*St. Gregory Palamas as a Hagiorite*, 1997      *Saint Gregory Palamas as a Hagiorite* Hierotheos Vlachos, 1997      *St. Gregory Palamas as a Hagiorite* Hierotheos ( Vlachos ) Metropolitan of Nafpaktos, 1997      *St . Gregory Palamas As A Hagiorite* Metropolitan Of Nafpaktos Hieroteos, 1997      [Saint Gregory Palamas](#) St. Gregory Palamas, Christopher Veniamin, 2023-07-30 ST GREGORY PALAMAS represents Orthodox theology at its most sublime Patristic theology in the fourteenth century of which St Gregory is indubitably the greatest exponent touched the very boundaries of theological expression St Gregory s sermons are among the finest in Patristic literature In his treatment of the manifold themes contained therein he is remarkably consistent in maintaining a balance between originality of thought and strict adherence to the tradition of his predecessors Moreover his genius resides in the ease with which he demonstrates as only a master of the spiritual life can the refreshingly practical significance of the doctrines of the Church for the Life in Christ Dr Christopher Veniamin is a spiritual child of St Sophrony the Athonite 1896 1993 a graduate of the Universities of Thessalonica and Oxford has served as Professor of Patristics at St Tikhon s Seminary 1994 2023 and as Dean and COO of The Antiochian House of Studies 2015 2020 He is also the author of *The Orthodox Understanding of Salvation Theosis in Scripture and Tradition* and *The Transfiguration of Christ in Greek Patristic Literature From Irenaeus of Lyons to Gregory Palamas With Addendum The Transfiguration of Christ in the Spiritual Homilies of Macarius the Egyptian* His translation *Saint Gregory Palamas The Homilies* for which he wrote a prodigious number of scholia is arguably the greatest single volume commentary on the Bible in Patristic literature      **St. Gregory Palamas and Orthodox Spirituality** John Meyendorff, 1974 This richly documented and lavishly illustrated study of Orthodox spirituality traces the development of Orthodox mysticism from the desert fathers through the patristic tradition to Byzantine hesychasm and its heritage in Russian monasticism It shows how the work of Palamas transcends the limits of one school of spirituality and renews in its deepest essence the life of the Christian Mystery Jacket      **Orthodox Mysticism and Asceticism** Constantinos Athanasopoulos, 2020-08-27 The scholarly contributions gathered together in this volume discuss themes related to the cultural social and ethical dimension of St Gregory Palamas works They relate his mystical philosophy and theology to contemporary debates in metaphysics philosophy of language ethics philosophy of culture political philosophy epistemology and philosophy of religion and theology among others The book considers a variety of topics of special interest to Christian theologians philosophers and art historians including church and state relations similarities and differences between Palamas contemporary phenomenologists and philosophers of language and hesychast influences on late Byzantine iconography      **Paths To The Heart: Sufism And The Chris** James S. Cutsinger, 2010-08-01 Despite the long and well known history of conflict between Christians and Muslims their mystical traditions especially in the Christian East and in Sufism have shared for centuries many of the same spiritual methods and goals The purpose of this book the first major publication of its kind is to promote precisely this more inward kind of

ecumenical perspective These essays point to a spiritual heart in which the deeper meaning of Christian and Muslim beliefs and practices come alive and where spiritual pilgrims may discover beyond the level of seemingly contradictory forms an inner commonality with those who follow other paths

**Restoring the Inner Heart** Mary Naumenko, 2019-10-01 Written close to the end of the great writer's life Fyodor Dostoevsky's short story *The Dream of a Ridiculous Man* tells of a transformation of the heart and a journey from despair to joy a joy that can be known by all through the experience of God that transcends a simply rational discourse In this eye opening literary study the title character and his spiritual metamorphosis are examined in depth in light of the ancient concept of *Nous* as it developed from the Greek philosophers to the Christian fathers By comparing the Ridiculous Man to similar characters in Dostoevsky's corpus the author shows how an Orthodox Christian understanding of the *Nous* underpins Dostoevsky's own anthropology and how his literary works in turn guide the reader toward a truer vision of humanity

