ADDISON RICHARDS, 1857 **1995 American Travel Survey**, 1997 Appleton's Illustrated Hand-book of American Travel Daniel Sidney Appleton, 1861 *The Cambridge Companion to American Travel Writing* Alfred Bendixen, Judith Hamera, 2009-01-29 Travel writing has always been intimately linked with the construction of American identity Occupying the space between fact and fiction it exposes cultural fault lines and reveals the changing desires and anxieties of both the traveller and the reading public These specially commissioned essays trace the journeys taken by writers from the pre revolutionary period right up to the present They examine a wide range of responses to the problems posed by landscapes found both at home and abroad from the Mississippi and the Southwest to Europe and the Holy Land Throughout the contributors focus on the role played by travel writing in the definition and formulation of national identity and consider the experiences of minority writers as well as canonical authors This Companion forms an invaluable guide for students approaching this new important and exciting subject for the first time **The American Travel Promotion Act** United States.
