Transportation Clarke, Vi,Melnyk, Leona,1993      *The Saga of Cimba* Richard Maury,2016-08-09 First published in 1939 this book is a vivid account of Richard Maury s voyage from New York to Fiji in the small 35 foot Nova Scotia built schooner Cimba When a 23 year old Maury and a likeminded sailor filled with wanderlust set off into the winter North Atlantic on November 30 1933 it proved to be an expedition of high adventure and one embarked upon at a time when such voyages were practically unheard of The reader is taken on a fascinating journey to Bermuda and from there to Grand Turk Jamaica Panama and through the Canal with the two young sailors finding their every dream come true at Galapagos Marquesas Tahiti Samoa culminating in a gripping finale at Fiji If I were asked to pick the best book in recent years about deep water cruising in a small yacht I would unhesitatingly choose The Saga of Cimba by Richard Maury Maury went to sea because he loved being at sea and ports to him were interruptions rather than objectives The story of his cruise is the story of the struggles and triumphs of his diminutive schooner in breasting thousands of miles of deep water It is the sailing of the schooner that engrossed him The yarn is the story of a boat rather than the story of her skipper One can go on to the book s last enthralling page and be left speculating on what sort of a man this Maury is He never tells you You have to sense it from his attitude toward his little vessel But you are left in no doubt about Cimba herself You know what manner of ship she is You know every inch of her by the time you have seen her to the Fijis Rudder Magazine Told with such beauty that it will win the admiration not only of those who sail but of the whole reading public New York World Telegram One of the finest sea yarns of all times Rudder Bound to be the classic of this type Boston Transcript Reality he most exciting small boat yarn I have read

that every time the wind got up the organizers called off the race There was muttering in the taverns of Halifax and Lunenburg why not show these fancy yachtsmen what real sailors can do A Nova Scotia newspaper donated a trophy and put out a challenge to their rivals in New England inviting them to meet the Maritimes best in a race for real sailors A Race for Real Sailors is a vibrant history of the Fishermen s Cup series which dominated sporting headlines between the two world wars The salt spray practically blows off the page as the author s arresting style captures the drama of each race and the personalities of the ships that contested them the Delawana and the Esperanto the Columbia and the Gertrude L Thebaud and dominating them all the Bluenose the big brute from Lunenburg whose image shines on the Canadian dime to this day Vying for the spotlight are the boats larger than life skippers among them Marty Welch the hard charging American who first took the cup Ben Pine the Gloucester scrap dealer whose passion kept the races afloat when they seemed destined to fade away and the irascible impossible Angus Walters master of the Bluenose who repeatedly broke American hearts but whose own heart was broken by Canada s refusal to come to the rescue of his beloved vessel This stirring and poignant tale is illustrated with 51 historical photographs and five maps and rounded out by a glossary of sailing terms and an appendix of the ever changing race rules This is a story that will keep even confirmed landlubbers pegged to their seats a tale of iron men and wooden ships whose time will never come again     The Saga of Andy Burnett Stewart Edward White,1947     Robotech - The Macross Saga: Doomsday, Vol 4-6 Jack McKinney,2024-02-06 The electrifying second Robotech omnibus Experience the struggles and triumphs of the Robotech Defense Force led by the brilliant but unorthodox Captain Gloval as they fight against the alien Zentraedi only to find themselves fighting alongside their former enemy in a struggle against total annihilation BATTLEHYMN For two years Captain Gloval and his crew had been chased through the solar system only to be made to feel unwanted and maligned when they returned to Earth Now in direct violation of Council orders Gloval commands the Super Dimensional Fortress to rise from its landing site FORCE OF ARMS Supreme Commander Dolza had amassed the largest fleet of Zentraedi warships the Universe has ever seen and all their weapons are aimed at Earth DOOMSDAY A war without victors A war that brought two races to the brink of extinction A war without spoils save for the devastated Earth itself A new age ark the Super Dimensional Fortress returns to its ravaged homeworld Those who lived through Armageddon began the painstaking process of reconstruction But the humans had the Zentraedi to help them former enemies who shared a common goal survival But all was not well in this bravest of worlds Unaccustomed to a life without warfare many of the alien giants revert to their old ways One alien in particular promises to lead the Zentraedi back to their former glory Khyron A hero reborn vows to pick up where Dolza had left off     **Canadian Books in Print** ,1999     **Nothing but stars** Magnus Einarsson,1985-01-01 From the collections of the Canadian Centre for Folk Culture Studies are gathered an assortment of legends anecdotes poems and songs which reflect the immigration experiences of individuals from twenty two Canadian ethnic groups Published in English     *Essex-Built and Out O' Gloucester* Willard E. Andrews,2023-08-14 About the Book The

fast able and beautiful Essex built schooners that fished out of Gloucester during the latter half of the nineteenth century and early years of the twentieth brought fortune and lasting fame to their communities and were in their time the envy of the maritime world This book explores how they evolved over a timeline in response to the demands of the fisheries changing technology and calls for greater safety to better protect those who put their lives in harm s way and does so in a way comprehensible and enjoyable for aficionado and layperson alike It demystifies the plans of these vessels and through the use of fine art models shows how they at once both scullery maids and princesses actually appeared when fitted out and ready to do business on the great waters About the Author Willard E Andrews has deep family roots on Cape Ann and after retirement from the practice general surgery in Juneau Alaska returned to those roots to spend twenty five years studying researching and building fine art models of Essex built Gloucester fishing schooners This book is the ultimate expression of that work He and wife Linda now live in the central Idaho Rockies but return to Gloucester every year to be around saltwater and spend time at the cottage built by his grandfather on land that has been in his family since 1803
