Old English Lives Of St Margaret:

The Old English Lives of St. Margaret Mary Clayton, Hugh Magennis, 1994-09-15 An edition of two Old English versions of the colourful legend of St Margaret of Antioch

Margaret's Monsters Michael E. Heyes, 2019-12-06 St Margaret of Antioch was one of the most popular saints in medieval England and throughout the Middle Ages the various Lives of St Margaret functioned as a blueprint for a virginal life and supernatural assistance to pregnant women during the dangerous process of labor In her narrative Margaret is accosted by various demons and having defeated each monster in turn she is taken to the place of her martyrdom where she prays for supernatural boons for her adherents This book argues that Margaret's monsters are a key element in understanding Margaret's importance to her adherents specifically how the sexual identities of her adherents were constructed and maintained More broadly this study offers three major contributions to the field of medieval studies first it argues for the utility of a diachronic analysis of Saints Lives literature in a field dominated by synchronic analyses second this diachronic analysis is important to interpreting the intertext of Saints Lives not only between different Lives but also different versions of the same Life and third the approach further suggests that the most valuable socio cultural information in hagiographic literature is found in the auxiliary characters and not in the figure of the saint himself

The Construction of Martyrdom in the English Catholic Community, 1535-1603 Anne Dillon, 2017-03-02 Between 1535 and 1603 more than 200 English Catholics were executed by the State for treason Drawing on an extraordinary range of contemporary sources Anne Dillon examines the ways in which these executions were transformed into acts of martyrdom Utilizing the reports from the gallows the Catholic community in England and in exile created a wide range of manuscripts and texts in which they employed the concept of martyrdom for propaganda purposes in continental Europe and for shaping Catholic identity and encouraging recusancy at home Particularly potent was the derivation of images from these texts which provided visual means of conveying the symbol of the martyr Through an examination of the work of Richard Verstegan and the martyr murals of the English College in Rome the book explores the influence of these images on the Counter Reformation Church the Jesuits and the political intentions of English Catholics in exile and those of their hosts

The Construction of Martyrdom in the English Catholic Community 1535 1603 shows how Verstegan used the English martyrs in his *Theatrum crudelitatum* of 1587 to rally support from Catholics on the Continent for a Spanish invasion of England to overthrow Elizabeth I and her government The English martyr was Anne Dillon argues as much a construction of international political rhetoric as it was of English religious and political debate an international Catholic banner around which Catholic European powers were urged to rally

Saint Margaret, Queen of the Scots C. Keene, 2013-11-19 Margaret saint and 11th century Queen of the Scots remains an often cited yet little understood historical figure Keene's analysis of sources in terms of both time and place including her *Life of Saint Margaret* translated for the first time allows for an informed understanding of the forces that shaped this captivating woman

Saracens and the Making of English Identity

Siobhain Bly Calkin,2013-11-05 This book explores the ways in which discourses of religious racial and national identity blur and engage each other in the medieval West Specifically the book studies depictions of Muslims in England during the 1330s and argues that these depictions although historically inaccurate served to enhance and advance assertions of English national identity at this time The book examines Saracen characters in a manuscript renowned for the variety of its texts and discusses hagiographic legends elaborations of chronicle entries and popular romances about Charlemagne Arthur and various English knights In these texts Saracens engage issues such as the demarcation of communal borders the place of gender norms and religion in communities self definitions and the roles of violence and history in assertions of group identity Texts involving Saracens thus serve both to assert an English identity and to explore the challenges involved in making such an assertion in the early fourteenth century when the English language was regaining its cultural prestige when the English people were increasingly at odds with their French cousins and when English Welsh and Scottish sovereignty were pressing matters

Medieval Mobilities Basil Arnould Price,Jane Elizabeth Bonsall,Meagan Khoury,2023-01-01 This collection explores the intersection of gender and mobility across the Global Middle Ages Medieval Mobilities questions how medieval people texts images and ideas move across physiological geographical literary and spiritual boundaries In what ways do these movements afford new configurations of gender sexuality and being Enacting a dialogue between medieval studies feminist thought and queer theory Medieval Mobilities proposes that attending to the undulations of premodern gender and sexuality may help destabilize unstated assumptions about ways of being and loving in the Middle Ages This volume also brings together emergent and established scholars to challenge an increasingly static academy and instead envision a scholarly practice focused on intergenerational international and interdisciplinary collaboration Drawing upon wide range of primary sources and theoretical frameworks the resultant essays unsettle the imagined fixity of gender and propose alternative conceptualizations of embodiment identity and difference in the medieval world

The Battle of Maldon Mark Atherton,2020-12-10 Depicting one of the defining conflicts of tenth century England The Battle of Maldon immortalises the bloody fight that took place along the banks of the tidal river Blackwater in 991 poignantly expressing the lore and language of a determined nation faced with the advance of a ruthless and relentless enemy But as Mark Atherton reveals The Battle of Maldon is more than a heroic tale designed to inspire courage and unity in a time of crisis rather it celebrates ideals of loyalty and friendship and commemorates an event which changed the face of English culture Using Atherton s own vivid and illuminating translations

from Old English *The Battle of Maldon* War and Peace in Tenth Century England evokes the chaotic ebb and flow of the battle while also placing Maldon in the context of its age Seeking to reconstruct the way of life the spirituality and the worldview of the original audience Atherton examines how and why the poem encouraged its readers to relive the visceral experience of battle for themselves With this exciting study Atherton provides an authoritative treatment of this iconic text its history and its legacy As such this important book will be a vital resource for all readers of Old English literature and early medieval history

