Managerial Dilemmas And Executive Growth:

Managerial Dilemmas and Executive Growth Frank V. Manning, 1981-01-01 Morality mental health and executive success The ambiguities of moral judgment An ethic of motivation is self actualization enough Behaviorism vs ego psychology Values the vital core of psychological growth The ontological foundations of ethical management **Personnel Literature** United States. Office of Personnel Management. Library, 1992 *Citation Classics from the Journal of Business Ethics* Alex C. Michalos, Deborah C Poff, 2012-08-01 The Journal of Business Ethics was founded by Alex C Michalos and Deborah C Poff and published its first issue in March 1982 It is the most frequently cited business ethics journal in the world The Journal has always offered a multi disciplinary and international public forum for the discussion of issues concerning the interaction of successful business and moral virtue Its authors and readers are primarily scholars and students in social sciences and philosophy with special interests in the interaction of these disciplines with business or corporate responsibility Since the field of business ethics grew simultaneously with the growth of the Journal a collection of its most cited articles is tantamount to a collection of the articles that had the greatest influence in defining the field over its first 30 years of development In this anniversary volume an overview of citation classics from the Journal is presented the 33 most frequently cited articles are reproduced and brief reflections on the impact of the Journal on the field are given from over 100 scholars who authored citation classics and or distinguished papers as well as those who served on the Editorial Board and or are recognized as leaders in the field **Seven Management Moralities** T. Klikaauer, 2012-09-18 For the first time Seven Management Moralities delivers a comprehensive overview of all forms of moral and immoral behaviour displayed by management Utilising Kohlberg s ascending scale of seven moralities the book includes the ethics of Aristotle Kant Utilitarianism Bauman Habermas and Singer **Seminars of the Management Development Centers, Fiscal Year 1999** Management Sciences Training Institute (U.S.), 1998 **Gower Handbook of Leadership and Management Development** Richard Thorpe, 2016-04-22 On few occasions in the history of modern management have leadership skills been in such sharp focus as they are now The ability to direct often very large and diverse organizations to make sense of the complex and turbulent markets and environments in which you operate and to adapt and learn seems at an all time premium The premise behind the fifth edition of this influential Handbook is that leadership management and organizational development are all parts of the same process enhancing the capacity of organizations whatever their size and the people within them to achieve their purpose To this end the editors have brought together a who s who of current writers on leadership and development and created the definitive single volume guide to the subject The perspectives that the text provides to leadership learning and development embrace the formal and the informal cultures and case examples from organizations of all kinds and offers readers a rigorous readable and where appropriate ground breaking book In the 14 years since the fourth edition of this classic book very much has changed But the need for this Handbook is as strong as ever and the Fifth Edition of Gower

Handbook of Leadership and Management Development is set to become a definitive read for senior managers and those who develop them and an essential reader for the management students aspiring to become the next generation of leaders

Ethics in Public Administration Patrick J. Sheeran, 1993-04-30 Ethics in Public Administration provides public administrators with a theoretical knowledge of ethical principles and a practical framework for applying them Sheeran reviews the place of ethics in philosophy links it to political and administrative theory and practice and analyzes the ethical theories and concepts from which ethical principles are derived Before delving into ethics as part of philosophy Sheeran provides the reader with a brief overview of philosophy and its principal subjects including ontology epistemology and psychology He offers several definitions of ethics and discusses both the objectivist absolutist and interpretivist situation ethics perspectives Sheeran focuses on the subject matter of ethics human actions and their morality exploring Natural Law man made law and conscience as sources for determining the morality of human action In later chapters he applies his discussion of ethics to such controversial policy issues as suicide murder abortion sterilization capital punishment war lying and strikes Recommended for graduate and upper division undergraduate courses in public administration public policy management and administrative behavior

From the Universities to the Marketplace: The Business Ethics Journey Marilyn Fleckenstein, Mary Maury, Laura Pincus, Pat Primeaux, 2012-12-06 From the Universities to the Marketplace The Business Ethics Journey arose from the awareness of the slow progression of academic theory into market practice The contributions in this volume reflect a diversity of disciplines and approaches to research study and teaching business ethics such as philosophy accounting theology marketing management and finance The contributors represent a wide variety of professional and geographical backgrounds creating a fruitful discussion of a large number of issues related to implementation and measurement of business ethics and feedback from all parties involved

The Future of Executive Development Mihnea C. Moldoveanu, Das Narayandas, 2021-11-30 Executive development programs have entered a period of rapid transformation driven by digital disruption and a widening gap between the skills that participants and their organizations demand and those provided by their executive programs This work delves into the objective functions of the executive development space analyzes the demand characteristics of the learners and the organizations that pay for the programs and the ways in which business schools and other providers deliver or not on the promises they make regarding skill development and the continued value of learning to the organization They show how a trio of disruptive forces disintermediation disaggregation and decoupling which have figured prominently in industries disrupted by digitalization are reshaping the structure of demand for executive development The authors look at the future of executive development in the era of self refining algorithms aka machine learning and wearable sensors and computers and offer a compass for making the

right choice for CEOs and CLOs who are guiding executive program design Ultimately they offer a guide for to optimize the learning production function for both skill acquisition and skill transfer the two charges that the new skills economy has laid out for any educational enterprise

Misbehavior in Organizations Yoav Vardi,Ely Weitz,2016-04-20 This revised edition of Misbehavior in Organizations updates and expands upon the integrative OMB organizational misbehavior framework pioneered by the authors Streamlined for improved readability it covers key topics that have emerged in the scholarly literature in the past decade including insidious workplace behavior bullying and harassment in the workplace information hiding cyberbullying and organizational spirituality A thorough and up to date resource on this crucial and evolving topic in organizational studies this book provides insights on misbehavior at the individual position group and organizational levels
