*Choosing Work
and Family Without
Guilt or Blame*

"Splendid. . . Chira makes an eloquent, well-documented case that motherhood does not require martyrdom and self-obliteration; that motherhood and outside work are not only compatible but also beneficial to mothers and children." —*New York Times Book Review*

Mothers Place Choosing Work And Family Without Guilt Or Blame:

Civil Rights Journal ,1995 Mother's Milk Bernice L. Hausman,2014-02-04 Mother's Milk examines why nursing a baby is an ideologically charged experience in contemporary culture Drawing upon medical studies feminist scholarship anthropological literature and an intimate knowledge of breastfeeding itself Bernice Hausman demonstrates what is at stake in mothers infant feeding choices economically socially and in terms of women's rights Breastfeeding controversies she argues reveal social tensions around the meaning of women's bodies the authority of science and the value of maternity in American culture A provocative and multi faceted work Mother's Milk will be of interest to anyone concerned with the politics of women's embodiment The Two-Income Trap Suzanne Venker,2017-06-06 Dispelling our most cherished myths about work family balance Suzanne Venker argues in The Two Income Trap that women who want to get married and have children will find their home lives less chaotic and far more satisfying by making motherhood not career their primary focus The premise of The Two Income Trap Why Parents Are Choosing to Stay Home is that childrearing is no longer recognized for the enormous undertaking it is Having it all is an impossible goal for anyone male or female The needs of children don't allow two married parents the freedom to dedicate themselves fully to something else That isn't a bad thing says Venker It's a good thing It's time to shift our paradigm There is value in pursuing both work and family but prioritizing family over career and being realistic with one's goals is the only way women can be successful at both The Two Income Trap does two things helps elevate the status of parents at home and helps mothers who want to be employed create a life that works Without the stress Without the guilt Without regret *Encyclopedia of Motherhood* Andrea O'Reilly,2010-04-06 In the last decade the topic of motherhood has emerged as a distinct and established field of scholarly inquiry A cursory review of motherhood research reveals that hundreds of scholarly articles have been published on almost every motherhood theme imaginable The Encyclopedia of Motherhood is a collection of approximately 700 articles in a three volume A to Z set exploring major topics related to motherhood from geographical historical and cultural entries to anthropological and psychological contributions In human society few institutions are as important as motherhood and this unique encyclopedia captures the interdisciplinary foundation of the subject in one convenient reference The Encyclopedia is a comprehensive resource designed to provide an understanding of the complexities of motherhood for academic and public libraries and is written by academics and institutional experts in the social and behavioural sciences *Balancing Family and Work* Toni Schindler Zimmerman,2001 Offers therapists ideas for helping clients and themselves balance family life and work Explores both theoretical and immediately applicable ideas for helping clients achieve and improved balance between work life and family life Examines a national study of dual earner couples caring for children and aging parents and the behavioral accommodations they make at home assesses the impact of relocation on family work life brings diversity issues to the forefront assesses the impact of dominant metaphors about personhood and family **EBOOK: Hard Labour: The**

Sociology of Parenthood Caroline Gatrell, 2004-12-16 This innovative book examines changes in family practices and paid work in the 21st century Focusing on highly qualified mothers who combine childcare with employment it makes a valuable contribution to current debates It also takes into account the views of fathers making it a rounded study of family practice in the new millennium Hard Labour puts forward some new and thought provoking arguments about both mothers and fathers commitments to parenting and paid work The first part of the book provides an up to date comprehensive and readable overview of the literature on motherhood fatherhood family practices and women in employment The second part draws on a qualitative study of the lives of twenty mothers and their husbands or partners each of whom is educated to degree level or above and has at least one child under five This study considers key aspects of the family lives of the men and women interviewed including How they manage their commitments to one another their children and their professional work Sharing out family tasks such as childcare and housework At each stage the empirical research is placed in the context of the literature referenced in the first part and of the wider debate on career and motherhood Hard Labour is essential reading for students and academics in sociology family policy family studies women s or gender studies and the sociology of management employment