Forgetful of Their Sex Jane Tibbetts Schulenburg, 2018-06-29 In this remarkable study of over 2 200 female and male saints Jane Schulenburg explores women s status and experience in early medieval society and in the Church by examining factors such as family wealth and power patronage monasticism virginity and motherhood The result is a unique depiction of the lives of these strong creative independent minded women who achieved a visibility in their society that led to recognition of sanctity A tremendous piece of scholarship This journey through more than 2 000 saints is anything but dull Along the way Schulenburg informs our ideas regarding the role of saints in the medieval psyche gender specific identification and the heroics of virginity Library Journal This book will be a kind of roots experience for some readers They will hear the voices haunted and haunting of their distant ancestors and understand more about themselves Christian Science Monitor This fascinating book reaches far beyond the history of Christianity to recreate the herstory of a whole gender Kate Saunders The Independent

Beowulf and the Dragon Christine Rauer, 2000 The analogues discussed are presented with facing translations and detailed bibliographies BOOK JACKET

Disability and Sanctity in the Middle Ages Stephanie Grace-Petinos, Leah Parker, Alicia Spencer-Hall, 2025-10-01 This volume significantly expands current understandings of both disability and sanctity in the Middle Ages Across the collection heterogeneous constructions and experiences of disability and holiness are excavated Analyses span the sixth to the fifteenth century with discussion of holy men and holy women Western Christian and Buddhist traditions hagiographic texts images and artefacts Each chapter underscores that disability and sanctity co exist with a vast array of connotations not just fully positive or fully negative but also every inflection in between The collection is a powerful rebuttal to the notion of the integral relationship of disability medieval and otherwise with sin stigma and shame So doing it recentres medieval disability history as a lived history that merits exploration and celebration In this way the volume serves to reclaim sanctity in disability histories as a means to affirm the possibility of radical disability futures

Childhood & Adolescence in Anglo-Saxon Literary Culture Susan Irvine, Winfried Rudolf, 2018-01-01 *Childhood Adolescence in Anglo Saxon Literary Culture* counters the generally received wisdom that early medieval childhood and adolescence were an unremittingly bleak experience The contributors analyse representations of children and their education in Old English Old Norse and Anglo Latin writings including hagiography heroic poetry riddles legal documents philosophical prose and elegies Within and across these linguistic and generic boundaries some key themes emerge the habits and expectations of name giving expressions of childhood nostalgia the role

of uneducated parents and the religious zeal and rebelliousness of youth After decades of study dominated by adult gender studies Childhood Adolescence in Anglo Saxon Literary Culture rebalances our understanding of family life in the Anglo Saxon era by reconstructing the lives of medieval children and adolescents through their literary representation **Holy People of the World** Phyllis G. Jestice, 2004-12-15 A cross cultural encyclopedia of the most significant holy people in history examining why people in a wide range of religious traditions throughout the world have been regarded as divinely inspired The first reference on the subject to span all the world's major religions Holy People of the World A Cross Cultural Encyclopedia examines the impact of individuals who through personal charisma and inspirational deeds served both as glorious examples of human potential and as envoys for the divine Holy People of the World contains nearly 1 100 biographical sketches of venerated men and women Written by religious studies experts and historians each article focuses on the basic question How did this person come to be regarded as holy In addition the encyclopedia features 20 survey articles on views of holy people in the major religious traditions such as Islam Buddhism and African religions as well as 64 comparative articles on aspects of holiness and veneration across cultures such as awakening and conversion experiences heredity gender asceticism and persecution Whether exploring by religion culture or historic period this extensively cross referenced resource offers a wealth of insights into one of the most revealing and least explored common denominators of spiritual traditions *Anglo-Saxon England: Volume 26* Michael Lapidge, Malcolm Godden, Simon Keynes, 1998-06-04 In the present volume the two essays that frame the book provide exciting insight into the mental world of the Anglo Saxons by showing on the one hand how they understood the processes of reading and assimilating knowledge and on the other how they conceived of time and the passage of the seasons In the field of art history two essays treat two of the best known Anglo Saxon manuscripts The lavish symbol pages in the Book of Durrow are shown to reflect a programmatic exposition of the meaning of Easter and a posthumous essay by a distinguished art historian shows how the Anglo Saxon illustrations added to the Galba Psalter are best to be understood in the context of the programme of learning instituted by King Alfred The usual comprehensive bibliography of the previous year's publications in all branches of Anglo Saxon studies rounds off the book

Medieval Disability Sourcebook Cameron Hunt McNabb, 2020 The field of disability studies significantly contributes to contemporary discussions of the marginalization of and social justice for individuals with disabilities However what of disability in the past The Medieval Disability Sourcebook Western Europe explores what medieval texts have to say about disability both in their own time and for the present This interdisciplinary volume on medieval Europe combines historical records medical texts and religious accounts of saints' lives and miracles as well as poetry prose drama and manuscript images to demonstrate the varied and complicated attitudes medieval societies had about disability Far from recording any monolithic understanding of disability in the Middle Ages these contributions present a striking range of voices to and about those with disabilities and such diversity only confirms how disability permeated and permeates every aspect of life

The Medieval Disability Sourcebook is designed for use inside the undergraduate or graduate classroom or by scholars interested in learning more about medieval Europe as it intersects with the field of disability studies Most texts are presented in modern English though some are preserved in Middle English and many are given in side by side translations for greater study Each entry is prefaced with an academic introduction to disability within the text as well as a bibliography for further study This sourcebook is the first in a proposed series focusing on disability in a wide range of premodern cultures histories and geographies *Æthelflæd, Lady of the Mercians, and Women in Tenth-Century England* Rebecca Hardie, 2023-11-06
