For British playwright John Osborne, there are no brave causes, only people who muddle through life who hurt and are often hurt in return. This study deals with Osborne's complete oeuvre and critically examines its form and technique, the function of the gaze, its construction of gender, and the relationship between Osborne's life and work. Gilman has also traced the evolution of Osborne's reception by turning to critical reviews at the beginning of each chapter.

**Cold War Culture** Jim Smyth, 2016-04-04 Britain in the 1950s had a distinctive political and intellectual climate. It was the age of Keynesianism, of welfare state consensus, incipient consumerism, and to its detractors, the so-called Angry Young Men and the emergent New Left, a new age of complacency. While Prime Minister Harold Macmillan famously remarked that most of our people have never had it so good, the playwright John Osborne lamented that there aren't any good brave causes left. Philosophers, political scientists, economists, and historians embraced the supposed end of ideology and fetishized value-free technique and analysis. This turn is best understood in the context of the cultural Cold War in which ideology served as shorthand for Marxist, but it also drew on the rich resources and traditions of English empiricism and a Burkean scepticism about abstract theory in general. Ironically, cultural critics and historians such as Raymond Williams and E. P. Thompson showed at this time that the thick catalogue of English moral, aesthetic, and social critique could also be put to altogether different purposes. Jim Smyth here shows that

The First New Left in Britain, 1956-1962 David Richard Holden, 1976 The Making of Theatrical Reputations Yael Zarhy-Levo, 2008-04-21. Today's successful plays and playwrights achieve their prominence not simply because of their intrinsic merit but because of the work of mediators who influence the whole trajectory of a playwright's or a theatre company's career. Critics and academic writers are primarily considered the makers of reputations, but funding organizations and various media agents as well as artistic directors, producers, and directors also pursue separate agendas in shaping the reputations of theatrical works. In *The Making of Theatrical Reputations*, Yael Zarhy-Levo demonstrates the processes through which these mediatory practices by key authority figures situate theatrical companies and playwrights within cultural and historical memory. To reveal how these authorizing powers that promote theatrical events, companies, and playwrights, Zarhy-Levo presents four detailed case studies that reflect various angles of the modern London theatre. In the case of the English Stage Company's production of John Osborne's *Look Back in Anger*, she centers on a specific event. She then focuses on the trajectory of a single company, the Theatre Workshop, particularly through its first decade at the Theatre Royal Stratford East, London. Next, she explores the career of the dramatist John Arden, especially its first ten years, in part drawing upon an interview with Arden and his wife, actress and playwright Margaretta D'Arcy, before turning to her fourth study, the playwright Harold Pinter's shifting reputation throughout the different phases of his career. Zarhy-Levo's accounts of these theatrical events, companies, and playwrights through the prism of mediation bring fresh insights to these landmark productions and their creators.
