Saint-Exupéry, l'ultime secret Jacques Pradel, Luc Vanrell, Alain Decaux, Xavier Delestre, 2008-03-20 Aéroport de Bastia Borgo Lundi 31 juillet 1944 8h45 Ce matin-là le commandant Antoine de Saint Exupéry décolle bord de son Lightning P 38 destination du sud de la France pour une mission d'observation dont il ne reviendra pas. Pendant près de soixante ans on tentera en vain de localiser son avion En 1998 un pêcheur marseillais remonte dans ses filets la gourmette de l'aviateur disparu Peu de temps après le plongeur et archéologue Luc Vanrell identifie formellement l'avion dans la région des calanques près de Marseille C'est le début d'une incroyable enquête pour tenter de comprendre pourquoi l'appareil du plus célèbre crivain et aviateur de son temps se trouvait là où personne ne l'avait jamais cherché Ce véritable thriller historique raconte les multiples rebondissements des recherches menées par une petite équipe de passionnés en France et à l'étranger Le résultat est sans appel il n'y a pas eu de panne Saint Exupéry n'est pas suicidé Il avait rendez-vous avec l'Histoire et il est mort pour la France au cours de son dernier combat Mais qui l'a abattu

Decolonising Europe? Berny Sèbe,Matthew G. Stanard,2020-04-01 Decolonising Europe Popular Responses to the End of Empire offers a new paradigm to understand decolonisation in Europe by showing how it was fundamentally a fluid process of fluxes and refluxes involving not only transfers of populations ideas and sociocultural practices across continents but also complex intra European dynamics at a time of political convergence following the Treaty of Rome Decolonisation was neither a process of sudden rapid changes to European cultures nor one of cultural inertia but a development marked by fluidity movement and dynamism Rather than being a static process where Europe s former metropoles and their peoples at home reacted to the end of empire out there decolonisation translated into new realities for Europe s cultures societies and politics as flows ebbs fluxes and cultural refluxes reshaped both former colonies and former metropoles The volume s contributors set out a carefully crafted panorama of decolonisation s sequels in European popular culture by means of in depth studies of specific cases and media analysing the interwoven meaning momentum memory

material culture and migration patterns of the end of empire across eight major European countries The revised meaning of decolonisation that emerges will challenge scholars in several fields and the panorama of new research in the book charts paths for new investigations The question mark in the title asks not only how European cultures experienced the end of empire but also the extent to which this is still a work in progress
