Sagebrush And Cappuccino:

Sagebrush and Cappuccino David Wicinas, 1995 **The Los Angeles River** Blake Gumprecht, 2001-04-30 Winner of the J B Jackson Prize from the Association of American Geographers Three centuries ago the Los Angeles River meandered through marshes and forests of willow and sycamore Trout spawned in its waters and grizzly bears roamed its shores The bountiful environment the river helped create supported one of the largest concentrations of Indians in North America Today the river is made almost entirely of concrete Chain link fence and barbed wire line its course Shopping carts and trash litter its channel Little water flows in the river most of the year and nearly all that does is treated sewage and oily street runoff On much of its course the river looks more like a deserted freeway than a river The river's contemporary image belies its former character and its importance to the development of Southern California Los Angeles would not exist were it not for the river and the river was crucial to its growth Recognizing its past and future potential a potent movement has developed to revitalize its course The Los Angeles River offers the first comprehensive account of a river that helped give birth to one of the world's great cities significantly shaped its history and promises to play a key role in its future Against the Tide Cornelia Dean, 1999 Few aspects of American military history have been as vigorously debated as Harry Truman's decision to use atomic bombs against Japan In this carefully crafted volume Michael Kort describes the wartime circumstances and thinking that form the context for the decision to use these weapons surveys the major debates related to that decision and provides a comprehensive collection of key primary source documents that illuminate the behavior of the United States and Japan during the closing days of World War II Kort opens with a summary of the debate over Hiroshima as it has evolved since 1945 He then provides a historical overview of the events in question beginning with the decision and program to build the atomic bomb Detailing the sequence of events leading to Japan's surrender he revisits the decisive battles of the Pacific War and the motivations of American and Japanese leaders Finally Kort examines ten key issues in the discussion of Hiroshima and guides readers to relevant primary source documents scholarly books and articles **Land of Sunshine** William Deverell, Greg Hise, 2011-12-12 Most people equate Los Angeles with smog sprawl forty suburbs in search of a city the great what not to do of twentieth century city building But there's much more to LA's story than this shallow stereotype History shows that Los Angeles was intensely ubiquitously planned The consequences of that planning the environmental history of urbanism is one place to turn for the more complex lessons LA has to offer Working forward from ancient times and ancient ecologies to the very recent past Land of Sunshine is a fascinating exploration of the environmental history of greater Los Angeles Rather than rehearsing a litany of errors or insults against nature rather than decrying the lost opportunities of roads not taken these essays by nineteen leading geologists ecologists and historians instead consider the changing dynamics both of the city and of nature In the nineteenth century for example density was considered an evil and reformers struggled mightily to move the working poor out to areas where better sanitation and flowers and parks made life seem worth the living

We now call that vision sprawl and we struggle just as much to bring middle class people back into the core of American cities There s nothing natural or inevitable about such turns of events It s only by paying very close attention to the ways metropolitan nature has been constructed and construed that meaningful lessons can be drawn History matters So here are the plants and animals of the Los Angeles basin its rivers and watersheds Here are the landscapes of fact and fantasy the historical actors events and circumstances that have proved transformative over and over again The result is a nuanced and rich portrait of Los Angeles that will serve planners communities and environmentalists as they look to the past for clues if not blueprints for enhancing the quality and viability of cities

