New Mana Matt Tomlinson, Ty P. K?wika Tengan, 2016-04-13 Mana a term denoting spiritual power is found in many Pacific Islands languages In recent decades the term has been taken up in New Age movements and online fantasy gaming In this book 16 contributors examine mana through ethnographic linguistic and historical lenses to understand its transformations in past and present The authors consider a range of contexts including Indigenous sovereignty movements Christian missions and Bible translations the commodification of cultural heritage and the dynamics of diaspora Their investigations move across diverse island groups Papua New Guinea Solomon Islands Vanuatu Fiji Tonga Samoa Hawai i and French Polynesia and into Australia North America and even cyberspace A key insight that the volume develops is that mana can be analysed most productively by paying close attention to its ethical and aesthetic dimensions Since the late nineteenth century mana has been an object of intense scholarly interest Writers in many fields including anthropology linguistics history religion philosophy and missiology have long debated how the term should best be understood The authors in this volume review mana s complex intellectual history but also describe the remarkable transformations going on in the present day as scholars activists church leaders artists and entrepreneurs take up mana in new ways *The Magdalene Awakening* L. Shannon Andersen, 2006 This book is the result of a deep and profound quest for origins meaning and healing written at a time when the human condition appears more fractured from within than at any other time in history In writing *The Magdalene Awakening* Shannon Anderson has successfully journeyed to that sacred space and has lifted the veil for her readers revealing the atrium of immortality and enticing them to come and join her on her high mission The smooth narrative style of the book weaves together a magical journey through the author s quest for the true Magdalene energy the origins of the Cathars the Gematria that holds the sacred key and in the end a call for transformation This story is a page turner written by someone who knows and who allows her readers the rare opportunity to discover these mysteries for themselves but with the benefit of her company and wisdom to help them on their path Maria Magdalena Colavito Ph D author of *The Pythagorean Intertext in Ovid s Metamorphoses The New Theogony Mythology for the Real World* [Mana Cards](#) Catherine Kalama Becker, Doya Nardin, 1998-01-01 [Fundamentals of Hawaiian Mysticism](#) Charlotte Berney, 2012-09-05 Huna is ancient and at the same time magnificently modern The mystical practice of Kahuna evolved in isolation on the island paradise of Hawaii The ancient Hawaiians valued words prayer their gods the sacred the breath a loving spirit family ties the elements of nature and mana the vital life force ideas profound yet elegantly simple Discovering the concepts of Huna is like finding gemstones in a mountain a joyous journey **Forthcoming Books** Rose Arny, 1998-04 **The Etude Music Magazine** , 1928 **Hawaiian Mana Card Deck** Catherine Becker, Beautifully illustrated these cards take the reader on a journey through Hawaiian symbols images and wisdom to a place where anyone anywhere on any path may find rejuvenation and new perspective These cards interweave Hawaiian images with interpretations designed to expand consciousness and