**Theosis** Michael Paul Gama, 2017-02-20 Evangelicalism is reaching an inflection point The exodus of millennials from Evangelical churches and the growth of those self identifying as Nones as in None of the Above for their church affiliation is concerning for the movement's future Evangelical leaders offer mixed responses to this challenge from circling the wagons to an enthusiastic Everything must change posture Theosis takes a different approach Seeking to understand Evangelicalism and its origins this book suggests that Evangelicalism is best understood as the sibling of western Enlightenment Modernity which served it well until the modern cultural ethos began to shift dramatically toward post modernity In this shift young Evangelicals principally postmoderns themselves are abandoning their father's Evangelicalism and its perceived linearity hyper rationalism either or exclusivity and faith expression too often perceived as stripped of mystery and wonder Theosis proposes that to move forward Evangelicalism must go back to the future to re engage with the patristic understanding of salvation as theosis deification or union with God This radical return and broadening of the doctrine of salvation has begun to gain traction in Western Christendom slowly being considered as it has always in the Christian East as mere Christianity

**Energy in Orthodox Theology and Physics** Stoyan Tanev, 2017-08-29 It is well known that energy is a fundamental concept in physics Much less well known is that it is also a key concept in Eastern Christian or Orthodox theology This book from Dr Stoyan Tanev a physicist innovation management scholar and theologian provides a comparative analysis of the conceptualizations of energy in Orthodox theology and in physics and demonstrates the potential of such comparison for a better understanding of these two quite different domains of human enquiry The book explores the rediscovery of the Byzantine Church's teaching on the Divine energies in twentieth century Orthodox theology and offers new insights about the key contributions of key theologians such as Sergius Bulgakov George Florovsky John Meyendorff Christos Yannaras and Thomas Torrance Where do the understandings of energy in theology and physics meet The author argues that the encounter between theology and physics happens at the level of quantum physics where the subtle use of words and language acquires a distinctive apophatic dimension His comparative

approach focuses on the epistemological struggles of theologians and physicists According to Tanev this focus on the struggles of knowing offers a new way to look at the dialogue between science and theology **Gregory Palamas'**

**Metaphysics of Light** Patrícia Calvário, 2024-12-23 This book examines Gregory Palamas perspective on light applying the metaphysics of light framework introduced by Clemens Baeumker and adapting it to propose a new theoretical approach to Palamas thought It explores Palamas understanding of light addressing its ontological epistemological and transformative aspects which he articulates through the integration of scriptural exegesis and the direct experiences of monastic prayer The analysis covers Palamas key concepts from the essence energy distinction to the potential for experiencing the divine through the body in this life The book situates Palamas thought both within its historical context and the broader field of metaphysics providing a philosophical perspective This meticulous study invites readers interested in the intersections of Byzantine theology philosophy and metaphysics offering a comprehensive examination of a system that challenges conventional views on corporeality and finitude *Theological Anthropology, 500 Years after Martin Luther*, 2021-07-19

*Theological Anthropology 500 years after Martin Luther* gathers contributions on the theme of the human being and human existence from the perspectives of Orthodox and Protestant theology These two traditions still have much to learn from each another five hundred years after Martin Luther s Reformation Taking Martin Luther s thought as a point of reference and presenting Orthodox perspectives in connection with and in contradistinction to it this volume seeks to foster a dialogue on some of the key issues of theological anthropology such as human freedom sin faith the human as created in God s image and likeness and the ultimate horizon of human existence The present volume is one of the first attempts of this kind in contemporary ecumenical dialogue *I Love, Therefore I Am* Nicholas V. Sakharov, 2002 **Orthodox Christianity and**

**Contemporary Europe** Jonathan Sutton, William Peter van den Bercken, 2003 This volume contains selected papers presented at a conference on Orthodox Christianity and its contemporary European setting The conference was held in England at the University of Leeds in June 2001 and drew together historians theologians philosophers specialists in theological education and political scientists Countries with an Orthodox Christian history were well represented as well as Orthodoxy in the diaspora and other Christian confessions by representatives from Western Europe and the United States and Canada The coherence of Orthodox Christianity and contemporary threats to its coherence formed one main strand for reflection but discussion also broadened out to consider the nature of religious tradition as such Part I of the collection brings together papers on such matters as identity nationalism globalization human rights discourse ecumenical dialogue and competing interpretations of what it means to be European Part II focuses on Orthodox Christianity in Russia and Part III on the traditionally Orthodox countries of Armenia Bulgaria Greece Romania Serbia and Ukraine The present collection is meant as a contribution to further reflection on Orthodox identity and relationship between Christianity and culture in Europe at the beginning of the twenty first century **Essence and Energies: Being and Naming God in St Gregory Palamas** Tikhon

