Saints Are Now Eight Portraits Of Modern Sanctity:

Saints Are Now John J. Delaney, 1983-01-01 Offers brief profiles of eight saintly modern men and women including Thomas Merton and Mother Teresa of Calcutta **Saints and Role Models in Judaism and Christianity** Marcel Poorthuis, Joshua J. Schwartz, 2004-01-01 This volume deals with the role of saints and exemplary individuals in Judaism and Christianity Although sharing the Hebrew Bible and recognizing the same Biblical figures there both religions have developed widely divergent perspectives upon the significance of these figures although there are occasional common motifs and themes Moreover even the contrasting themes betray an underlying interaction between both religions as is clear from the contributions on for example Melchizedek Elijah the Desert Fathers Rabbis on clothing the Apostle Peter in Jewish tradition the Maccabees in Christian tradition and the Biblical examples in Saint Antony the Hermit The book examines Jewish and Christian perspectives upon saints and role models from the Biblical period to the present time It will be of special importance to scholars and general readers interested in an interdisciplinary approach to theology rabbinics history art history and much more *Saints are Now* John J. Delaney, 1981 **John Lafarge and the Limits of Catholic Interracialism, 1911-1963** David W. Southern, 1996-07-01 Before Vatican II before the race riots of the 1940s the white Jesuit priest John Lafarge decried America's treatment of blacks In the first scholarly biography of Lafarge David W Southern paints a portrait of a man ahead of his church on the race issue who nevertheless did not press hard enough in ridding it of an institutional bias against African Americans Southern follows Lafarge from his birth into the Social Register in Newport Rhode Island in 1880 to his death in 1963 just months after his participation in the March on Washington According to Southern Lafarge was the foremost Catholic spokesman on black white relations in America for more than thirty years In a series of books and articles he served on the staff of the influential Jesuit weekly *America* from 1926 until his death he significantly improved the image of the Church in the eyes of black Jewish and Protestant leaders In 1934 he founded the Catholic Interracial Council of New York the most important Catholic civil rights organization in the pre Brown era His declaration in 1937 that racism is a sin and a heresy so impressed the pope that he employed Lafarge to write an encyclical on the subject Although lauded in his time for his achievements in race relations Lafarge Southern contends espoused too gradualist an approach Southern maintains that Lafarge was fettered by a fierce loyalty to the Church a staunch clericalism an intense concern with the image of Catholicism in Protestant America an aristocratic background and Eurocentric thinking producing in him an abiding paternalism and lingering ambivalence about black culture and a tendency to conceal the Church's discriminatory practices rather than reveal them Moreover he was too slow to condemn segregation and approve the nonviolent direct action of Martin Luther King Jr Still Southern sees in Lafarge a redeeming capacity for liberal growth citing his inspiration of a younger more militant generation of Catholics and his joining in the 1963 march Based on extensive archival research *John LaFarge and the Limits of Catholic Interracialism* fills a serious gap in Catholic social history and race

relations history An impressive engrossing biography it also casts light on the broader historical issues of the Church's attitudes and practices toward African Americans since the Civil War Catholic liberalism before Vatican II and the seeds of unrest that manifest themselves today in the rapidly growing black Catholic community **Companion to the Calendar** Mary Ellen Hynes, 1993 This superb resource and guide for children and adults alike answers all sorts of who and what and why questions about saints the liturgical seasons Jewish and Muslim holy days and significant national holidays You will find an amazing variety of information on how these people and days hold meaning for our lives today Use this book in conjunction with LTP's Year of Grace calendar in the home or in the classroom A list of suggested readings a bibliography and a handy index are included Roman Catholicism in America Chester Gillis, 2020-03-24 Who are American Catholics and what do they believe and practice How has American Catholicism influenced and been influenced by American culture and society This book examines the history of American Catholics from the colonial era to the present with an emphasis on changes and challenges in the contemporary church Chester Gillis chronicles America Catholics where they have come from how they have integrated into American society and how the church has influenced their lives He highlights key events and people examines data on Catholics and their relationship to the church and considers the church's positions and actions on politics education and gender and sexuality in the context of its history and doctrines This second edition of Roman Catholicism in America pays particular attention to the tumultuous past twenty years and points toward the future of the religion in the United States It examines the unprecedented crisis of sexual abuse by priests the legal moral financial and institutional repercussions of which continue to this day and the bishops' role in it Gillis also discusses the election of Pope Francis and the controversial role Catholic leadership has played in American politics A History of Women Philosophers M.E. Waithe, 2013-03-07 Like their predecessors and like their male counterparts most women philosophers of the 20th century have significant expertise in several specialties Moreover their work represents the gamut of 20th century philosophy's interests in moral pragmatism logical positivism philosophy of mathematics of psychology and of mind Their writings include feminist philosophy classical moral theory reevaluated in light of Kant Mill and the 19th century feminist and abolitionist movements and issues in logic and perception Included in the fourth volume of the series are discussions of L Susan Stebbing Edith Stein Hedwig Conrad Martius Simone de Beauvoir Simone Weil Mary Whiton Calkins Gerda Walther and others While pre 20th century women philosophers were usually self educated those of the 20th century had greater access to academic preparation in philosophy Yet for all the advances made by women philosophers over two and a half millennia the philosophers discussed in this volume were sometimes excluded from full participation in academic life and sometimes denied full professional academic status Bodies of Peace Myles Werntz, 2014 Bodies of Peace argues that Christian nonviolence is both formed by and forms ecclesial life creating an inextricable relationship between church commitment and resistance to war In this volume Myles Werntz examines the work of John Howard Yoder Dorothy Day