Shadow Mothers Cameron Lynne Macdonald, 2011-02-09 Shadow Mothers shines new light on an aspect of contemporary motherhood often hidden from view the need for paid childcare by women returning to the workforce and the complex bonds mothers forge with the shadow mothers they hire Cameron Lynne Macdonald illuminates both sides of an unequal and complicated relationship Based on in depth interviews with professional women and childcare providers immigrant and American born nannies as well as European au pairs Shadow Mothers locates the roots of individual skirmishes between mothers and their childcare providers in broader cultural and social tensions Macdonald argues that these conflicts arise from unrealistic ideals about mothering and inflexible career paths and work schedules as well as from the devaluation of paid care work

EBOOK: Embodying Women's Work Caroline Gatrell, 2008-09-16 What is the relationship between women s reproductive bodies and women s productive work How does women s potential for maternity affect women s workplace opportunity How far can women choose and maintain their own embodied boundaries in relation to work and working practices This fascinating and topical book evaluates the growing debate on gender women s bodies and work Through the lens of the body and from a feminist perspective Gatrell considers women s work from two angles the first conceptualizing the labour of maternity as women s work the second exploring the dynamics between women s bodies and employment The author suggests that maternity constitutes women s work with some women expected to produce children while others are criticised for giving birth She calls for the re conceptualization of pregnancy birth and breastfeeding as forms of labour asserting that mothers are required to perform particular forms of body work in order to comply with ideals of good mothering and norms of the workplace The book observes that these are conflicting requirements which place irreconcilable demands on women and constrain women s choice At the heart of *Embodying Women's Work* is the idea that

women's bodies are central to gendered power relations and remain a negotiated site of power between men and women within late modern society The book considers women's bodies in the context of different forms of paid work discussing how far women remain at an economic disadvantage in comparison with male workers Embodying Women's Work is of key interest for students and academics of sociology social welfare and women's studies

7 Myths of Working Mothers Suzanne Venker, 2004 Dispelling our most cherished myths about working mothers Suzanne Venker argues that women can never be successful in the workplace and at home simultaneously Women can achieve the balance they so desperately seek only by planning their careers around motherhood rather than planning motherhood around their careers

The Feminine Mistake Leslie Bennetts, 2025-05-01 Women are constantly being told that it's simply too difficult to balance work and family so if they don't really have to work it's better for their families if they stay home Not only is this untrue Leslie Bennetts says but the arguments in favor of stay at home motherhood fail to consider the surprising benefits of work and the unexpected toll of giving it up It's time she says to get the message across combining work and family really is the best choice for most women and it's eminently doable Bennetts and millions of other working women provide ample proof that there are many different ways to have kids maintain a challenging career and have a richly rewarding life as a result Earning money and being successful not only make women feel great but when women sacrifice their financial autonomy by quitting their jobs they become vulnerable to divorce as well as the potential illness death or unemployment of their breadwinner husbands Further they forfeit the intellectual emotional psychological and even medical benefits of self sufficiency The truth is that when women gamble on dependancy most eventually end up on the wrong side of the odds In riveting interviews with women from a wide range of backgrounds Bennetts tells their dramatic stories some triumphant others heartbreaking The Feminine Mistake will inspire women to accept the challenge of figuring out who they are and what they want to do with their lives in addition to raising children Not since Betty Friedan has anyone offered such an eye opening and persuasive argument for why women can and should embrace the joyously complex lives they deserve

The Mom Book Stacy M. DeBroff, 2002-02-05 With lists tips rules and defining principles for everything from planning a family vacation to surviving picky eaters or a rainy day The Mom Book is peppered with real world stories from the contributing mothers

Off-Ramps and On-Ramps Sylvia Ann Hewlett, 2007-05-15 With talent shortages looming over the next decade what can companies do to attract and retain the large number of professional women who are forced off the career highway By documenting the successful efforts of a group of cutting edge global companies to retain talented women and reintegrate them if they've already left Off Ramps and On Ramps answers this critical question Working closely with companies such as Ernst Young Goldman Sachs Time Warner General Electric and others author Sylvia Ann Hewlett identifies what works and why Based on firsthand experience with these companies along with extensive data that provides the most comprehensive and nuanced portrait of women's career paths this book documents the actions forward thinking companies must take to reverse the

