Target London Peter Reese,2011-10-05 London was a target for Zeppelins and bombers during the First World War for bombers V1s and rockets in the Second and for Cold War missiles and for terrorists in more recent times yet rarely has the history of twentieth century attacks on the capital been studied as a whole Peter Reese in this thought provoking account vividly describes how the destructive potential of aerial bombing and terrorist actions has increased and how Londoners have struggled to protect themselves and their city He looks at the strategic aims of the bombing campaigns panic devastation paralysis of communications and the collapse of morale and contrasts them with the actual responses of Londoners of civilians who faced this new form of indiscriminate warfare As he traces the developing theory and practice of air power he dispels myths and misunderstandings that still surround the subject His narrative follows the story from the commencement of the First World War when the development of aircraft accelerated and the possibilities of aerial warfare came to be appreciated and feared There are graphic accounts of the German raids on the city in the First World War of the intense interwar debate about the impact of bombing and of the ordeal

that followed the Blitz and the V1 and V2 campaigns He also considers in the concluding chapters more recent threats to the capital which come not from aircraft and missiles but from the bombing tactics adopted by terrorists and the need for appropriate responses

2007 a friend suggested a newsletter as a way of enhancing book sales I think she had monthly specials promo sheets and upcoming new titles in mind but I was too dense for that Instead I wrote on topics of my own fancy The first two years 2007 9 when the newsletter appeared monthly were well dreadful The week that Venus went retrograde in March 2009 with the stock market stabilizing after months of plunging I shifted from a monthly single page newsletter to a weekly three pager I followed a three page format for a couple of years Most of the worth while essays were compiled in my first book Skeet Shooting for Astrologers Two years later in March 2011 with the economy ever more bleak and myself running out of ideas I started writing celebrity delineations and in the process broke out of a rigid format The delineation of Jon Stewart of the Daily Show was the first of these Retrograde Venus has turned up in a surprising number of the charts I ve written about given its rarity among them the chart for the Republican Party as well as the charts for Rep Ron Paul Mayor Michael Bloomberg Jon Stewart and some others No my Venus is not retrograde Essays are in order of publication in part as I think organizing by topic makes for a boring block of reading The book starts with the last of the 2 column essays from the original 3 page weekly Meanwhile the economy is now in the fifth year of straight decline I do wish the people in charge of the country would just send us all envelopes stuffed with cash I can live on barter just as well as money but when that happens there will be no authors there will be no books there will be no commerce Money has its uses Words on Cassette, 1999

Just a Mother of Four Kat O'Clysmic, 2018-10-26 Some people find themselves through God Others achieve this through long distance travel either walking the Camino del Santiago or visiting the great pyramids in Egypt Then there are people like me who get to know their real selves through astrology and prior to that genealogy Everyone though had one thing in common they all went searching for their selves after trauma or heartache of some description When I first discovered my ancestors and read about their many trials and tribulations via the ancestry website I was dumbfounded Their

hidden secrets or so they thought were now exposed for all to see thanks to the advances in technology these historical records were now online There were bigamous marriages prostitution many early deaths as well as some who went into the workhouse and one who had spent 18 years in the asylum As I transferred the information from the database of my ancestry into my modern astrological software I met many aspects of my own current character and in fact my own shadow Parts of which I was yet to master Many of the ancestors were gifted in ways we still don't understand even in this modern age namely they were psychic healers and visionaries As I discovered more about the ancestors through their birth and death charts I also discovered more about myself and who and what was operating within me and through me Science calls this DNA I call it Karma Along with their blood and genes I had inherited their unfulfilled desires their repressed parts their unresolved conflicts as well as memories Let's hope I can bring resolution to these matters that are still outstanding once and for all and by the time I come to pass I have achieved everything that I ever wanted to just so as my children and future generations can fulfil their own desires and not have to fulfil mine first I am not alone we are all spiritual seekers and how we find our own truth and peace matters not only that we find it
