## **Saint Emilion:**

Explore Saint-Emilion in 1 day Axmann Loup, Boisseau Jean-Luc, Boisseau Olivier, 2015-01-02 Much more than a guide to Saint Emilion here is the right tool to explore the city and discover its mysteries The best way is to take a few minutes to leaf through the book If you choose to see everything just follow the order of the cards Their numbering makes up one of the possible circuits a large one day loop that starts from the car park at the top of Saint Emilion and finally returns there But many other paths are possible according to your desires or your available time Each sheet is designed independently letting you build your la carte visit The map at the start of the book allows you to find your way quickly and easily And if you want to know more about the monuments or places presented in this guide it is still possible At the bottom of the pages you will find a web link that completes the descriptions with a lot of additional information Saint Emilion is a city rich in heritage and historical events But the undeniable reputation of its wine tends to put an opaque veil over its splendors Written by people who lived and worked in Saint Emilion this guide wants to share with you the generous abundance of its most intimate treasures
