Saint Augustine The City Of God Against The Pagans Books Xii Xv Loeb Classical Library 414:

Augustine and Modern Law Richard O. Brooks, 2017-07-05 St Augustine and Roman law are the two bridges from Athens and Jerusalem to the world of modern law Augustine's almost eerily modern political realism was based upon his deep appreciation of human evil arising from his insights into the human personality the product of his reflections on his own life and the history of his times These insights have traveled well through the ages and are mirrored in the pages of Aquinas Luther and Calvin Reinhold Niebuhr and Hannah Arendt The articles in this volume describe the life and world of Augustine and the ways in which he conceived both justice and law They also discuss the little recognized Augustinian contributions to the field of modern hermeneutics the discipline which informs the art of legal interpretation Finally they include Augustine's valuable discussion of church state relations the law of just wars and proper role and limits of coercion and the procreative dimensions of marriage The volume also includes an extremely useful definitive bibliography of Augustine and the law and will leave readers with an increased appreciation of the contributions which Augustine has made to the history of jurisprudence No one can read Augustine and these articles on his view of the law without taking away a new view of the law itself *The City of God Against the Pagans: Books 12-15, translated by P. Levine* Saint Augustine (of Hippo), 1966

Lying Paul J. Griffiths, 2010-04-01 This book is a fascinating journey from Augustine's total ban on lying through the compromises of philosophers like Plato and Aquinas to the radical espousal of truth's impossibility in Nietzsche Griffiths takes us into the heart of Augustine's theology to show how the act of duplicity disfigures the image of God in us and exposes human sinfulness From that perspective all discussion of lying that is merely based on morality justice compassion or humanism is shown to be inadequate and truthfulness becomes a gift of God's grace Frances Young University of Birmingham England Elegantly composed conceptual clarity makes this sounding of Augustine a model for ethical inquiry as the very paradigm of sin lying ubiquitous though it may be cannot be countenanced if we are to become what we are called to be animals whose speech reflects the Triune Creator by expressing our life as that Creator's gift I have seldom been so impressed with a book David Burrell C S C University of Notre Dame The great temptation in writing about lying is to find a way beyond the Augustinian dictum that a lie is wrong under any circumstances Griffiths resists the temptation and does so with intelligence wisdom theological acuity and one should gratefully add deep sympathy for human limitations and weakness This is a challenging and rewarding book unlike any written in modern times on the topic Robert Louis Wilken University of Virginia Griffiths exacting and beautifully wrought analysis helps us to understand the centrality of deception in Western thought and practice the lie resides silently at the center of our structures of speech and theoretical speculation as well as our equivocal practice Most interestingly of all he shows how Augustine's unequivocal ban upon lying so unpalatable to our ears provides a key to reordered ontology moral philosophy politics and theory of language Catherine Pickstock University of Cambridge This book shakes the foundations Griffiths is a modern day Augustine in rhetorical power social analysis textual

rigor and theological vision Reading Griffiths requires steely never as the persuasion of his prose the elegance and rigor of his argument leave the reader in the dock with only God as our witness This is a masterful essay in philosophical theology erudite scholarly and graceful in its simplicity Gavin D Costa University of Bristol England An excellent piece of scholarship that will intrigue anyone interested in the issues of morality and ethics Library Journal The City of God Against the Pagans: Translated by Philip Levine Saint Augustine (of Hippo),1966 **The Augustan Space** Monica R.
