Saint John of the Cross Alain Cugno,1982-01-01      **John of the Cross and the Cognitive Value of Mysticism** Steven Payne,1990-07-31 This book is a significant contribution to the literature on mysticism and the epistemology thereof It is recommended to all those interested in the mystics and in the question of the cognitive value of mysticism Review of Metaphysics March 1992      **John of the Cross and the Cognitive Value of Mysticism** S. Payne,2012-12-06 Among Anglo American philosophers interest in mysticism has typically been limited to the question of whether or not mystical and religious experiences provide evidence for or knowledge of the existence and nature of God Most authors conclude that they do not because such experiences lack certain qualities needed in order to be counted as cognitive In this study I examine some current philosophical opinions about mysticism and objections to its epistemic significance in the context of a detailed study of the writings of a single mystical author the Spanish Carmelite Saint John of the Cross 1542 1591 I argue that from his works one can draw a coherent theory of what takes place in the Christian mystical life and will indicate how acceptance of this theory might be defended as rational through a type of inference often referred to as the Argument to the Best Explanation In this way I hope to show that mysticism still has a significant bearing on the justification of religious faith even if it cannot be used to prove the existence of God The nature and advantages of my own somewhat unusual approach to mysticism can perhaps best be explained by contrasting it with the way other authors have dealt with the subject One of the most striking developments in recent decades has been the growing fascination with mysticism meditation and the experiential aspects of religion      *The Contemporary Challenge of John of the Cross: An Introduction to His Life and Teaching* Leonard Doohan,2014-01-22 A clear and simple introduction to the life writings and message of the Mystical Doctor stressing always the practical applications of his teaching and example for today's Christians      **John of the Cross** Kavanaugh, Kieran, OCD,1987 This volume contains carefully chosen texts that give a picture of the essential St John of the Cross 1542 1591 a Spanish Carmelite Included are selections from The Ascent of Mount Carmel The Dark Night and Spiritual Canticle      **Reflections on the Art of Living** Henry J. Zeiter MD,2015-03-06 In all my years of travel I have seldom met anyone as sagacious as Henry Zeiter and even more seldom have I met anyone more widely read He knows a great deal about a great many things and something about almost everything else This new volume of his musings will enrich anyone blessed enough to read it Joseph Pearce Author Biographer of C S Lewis J R Tolkien Oscar Wilde Solzhenitsyn Chesterton others Writer in Residence Ave Maria University Many thanks to Dr Henry Zeiter for collecting and sharing insights gathered over many years I am amazed at the variety ranging from intensely personal reflections on to struggles of daily life to impressive literary philosophical and medical analyses I especially recommend his essay on James Joyce it is written with real feeling for a tortured soul Brian T Kelly Ph D Professor of Philosophy Mathematics and Science Dean of Thomas Aquinas College Santa Paula California Dr Zeiter has lived intensely and experienced the whole ride on the emotional rollercoaster He

has observed much learned some and reflected a lot on life We can learn from him and there is a great connection between learning and fully living There is a memorable line in the movie The Shawshank Redemption Get busy living or get busy dying Henry Zeiter will certainly help you get busy living Read his material slowly Taste it digest it in small bites and reflect on it That way you can enjoy the meal and absorb it in your own way Dr J Mitchell Perry JM Perry Learning Center Ventura California

The Direction of Desire Mark Gerard Murphy, 2023-09-25 This book examines Lacanian psychoanalysis and Christian mystical theology demonstrating the former's potential for reinvigorating spiritual direction The author outlines how current methods of spiritual direction become saturated with self help psycho pop methodologies and that desire has therefore been foreclosed in these practices He suggests that the root of this is a focus on positive affective experientialism which means spiritual direction must focus on emotional wholeness healing and positivity Finally he argues that a new dialogue between John of the Cross a mystic whose writings on spiritual direction formulate part of the core of the Catholic spiritual tradition and Jacques Lacan can open the way for a spiritual direction beyond the confines of experientialism The book concludes that we can only escape the experiential commodification of spiritual direction by critiquing the drive to experience in and of itself This novel work will appeal in particular to students and scholars of psychoanalysis religion philosophy and critical theory

**Christianity Looks East** Peter Feldmeier,2006 This fascinating book takes a fresh look at interreligious dialogue with St John of the Cross and Bhadantacariya Buddhaghosa as representatives of Christian and Buddhist paths to liberation As the world is increasingly experienced as a global village dialogue with other religious traditions is widely regarded as possibly the greatest modern or post modern challenge and the distinctive journey of our time Dialogue not only informs our understanding of various expressions of holiness it also can inform one s own religious faith and practice This book investigates a form of dialogue that can be a model for future dialogues Without laying assumptions on the nature of religious experience it allows these classic texts and their representative religions to speak for themselves What is often lacking in this history of dialogue is its lack of appreciation for distinctive religious paths and the experiences described therein

The Practice of Contemplation According to John of the Cross James W. Kinn,2018-07-23 This book is for anyone who now meditates regularly or who practiced meditation in the past As we grow in our prayer life John of the Cross is an excellent and encouraging guide to show us the way to the practice of contemplative

prayer Many of us learned about meditation from spiritual directors or books We practiced a reliable form of meditation for some years with varying degrees of success Over time however our prayer slowed down and became simplified We didn't find many new ideas to occupy our intellect and our emotions quieted down In time many of us experienced a crisis in our prayer life our prayer became so simple that it almost disappeared We tried different forms of prayer but we seemed to be reaching a dead end Throughout all of this we were never told that our prayer was developing naturally and positively What we were experiencing was not a dead end but the threshold of a new way of prayer What we needed was an experienced guide to show us the road ahead Enter John of the Cross He encourages us to see that the place we came to is a necessary state of our progress in prayer John teaches us that we come to contemplation not by struggling harder to pray but by calming remaining quiet before God He encourages us to realize that we have not come to the end of the road but are being made ready to be transported on a wonderful journey There is no better or more encouraging guide for us on this journey than John of the Cross The entire focus of this book is quite narrow it concentrates on John's teaching about the beginning of contemplation

**Knowledge and Symbolization in Saint John of the Cross** Elizabeth Wilhelmsen, 1993 The works of Juan de la Cruz contains numerous passages dealing with human cognition both ordinary and mystical This study traces San Juan's examination of the mystic's knowledge in and through God The sixteenth century Spanish thinker stresses that conditionality is a fundamental character of all human knowledge and brings to light a complex movement of contiguity between one and another mode of cognitive activity Also discussed is the expression through the instruments of prose and poetry of the mystic's supereminent and therefore ineffable experience of knowledge and love Relying upon Juan de la Cruz's own texts it is shown how a relative communication can be effected despite the barriers separating mystical from ordinary cognition
