Environmental Choices Lawrence S. Rothenberg,2002-02-01 Within a federal system government agencies and regulatory policies can be fractured even at odds with each other National actors share power with their counterparts in states and localities as do presidents with Congressional leaders and bureaucrats with judges Understanding the broad

economic and political contexts of environmental policymaking illuminates the motivations behind policy choices of various interested parties from the National Park Service and the EPA to environmental activists and members of Congress Rothenberg utilizes basic economic ideas to provide not only a fresh look at how the U S deals with environmental ills but a way of thinking about policy making in general **Congressional Preemption** Joseph F. Zimmerman,2012-02-01

Congressional Preemption provides an in depth account of the use of preemption powers by Congress to either partially or completely remove regulatory authority from state and local governments in a wide variety of fields Author Joseph F Zimmerman exposes the inadequacies of the two current theories of United States federalism dual and cooperative by exploring the impact of Congress frequent use of its preemption powers since 1965 While the dual and cooperative federalism theories retain a degree of explanatory power Zimmerman considers why they do not explain the profound systemic changes produced by congressional preemption Other topics covered include congressional use of conditional grants in aid crossover sanctions tax credits tax sanctions and partial and complete redemption the theory of political safeguards of federalism and the Blackmun Thesis which encourages states to seek relief from preemption statutes in Congress and not the courts The book concludes with postulates of a broader theory of federalism and recommendations addressed to Congress to reinvigorate the federal system Future Investment in Drinking Water and Wastewater
