Old Master Portrait Drawings:

Old Master Portrait Drawings James Spero, 1990-01-01 Masterpieces of drawing from the great schools and traditions of Italy and northern Europe spanning four centuries from Filippino Lippi Andrea del Sarto and Titian to Rembrandt Van Dyck and Ingres 47 plates *Old Master Portrait Drawings* James Spero, 2012-05-17 Masterpieces of drawing from the great schools and traditions of Italy and northern Europe spanning four centuries from Filippino Lippi Andrea del Sarto and Titian to Rembrandt Van Dyck and Ingres 47 plates **Sargent Portrait Drawings** John Singer Sargent, Trevor J. Fairbrother, 1983-01-01 Portraiture is a demanding art requiring the artist to capture a likeness and render it revealing some hint of the personality behind the image A two pronged task it requires great technical skill and an intuitive eye In both these respects John Singer Sargent stands out as a portrait artist of major stature Born in 1856 in Florence of American parents Sargent showed artistic aptitude at an early age and was enrolled at the Academia delle Belle Arti in that city Later he studied with Parisian artist Carolus Duran acquiring the loose painterly style for which he is renowned International acclaim as a portrait artist came early in his life and followed him throughout his career Sargent's portraits done in oil are well known they appear in major museums throughout the world A lesser known but no less respected aspect of his oeuvre his portrait drawings are the focus of this collection Included here are early works in pencil and pastels and later renderings in charcoal a medium Sargent favored after 1910 They have been selected from both public and private collections by art historian Trevor J Fairbrother and attest to Sargent's technical skill versatility and dexterity in three different mediums In addition these works reveal Sargent's ability to treat a diverse group of subjects he handles the languorous beauties of the Edwardian age members of the aristocracy and the great literary and artistic figures of his day with equal virtuosity capturing their characteristic mood and style This collection includes portraits of Lord and Lady Spencer Henry James William Butler Yeats Vaslav Nijinsky Tamara Karsavina Dame Ethel Smyth and Jascha Heifetz Artists students historians and lovers of portraiture will appreciate this selection of drawings by Sargent Anyone interested in trying his hand at portraiture will find this volume both instructional and inspirational Portrait Painting Atelier Suzanne Brooker, 2011-11-15 The art of portraiture approached its apex during the sixteenth century in Europe with the discovery of oil painting when the old masters developed and refined techniques that remain unsurpassed to this day The ascendance of nonrepresentational art in the middle of the twentieth century displaced these venerable skills especially in academic art circles Fortunately for aspiring artists today who wish to learn the methods that allowed the Old Masters to achieve the luminous color and subtle tonalities so characteristic of their work this knowledge has been preserved in hundreds of small traditional painting ateliers that persevered in the old ways in this country and throughout the world Coming out of this dedicated movement Portrait Painting Atelier is an essential resource for an art community still recovering from a time when solid instruction in art technique was unavailable in our schools Of particular value here is a demonstration of the Old Masters technique of layering

paint over a toned ground surface a process that builds from the transparent dark areas to the more densely painted lights This method unifies the entire painting creating a beautiful glow that illuminates skin tones and softly blends all the color tones Readers will also find valuable instruction in paint mediums from classic oil based to alkyd based the interactive principles of composition and photograph based composition and the anatomy of the human face and the key relationships among its features Richly illustrated with the work of preeminent masters such as Millet G ricault and van Gogh as well as some of today s leading portrait artists and featuring seven detailed step by step portrait demonstrations Portrait Painting Atelier is the first book in many years to so comprehensively cover the concepts and techniques of traditional portraiture