Pino,2022-10-03 St Gregory Palamas ca 1296 1357 is among the most well known and celebrated theologians of late Byzantium This book provides a comprehensive account of the essence energies distinction across his twenty five treatises and letters written over a twenty year period An Athonite monk abbot and later Metropolitan of Thessalonica Gregory is remembered especially for his distinction between God s essence and energies and his celebrated doctrine still generates a great deal of debate What does Palamas actually mean by the term energies Are they activities that God performs and if so how can they be eternal and uncreated Indeed how could God be simple if he possesses energies distinct from his essence Going beyond the Triads and the One Hundred and Fifty Chapters this book explores Palamas s answers to these long standing questions by analyzing all of the treatises produced by Palamas between the years 1338 and 1357 It seeks to understand what Palamas means when he speaks of God s energies how he seeks to prove that they are distinct from the divine essence and how he explains that this distinction in no way violates the unity and simplicity of the one God in Trinity Essence and Energies is a useful resource for upper level undergraduates postgraduates and scholars interested in Byzantine theology in the fourteenth century **Hesychasm and Art** Anita Strezova,2014-09-01 Although many of the iconographic traditions in Byzantine art formed in the early centuries of Christianity they were not petrified within a time warp Subtle changes and refinements in Byzantine theology did find reflection in changes to the iconographic and stylistic conventions of Byzantine art This is a brilliant and innovative book in which Dr Anita Strezova argues that a religious movement called Hesychasm especially as espoused by the great Athonite monk St Gregory Palamas had a profound impact on the iconography and style of Byzantine art including that of the Slav diaspora of the late Byzantine period While many have been attracted to speculate on such a connection none until now has embarked on proving such a nexus The main stumbling blocks have included the need for a comprehensive knowledge of Byzantine theology a training in art history especially iconological semiotic and formalist methodologies extensive fieldwork in Macedonia Bulgaria Serbia Greece Turkey and Russia and a working knowledge of Greek Old Church Slavonic Macedonian Russian Serbian Latin as well as several modern European languages French German Russian and Italian These are some of the skills which Dr Strezova has brought to her topic Professor Sasha Grishin AM FAHA Adjunct Professor of Art History School of Literature Languages and Linguistics The Australian National University The Sculptor and his Stone Chrysostomos,2017-01-26 This book argues for the inseparability of classical Hellenism from the Greek patristic tradition from a distinctly Eastern Orthodox perspective Postulating a common striving for truth in both domains it places emphasis on the contributions of the ancients and Greek paideia to Christian learning and culture In the spirit of the late Werner Jaeger the essays contained in the volume provide a fruitful strategy for looking anew at the Greek classical world and Christianity through the eyes of the Greek Fathers the direct inheritors of the ancient Greek worldview Collectively the author and contributors excellently demonstrate that conflated with the visionary insights of the Jewish prophets and of Jewish messianism the wisdom of the ancients served to

pave the way for the unfolding of the fullness of Christian teaching and its spiritually enlightening revelation      **The Victory of the Cross** James R. Payton Jr.,2019-09-24 How can Christians claim that the death of Jesus Christ on the cross is a victory Eastern Orthodoxy has made its own contributions to the belief in salvation through Christ but its expressions sometimes sound unfamiliar to Western branches of the church James Payton explores the Orthodox doctrine of salvation helping Christians of all traditions listen to Orthodox brothers and sisters      The Liturgical Cosmos: The World through the Lens of the Liturgy David Fagerberg,2023-01-26 The Church's liturgy is an appropriate object for academic study but it is first and foremost the object of the faithful's participation in divine worship the site of humanity's deification by the Trinity The liturgy is thus not just something that we can look at but like a window it is also something we can look from viewing other matters of Christian doctrine and practice indeed the entire created world through the lens of the liturgy In this collection of essays representing nearly two decades of writing and reflecting on liturgical theology David Fagerberg sets out to explore the liturgical cosmos attending to how the lex orandi of the liturgy illuminates and shapes the lex credendi of the Church's faith and the lex vivendi of the Christian moral life Addressing such topics as asceticism beauty Scripture spirituality sacrifice and social renewal The Liturgical Cosmos directs our gaze to the ways in which the abundant life that Christ came to offer a life communicated sacramentally and celebrated cultically is a life lived daily and liturgically as the Holy Spirit refreshes our world and conforms us to Christ the image of the Father