female brain drain and ensure their access to talent over the long term

Gender Equality Janet C. Gornick, Marcia K. Meyers, 2020-05-05 In the labor market and workplace anti discrimination rules affirmative action policies and pay equity procedures exercise a direct effect on gender relations But what can be done to influence the ways that men and women allocate tasks and responsibilities at home In Gender Equality Volume VI in the Real Utopias series social scientists Janet C Gornick and Marcia K Meyers propose a set of policies paid family leave provisions working time regulations and early childhood education and care designed to foster more egalitarian family divisions of labor by strengthening men s ties at home and women s attachment to paid work Their policy proposal is followed by a series of commentaries both critical and supportive from a group of distinguished scholars and a concluding essay in which Gornick and Meyers respond to a debate that is a timely and valuable contribution to egalitarian politics

Pixar's Boy Stories Shannon R. Wooden, Ken Gillam, 2014-03-27 Since Toy Story its first feature in 1995 Pixar Animation Studios has produced a string of commercial and critical successes including Monsters Inc WALL E Finding Nemo The Incredibles Cars and Up In nearly all of these films male characters are prominently featured usually as protagonists Despite obvious surface differences these figures often follow similar narratives toward domestic fulfillment and civic engagement However these characters are also

hypermasculine types whose paths lead to postmodern social roles more revelatory of the current crisis that sociologists and others have noted in boy culture In Pixar's Boy Stories Masculinity in a Postmodern Age Shannon R Wooden and Ken Gillam examine how boys become men and how men measure up in films produced by the animation giant Offering counterintuitive readings of boy culture this book describes how the films quietly but forcefully reiterate traditional masculine norms in terms of what they praise and what they condemn Whether toys or ants monsters or cars Pixar's males succeed or fail according to the boy code the relentlessly policed gender standards rampant in American boyhood Structured thematically around major issues in contemporary boy culture the book discusses conformity hypermasculinity social hierarchies disability bullying and an implicit critique of postmodern parenting Unprecedented in its focus on Pixar and boys in its films this book offers a valuable perspective to current conversations about gender and cinema Providing a critical discourse about masculine roles in animated features Pixar's Boy Stories will be of interest to scholars of film media and gender studies and to parents

Catfight Leora Tanenbaum, 2011-01-04 Catfight Women and Competition is Leora Tanenbaum's dissection of the gender war waged among women Tanenbaum meticulously analyzes the roots of destructive competitiveness among women asserting that catfights thrive because despite women's many gains American women are conditioned to regard each other as adversaries rather than allies She investigates the arenas from diets to dating from the boardroom to the delivery room in which American women are apt to compare their lives with the lives of others in a tacit contest over who is the better woman a contest in which no one wins Throughout Catfight Leora Tanenbaum puts her own life experiences under the lens of scrutiny As a writer a friend a mother a wife and a daughter she analyzes her own insecurities and background and how these influence her relations with other women With the sociologist's perspective of a Barbara Ehrenreich and the feminist outrage of a Gloria Steinem Tanenbaum demythologizes the age old catfight

The Family Auriana Ojeda, 2003 Authors examine the state of the family discussing marriage and divorce alternative families adoption and family policies

Not Guilty! Betty Holcomb, 2000-05-02 Can women have rewarding careers and still be good mothers The editor of Working Mother magazine answers with a resounding yes in the book The Boston Globe called a fresh breeze in a smog of myth and misinformation

Families Alex Liazos, 2015-12-03 Unlike other family textbooks that mostly emphasize conflicts and problems this book also features the joys and pleasures of family living and its mutually nourishing qualities Its perspective reflects polls surveys and student essays indicating that most people value their families Families everywhere provide love support and sustenance to their members but they do so in many different arrangements Understanding the wide variety of families historically and across cultures gives the student a better basis for understanding how families change and a better grasp of more controversial changes such as the gradual acceptance by Westerners of same sex marriage and child rearing by single people Liazos offers two poignant chapters not found in other texts Family Living Chapter Six focuses on the social value of caregiving and family meals Kin and Community Chapter Seven focuses on relationships among kin and the larger

community *Mother Leads Best* Moe Grzelakowski, 2005 Basing her findings on interviews with fifty female executives and CEOs the author identifies traits that characterize the maternal leadership style and maintains that this approach can motivate employees and help corporations succeed
