trauma in a redemptive key quite unlike Chinese scar literature or the testimonials of exile Tibetans With special attention to Tare Lhamo's role as a tantric heroine and her hagiographic fusion with Namtrul Rinpoche Gayley vividly shows how Buddhist masters have adapted Tibetan literary genres to share private intimacies and address contemporary social concerns

Kāma's Flowers Valerie Ritter,2011-09-01 Kama's Flowers documents the transformation of Hindi poetry during the crucial period of 1885-1925 As Hindi was becoming a national language and Indian nationalism was emerging Hindi authors articulated a North Indian version of modernity by reenvisioning nature While their writing has previously been seen as an imitation of European Romanticism Valerie Ritter shows its unique and particular function in North India Description of the natural world recalled traditional poetics particularly erotic and devotional poetics but was now used to address sociopolitical concerns as authors created literature to advocate for a national character and to address a growing audience of female readers Examining Hindi classics translations from English poetry literary criticism and little known popular works Ritter combines translations with fresh literary analysis to show the pivotal role of nature in how modernity was understood Bringing a new body of literature to English language readers Kama's Flowers also reveals the origins of an influential visual culture that resonates today in Bollywood cinema

Sex and Power Rita Banerji,2008-11-14 Sex underlies human existence and if human life is sacred how can sex not be As squeamish as India is today about sex this is also the land where queens once copulated with head horses at religious ceremonies where the art of love making was declared the revelation of the gods and recorded in elaborate detail in the kama sutras and prostitution was a form of sacred offering at temples adorned with erotic sculptures Using India as a paradigm Rita Banerji illustrates that sexual morality is not an absolute but a facet of living that undergoes periodic upheavals She delineates four major periods in Indian history when there were significant shifts in the collective social perception of sex and sexuality and the associated customs and beliefs What causes this revision in sexual ethos To explain this Sex and Power proposes a modified version of Nietzsche's slave versus master morality theory The theory which is tested against the dynamics of each of the four defined periods establishes that the moral overview of any given period is determined not by a set of pre-existing ethics but by the existent power structure of the period in question The accepted moral code actually serves the party in power How would this theory play out in the context of India today Banerji examines this question at length as one of extreme urgency and concludes that the three most burning issues facing the country today population explosion AIDS and female genocide are the

manifestations of a collective sexual malfunctioning of society and need to be redressed in the context of an existent social and economic power hierarchy
