**Animal Places** Jacob Bull, Tora Holmberg, Cecilia Åsberg, 2017-11-22 Nonhuman animals are ubiquitous to our human societies Interdisciplinary human animal research has for 50 years drawn attention to how animals are ever present in what we think of as human spaces and cultures Our societies are built with animals and through all kinds of multispecies interactions From public spaces and laboratories to homes farms and in the wilderness human and nonhuman animals meet to make space and place together through webs of power relations However the very spaces of these interactions are not mute or passive themselves The spaces where species meet matter and shape human animal relations This book takes as its starting point the relationship between place and human animal interaction It brings together the work of leading scholars in human animal studies from a variety of disciplinary and interdisciplinary backgrounds With a distinct focus on place physical space and biocultural geography the authors of this volume consider the ways in which space human and nonhuman animals co constitute each other how they make spaces together produce meaning around them struggle over access how these places are storied and how stories of spaces matter Presenting studies thematically and including a variety of nonhuman creatures in a range of settings this book delivers new understandings of the importance of nonhuman animals to understandings of place and the role of places in shaping our interactions with nonhuman creatures As pets as laboratory animals as exhibits as parasites as livestock as quarry as victims of disaster or objects of folklore this book offers insights into human animal intermingling at locales and settings of great relevance to many areas of research including geography sociology science and technology studies gender studies history and anthropology This book meets the evolving interest in human animal interaction anthrozoology and the environmental humanities in relation to the research on space and place that currently informs the humanities and the social sciences

Liverpool China Traders Christina Baird, 2007 Perhaps the most enduring image of the China Trade is the clipper ship carrying tea from China In 1869 the clippers were finally overshadowed by the introduction of steam vessels which could make passage through the Suez Canal significantly shortening the length of the voyage Letters journals and order books have survived which tell us about the traders their private trading activities motivation tastes and private lives This book examines the role played by the port of Liverpool in this time of great change The book examines Liverpool's early participation in the China Trade following the cessation of the British East India Company's monopoly of the trade in 1834 and maps the changes in artistic tastes that the commencement of free trade gave rise to These new tastes represented a true fusion of European and Chinese cultural influences and

replaced the pastiche of The Orient that chinoiserie represented during the period of the monopoly Amazon com     **The Atlantic Sailor's Handbook** Alastair Buchan,2010-07-15 A practical how to guide to the planning preparation and execution of an Atlantic passage for three specific passages a crossing of the Atlantic Ocean a trip from the East Coast of the U S A to the Caribbean and cruising around the Caribbean itself     **The Bounty from the Beach** Sylvie Largeaud-Ortega,2018-10-31 The Bounty from the Beach is a collection of cross disciplinary essays capitalising on a widely shared fascination for the Bounty story in order to draw scholarly attention to Oceania It aims to reorient the Bounty focus away from the West where most Bountynarratives and studies have emerged to the Pacific where most of the original events unfolded It investigates the Bounty heritage from the standpoint of the beach Greg Dening s metaphor for culture contact and conflict in the Pacific Islands this liminal place that transforms Islanders and voyagers islands and ships each time it is crossed It analyses the way newcomers create new islands and how these changes may occasionally impact the world This volume examines the little people to use another of Dening s expressions who stand on both sides of the beach they are Polynesian or European or as beaches are crossed and remade no longer one without the other but bound together in processes of change Among these people are Bounty sailors beachcombers Pitcairners and indigenous Pacific Islanders of the past and the present This collection also explores the works of some renowned Western writers and actors who turning mutineers after their own fashion and in their own times themselves crossed the beach and attempted to illuminate the little people involved in the Bounty narratives These prominent writers and actors put the spotlight on characters who were silenced on account of race class or geographical distance from the dominant centres of power Inspired by Dening s empowering voice our purpose is to fill that silence Just as it criss crosses the ocean progressing with the ship through time and space TheBounty from the Beach ranges far and wide across disciplines methodologies and scholarly styles Its multidisciplinary course contributes to illuminate the multiple ways in which the Bounty heritage embraces diverse horizons It throws light on the colonial discourse that undertook to stifle Pacific Islander agency and the neocolonial policies that have been applied to Oceania and still are hegemonic moves that have led to global environmental nuclear and ecological hazards As a whole the collection contends that what unfolds in this vast ocean matters the stakes are high for the whole human community     **Office Appliances; The Magazine of Office Equipment** ,1918     **Seafaring Women** David Cordingly,2002-03-12 For centuries the sea has been regarded as a male domain but in this illuminating historical narrative maritime scholar David Cordingly shows that an astonishing number of women went to sea in the great age of sail Some traveled as the wives or mistresses of captains others were smuggled aboard by officers or seamen And Cordingly has unearthed stories of a number of young women who dressed in men s clothes and worked alongside sailors for months sometimes years without ever revealing their gender His tremendous research shows that there was indeed a thriving female population from pirates to the sirens of myth and legend on and around the high seas A landmark work of women s history disguised as a spectacularly entertaining yarn Women
