**God in History; Or, The Progress of Man's Faith in the Moral Order of the World** Christian Carl Josias von Baron Bunsen, 1868    **Electrical West** ,1907    *Asbestos* ,1918    **The Thoughts of Blaise Pascal** Blaise Pascal, 2020-01-09

In *The Thoughts of Blaise Pascal* readers delve into a profound exploration of philosophical reflection and theological inquiry. Composed as a series of fragments and reflections, Pascal's work showcases a blend of rigorous logic and emotive prose characterized by his unique style that oscillates between mathematical precision and lyrical depth. Written during the 17th century, a time marked by significant tensions between faith and reason, this compilation captures the essence of Pascal's struggle to reconcile scientific inquiry with spiritual belief, thereby positioning it within the broader context of early modern philosophy. Blaise Pascal, a mathematician, physicist, and theologian, is renowned for his groundbreaking contributions to mathematics, particularly in probability theory and fluid mechanics. His personal journey through faith, influenced by a mystical experience at the age of 31, catalyzed a shift toward theological reflection. This transformative experience informed his critical view of rationalism and his emphasis on the necessity of grace, which resonates throughout *The Thoughts*. Highly recommended for scholars, theologians, and anyone intrigued by the intersection of faith and intellectual pursuit, this work serves as a pivotal reflection on human existence and the divine. Pascal deftly invites readers to contemplate the complexities of belief, drawing them into a dialogue that remains relevant and thought-provoking to this day.

[Studies in the Atonement](#) Robert A. Morey, 1989. With the second book of *Life Drawings*, the focus turns to the events, those small blessings that God provides for us each day. In a series that is quite unique to the market, the artist evokes all of the human senses through his skill of combining descriptive art with heartwarming story. Perfect for any special occasion with appeal to both male and female audiences.

*John Verse by Verse* Grant R. Osborne, 2018-05-02. John is at once the most complex and the easiest to understand of all the Gospels. If we want a young seeker or new believer to read something that is both clear and filled with the gospel and good basic theology, we give them the Gospel of John. And if we want to study an incredibly deep theological masterpiece that stretches the brightest mind, we open the Gospel of John. It is the most evangelistic account of Jesus' life and ministry, and it also gives the mature Christian deep theological truths to chew on. In *John Verse by Verse*, respected New Testament scholar Grant R. Osborne invites the reader to become caught up in the dramatic masterpiece of the Fourth Gospel. He writes, "If I were teaching a course in college or seminary on creative writing, John's Gospel would be set alongside Shakespeare as models of brilliant characterization and plot." It is perhaps Osborne's

favorite book of the Bible and enthusiasm for it shines on every page The Osborne New Testament Commentaries by respected professor and author Grant R Osborne are for people seeking a straightforward explanation of the text in its context avoiding either oversimplification or technical complexity Osborne brings out the riches of the New Testament making each book accessible for pastors and all who consider themselves students of Scripture
