Mesa Beneath The Shadows Of The Supersti:

Mesa Tray C. Mead, Robert C. Price, 1988 **Desert Visions and the Making of Phoenix, 1860-2009** Philip VanderMeer, 2010-12-16 Whether touted for its burgeoning economy affordable housing and pleasant living style or criticized for being less like a city than a sprawling suburb Phoenix by all environmental logic should not exist Yet despite its extremely hot and dry climate and its remoteness Phoenix has grown into a massive metropolitan area This exhaustive study examines the history of how Phoenix came into being and how it has sustained itself from its origins in the 1860s to its present status as the nation s fifth largest city From the beginning Phoenix sought to grow and although growth has remained central to the city s history its importance meaning and value have changed substantially over the years The initial vision of Phoenix as an American Eden gave way to the Cold War Era vision of a High Tech Suburbia which in turn gave way to rising concerns in the late twentieth century about the environmental social and political costs of growth To understand how such unusual growth occurred in such an improbable location Philip VanderMeer explores five major themes the natural environment urban infrastructure economic development social and cultural values and public leadership Through investigating Phoenix s struggle to become a major American metropolis his study also offers a unique view of what it means to be a desert city

The Summoning Bentley Little, 2001-04-01 Darkness is descending on the small town of Rio Verde Arizona An evil older than time is rising from the desert waiting for night to fall and a reign of terror to begin Brad Woods had performed a lot of autopsies but never one like this The body was purged of all blood And something told Brad this was only the beginning of a nightmare Fear made Sue Wing run from the darkened school that night fear she could only name in the Cantonese of her grandmother Cup hu girngsi corsope who drinks blood Vampires The Devil incarnate stalking the streets of Rio Verde Small town reporters like Rich Carter didn t believe in such things But he would come to believe with a faith borne of horror after horror *Who's who in the West* ,2004 *Indian School Journal* ,1907 **Copper State Journal** ,1999 **News-letter** ,1999 Studies in Arizona History Julie A. creative destruction In the late twentieth century Americans began to inhabit a perpetual state of ruins made visible by photographs of decaying inner cities derelict factories and malls and the waste lands of the mining industry This interdisciplinary work focuses on how visual media have transformed disaster and decay into spectacles that compel our moral attention even as they balance horror and beauty Looking to the future Orvell considers the visual portrayal of climate ruins as we face the political and ethical responsibilities of our changing world A wide ranging work by an acclaimed urban cultural and photography scholar *Empire of Ruins* offers a provocative and lavishly illustrated look at the American past present and future
