Private Hong Kong where East Meets West:

Private Hong Kong Sophie Bengtson, 1997 This work provides a look behind the closed doors of Hong Kong's most extravagant and unusual homes revealing the interior style that has given the island its reputation for excess exoticism and masterly application of East meets West aesthetics

East Meets West in Dance John Solomon, Ruth Solomon, 2016-01-08 *East Meets West in Dance* chronicles this development in the words of many of its best known and most active exponents This collection of articles provides a theoretical discussion of the promises and pitfalls inherent in transplanting art forms from one culture to another it offers practical guidance for those who might want to participate in this enterprise and explains the general history of the dance exchange to date It also identifies the differences that are unique to specific cultures such as the development of theatrical forms arts education and the status of artists This is a first examination of a phenomenon that has already touched most people in the arts community worldwide and that none can afford to ignore A lively dialogue has evolved over the last few decades between dance professionals performers teachers and administrators in the United States and Europe and their counterparts in Asia and the Pacific rim

East Meets West Kyōng-dong Kim, Hyōn-jin Im, 2007 Over the past few decades East Asia developments in terms of production population and trade have shown remarkable dynamics Ensuing changes in these regions of non Western civilization are commonly interpreted in terms of a successful adaptation of modernity However experiences such as the regional crisis in 1997 and the tragic incident of September 2001 more than ever ask for more intensive civilizational dialogues and urge us to carefully consider the implications of capitalist development in the East Asian context's This book deals with the issues of Asian values civilizational encounters between East and West and the development of capitalism and its culture in East Asian countries Its focus on inter civilizational exchanges and the intricate interplays between civilizational and capitalist dynamics helps us to better understand our human story and history

East Meets West Daniel A. Bell, 2000-05-08 Is liberal democracy a universal ideal Proponents of Asian values argue that it is a distinctive product of the Western experience and that Western powers shouldn't try to push human rights and democracy onto Asian states Liberal democrats in the West typically counter by questioning the motives of Asian critics arguing that Asian leaders are merely trying to rationalize human rights violations and authoritarian rule In this book written as a dialogue between an American democrat named Demo and three East Asian critics Daniel A Bell attempts to chart a middle ground between the extremes of the international debate on human rights and democracy Bell criticizes the use of Asian values to justify oppression but also draws on East Asian cultural traditions and contributions by contemporary intellectuals in East Asia to identify some powerful challenges to Western style liberal democracy In the first part of the book Bell makes use of colorful stories and examples to show that there is a need to take into account East Asian perspectives on human rights and democracy The second part a fictitious dialogue between Demo and Asian senior statesman Lee Kuan Yew examines the pros and cons of implementing Western style democracy in

Singapore The third part of the book is an argument for an as yet unrealized Confucian political institution that justifiably differs from Western style liberal democracy This is a thought provoking defense of distinctively East Asian challenges to Western style liberal democracy that will stimulate interest and debate among students of political theory Asian studies and international human rights

East Meets West John Adago,2014-02-01 An account of how the philosophy of the East came to be so integrated into the everyday lives of millions in the West this book focuses on a select group of men and women who endeavored tirelessly to inject Eastern wisdom into a lacking Western worldview From G I Gurdjieff and P D Ouspensky who first perceived a missing element in Western thought through Maharishi Mahesh Yogi who introduced meditation to the West to Shantananda Sarawati who taught the philosophy of nondualism to Francis Roles and Leon MacLaren this history looks at the lives and work of those individuals who were primarily responsible for bridging the cultural divide The book also discusses the author s own experiences with a number of teachers and organizations that have taught meditation Eastern philosophy and the Fourth Way

Learning Marketplace, The: East Meets West In Singapore Prem Kumar,2015-09-23 In Asia we are witnessing an era where the pendulum of power seems to be swaying towards the East with the rising strength of China and India and Singapore is at the crossroads between these populous nations Although Singapore may appear to be the most westernized country in Asia she is nevertheless a multi cultural Asian society Having the most open economy in the world Singapore is plugged into the global marketplace of education and learning The development of human capital is used as a strategic economic driver to internationalize and transform education for sustainable competitive advantage Singapore s education system regarded as one of the consistently best performing in the world offers a unique opportunity to explore issues where eastern and western culture values beliefs learning and knowledge systems converge clash and at times diverge This book is meant to extend our knowledge on the role of learning often overlooked and taken for granted as the air that we breathe but which constantly transforms our lives and reshapes societies It is the first book that deals with the dichotomy of east and west going beyond the traditional learning and education framework to other areas such as economic socio cultural political and technological dimensions that impact Singapore It puts together key topical issues and explores the underbelly of how a small resourceless independent city state like Singapore stays ahead of the learning curve even while facing increasingly intense global competition where the discovery and emergence of new systems for empowerment and independence and the resulting creation of new knowledge and modes of communication are challenging traditional boundaries between the virtual and real world
