The Voyage of St. Brendan Francisque Michel Benedeiz, 2010-01-01 The Voyage of St Brendan is a translation from the Latin of one of the most famous and enduring stories of western Christendom the Navigatio Sancti Brendani Abbatis Written in Ireland perhaps as early as the year 800 The Voyage of St Brendan chronicles the seafaring journey of St Brendan a prominent Irish Saint who set sail to find the Promised Land of the West which many believe to have been America nearly 1 000 years before Columbus St Brendan believed that God had promised this land to the saints as their eternal inheritance forever Some accounts of this classic tale of martyrdom fasted for forty days and forty nights seeking God's will It is said that an angel then came to him in a dream and promised to guide him to the Promised Land Other accounts most notably the Navigatio itself say that Brendan learned of the mysterious Promised Land from Barinthus who had sailed there himself There Barinthus had found a great land of peace and plenty where the sun never set This land was divided by a great river that ran east and west and was guarded by an angel of the Lord Yearning to see this Promised Land of the Saints Brendan purposed in his heart to sail there and see it for himself While the routes of St Brendan's journeys remain a subject of controversy the tale of The Voyage of St Brendan is of great interest a strongly integrated text which derives from several centuries of Irish literary tradition **From Sea to Shining Sea the Story of America Teacher's Edition , The**

Legend of St. Brendan Jude S. Mackley, 2008 The Legend of St Brendan is a study of two accounts of a voyage undertaken by Brendan a sixth century Irish saint The immense popularity of the Latin version encouraged many vernacular translations including a twelfth century Anglo Norman reworking of the narrative which excises much of the devotional material seen in the ninth century Navigatio Sancti Brendani abbatis and changes the emphasis leaving a recognisably secular narrative The vernacular version focuses on marvellous imagery and the trials and tribulations of a long sea voyage Together the two versions demonstrate a movement away from hagiography towards adventure Studies of the two versions rarely discuss the elements of the fantastic Following a summary of authorship audiences and sources this comparative study adopts a structural approach to the two versions of the Brendan narrative It considers what the fantastic imagery achieves and addresses issues raised with respect to theological parallels Rick Steves Ireland Rick Steves, Patrick O'Connor, 2022-12-13 Now more than ever you can count on Rick Steves to tell you what you really need to know when traveling through Ireland From rustic towns and emerald valleys to lively cities and moss draped ruins experience it all with Rick Steves Inside Rick Steves Ireland you'll find Fully updated comprehensive coverage for planning a multi week trip through Ireland Rick's

wish fulfillment Influenced by a complex interplay of Nativist hatred of immigrants and Aboriginal people as well as distrust of academic scholarship these legends ebbed and flowed with changing conditions in wider American society The book focuses on the actions of a collection of quirky obsessed amateur investigators who spent their lives trying to prove their various theories by promoting Welsh princes Vikings Chinese admirals Neo lithic Europeans African explorers and others who they say arrived centuries before Columbus These myths acted as mitigating agencies for those who embraced them Along with recent scholarship this book makes extensive use of archival materials some of which have never been employed before It covers the period from the sixteenth century to the present It brings together separate historiographic ideas to create a unified history rather than focusing on one particular legend as most books on the subject do It shows how questions of who discovered America helped create the field of historical scholarship in this country This book does not attempt to prove who discovered America rather it tells the story of those who think they did *Ireland* ,2000-11 Readers are taken on a gorgeous tour of Ireland through stunning color photographs artwork and vivid text Over 250 color photos and four double page gatefolds enhance this tribute to the people history and culture of Ireland **The Dublin University Magazine** ,1848