Ecology of Fear Mike Davis,2014-01-14 Rich with detail bold and original Mike Davis s *Ecology of Fear* is a gripping reconnaissance into the urban future an essential portrait of America at the millennium Los Angeles has become a magnet for the American apocalyptic imagination Riot fire flood earthquake only locusts are missing from the almost biblical list of disasters that have struck the city in the 1990s From Ventura to Laguna more than one million Southern Californians have been directly touched by disaster related death injury or damage to their homes and businesses Middle class apprehensions about angry underclasses are exceeded only by anxieties about blind thrust faults underlying downtown L A or about the firestorms that periodically incinerate Malibu And the force of real catastrophe has been redoubled by the obsessive fictional destruction of Los Angeles by aliens comets and twisters in scores of novels and films The former Land of Sunshine is now seen by much of the world including many of L A s increasingly nervous residents as a veritable Book of the Apocalypse theme park In this extraordinary book Mike Davis the author of *City of Quartz* and our most fascinating interpreter of the American metropolis unravels the secret political history of disaster real and imaginary in Southern California As he surveys the earthquakes of Santa Monica the burning of Koreatown the invasion of man eating mountain lions the movie Volcano and even Los Angeles s underrated tornado problem he exposes the deep complicity between social injustice and perceptions of natural disorder Arguing that paranoia about nature obscures the fact that Los Angeles has deliberately put itself in harm s way Davis reveals how market driven urbanization has for generations transgressed against environmental common sense And he shows that the floods fires and earthquakes reaped by the city were tragedies as avoidable and unnatural as the beating of Rodney King and the ensuing explosion in the streets

San Francisco Review of Books ,1995 *California Coast & Ocean* ,1996 *Bowker's Guide to Characters in Fiction* 2007 ,2008-02 *Insider's Guide to Book Editors, Publishers and Literary Agents, 1995-1996* Jeff Herman,1994-10-10 No other book gives aspiring authors the inside scoop on the names and interest areas of acquisition editors This vital information makes all the difference when submitting a book proposal Fully revised to keep on top of the rapidly changing publishing world this guide includes information on the book acquisition process literary agents submission ghost writing and more

Insider's Guide to Book Editors, Publishers, and Literary Agents, 1996-1997 Jeff Herman,1995-10-25 No other book gives aspiring authors the inside scoop on the names and specialties of acquisitions

editors This vital information makes all the difference when submitting a book proposal or manuscript by keeping writers of all genres on top of the rapidly changing world of publishing Who's moved where who's new to the scene who's gone for good it's all here in one big volume **Coasters & Afghans Knit Pattern** Annie's, 2015-09-21 This ultra versatile pattern gives you all the information you need to make a collection of handy coasters up through a large afghan Knit with Premier Yarns Deborah Norville Everyday Soft Worsted using a set of 5 U S size 6 4mm double point needles size 6 4mm 16 24 and 36 or 40 circular needles and size G 6 4mm crochet hook Finished measurements To make Coaster lapghan afghan Spiraling Stripes 5 1 4 43 65 1 2 in diameter Color on Color 5 1 4 40 1 2 63 in diameter Seed on Stockinette 5 42 61 in diameter Garter Spokes 5 1 4 42 64 in diameter *Sunset* ,1995 *The Publishers Weekly* ,1996 No Cappuccino in the Afternoon Michael Palmer, 2023-06-29 This book is mainly fiction although readers will probably be able to identify stories based on the author's experiences **Biological & Agricultural Index** ,1995 **Amamani Puzzle Balls** Dedri Uys, 2014-10-01 Amamani is short for Amigurumi Amish Animals They are based on the traditional Amish puzzle ball and as such come apart into three segments or rings which have to be assembled to form your animal Gauge isn't important in these projects however it is important that you work as tightly as you comfortably can Helpful tips and step by step photos are included in this pattern book Each of the six designs is stitched in segments using Deborah Norville Everyday Premier yarn is stuffed with polyfiberfill and includes a pair of safety eyes Animals included are Dinosaur Elephant Giraffe Turtle and two versions of Lion **American Book Publishing Record** ,1995 **Mad Dog and the Coffee Crew** Dennis Perry, 2020-03-25 Filer Mad Dog Wilson is enjoying a well earned retirement from his years as a lineman heavy equipment operator and ore train driver in Soda Springs Idaho With time on his hands Filer spends mornings with his Coffee Crew friends at the Union Diver Filer and the Coffee Crew become involved in a sweat for a charity at the nearby reservation casino a stake out leading to a drug bust and the citizens arrest of a meth cooker a house flip and finally helping film a documentary of the Burning Man festival in the Nevada desert All of this before celebrating Filer Mad Dog Wilson's 75th birthday The Cumulative Book Index ,1996 A world list of books in the English language *The Nature Conservancy Magazine* ,1997
