minds fly away with so many worries anxieties frustrated desires and dreams and little do we realize is just a decision a mental attitude we want the world to be miserable and in line with our mental state many just become absent their mind is always somewhere distance a reaction to a frustrated desire or our rejection to the present reality but in this equation there is a factor that plays a major role in everything we do our spirit this spirit will always be hungry and whatever we feed it will have serious consequences in our entire existence present and distance I apologize for using my personal life as an example in many situations is not to be vain but to help others learn from my mistakes This book is a little of my personal experience my small token I m not a professional nor a religious expert but my personal view from the perspective of a simple man I have changed many things in my life I m always working on some others I still need to change every day but now I m aware of this fierce battle within I take one day at a time there are some days I lose this battle but I don t allow this defeats to take over my life I get up the next day with a will to fight to be better and not just for me anymore but for my creator for my family and because this world needs so much change and since we can t change the world if we individually change we will create a chain reaction if we change others will change too our love ones might get the very best version of you and when we feed the spirit properly we will never feel lonely anymore as with many self help spiritual books take only the things that might help you even if you only find something small a little knowledge may go a long way my mother always told me even from the ignorant you can learn something and in this case the ignorant is me take this humble message from my mother and perhaps here you might find something to set you truly free this book is spiritual but even if you disagree with some things disregard them and continue I don t want to change your mind I want to change your heart open your heart among the pages here you might find be the answer you were looking for you might find a word to gain strength and a word to stand firm through the hurricanes and tornados of life you might find some things I mention more than once but I truly believe they are important nothing is new just a reminder that I wish you will never forget