William Stringfellow and Robert McAfee Brown demonstrating how each thinker's advocacy for nonviolent resistance depends deeply upon the ecclesiology out of which it comes. The volume argues that any account of an ecclesially informed resistance to war must be open to a multitude of approaches not as pragmatic concessions but as a foretaste of ecumenical unity.

Philippine Duchesne Catherine M. Mooney, 2007-04-03 Philippine Duchesne has a message for today's world in which the rich seem to be growing richer and the poor to be growing poorer. It is a message of justice and love for all people. It was for this conviction that Philippine a Religious of the Sacred Heart missionary became the fourth United States saint in 1988. This book is a bold historical biography of a remarkable woman who struggled her entire life to enfold God's love and care in human situations. It opens with a critical discussion and forthright examination of how class, gender, and race have been influential factors in the selection of saints and then details Philippine's life with its many failures and many achievements. It shows how this wealthy woman who belonged to a politically prominent French family decided to dedicate her life and gifts to the poor. It examines her difficulties as Sacred Heart's first missionary in the new world and it tells how this courageous pioneer woman provided free education for those who had long been denied the privilege young women, the poor, and native Americans. This eminently readable biography provides a clear and scholarly assessment of Duchesne's religious and social world that is ideal for students and professors of U.S. church history. It raises important questions about women, the poor, and marginalized groups in Duchesne's time that are still pertinent to ask today.

Teach Us to Number Our Days Barbara Dee Bennett, 1999-09-01 This practical handbook for homes and church communities helps to enrich the Christian celebration of Advent through the creation and use of an Advent calendar. Written for people of all skill levels, Baumgarten provides instructions for a calendar made of paper or junk mail, a no-sew felt version, and a fabric version for more advanced sewers. Teach Us To Number Our Days, however, is more than a simple crafts book. Baumgarten provides readers with a brief history of the development of Advent in the Christian calendar as well as detailed explanations of the various Christian symbols that can be used during the season. Paying attention to both the Old and New Testament symbols as well as the Sundays of Advent and the Great O Antiphons from December 17-23, this book is a complete guide to Advent for individuals, families, and churches.

America's Teilhard Susan Kassman Sack, 2019 America's Teilhard Christ and Hope in the 1960s is a study of the reception of Teilhard in the United States during this period and contributes to an awareness of the thought of this important figure and the impact of his work. Additionally, it further develops an understanding of U.S. Catholicism in all its dimensions during these years and provides clues as to how it has unfolded over the past several decades. Susan Sack argues that the manner and intensity of the reception of Teilhard's thought happened as it did at this point in history because of the confluence of the then-developing social milieu, the disintegration of the immigrant Catholic subculture, and the opening of the church to the world through Vatican II. Additionally, as these social and historical events unfolded within U.S. culture during these years, the way Teilhard was read and the contributions which his thought provided

changed This book considers his work as a carrier at times for an almost Americanist emphasis upon progress energy and hope in other years his teleological understanding of the value of suffering moves to center Additionally the stories of numerous persons scientists theologians politicians and scholars who became involved in the American Teilhardian effort are detailed Commentary on the Lutheran Book of Worship Philip H. Pfatteicher,1990 Background on the development of Lutheran Book of Worship and its suggested usage **14th Century English Mystics Newsletter** ,1983 **New Oxford Review** ,1983 **The Publishers' Trade List Annual** ,1985 **Mystics Quarterly** ,1983 *A Cloud of Witnesses* Marcel Barnard,Paulus Gijssbertus Johannes Post,2005 From 11 to 16 August 2003 the nineteenth international congress of the Societas Liturgica was held in Veldhoven the Netherlands with as its theme A cloud of witnesses Saints and role models in Christian liturgy The present publication contains a collection of nineteen case studies reflecting the versatility of the congress in its variations and themes its scope in time from early Christian times to the present day and the fact that many churches and religious communities as well as the Jewish tradition are represented The collection contains a number of articles that reflect on subjects like the phenomenon of saintliness heortology the dimensions of time and space in ritual liturgical practice and saints and canonizations in the present day Roman Catholic and Protestant church The last section consists of contributions on saints and forms of saint s cult by a number of authors based on their own religious communities such as the Old Catholic Church Anglican Church Dissenting Free Church Reformed Church and ecumenical movement The editors of this collection have by way of an introduction compiled a historiographic bibliographic overview relating to saints and their cults in various research domains specifically within liturgical studies also touching upon certain specific and for this collection interesting themes such as the position of the cult of saints in cultural and historical studies Protestant traditions and the Feminist Liturgical Movement Library Journal ,1981-07 **National Union Catalog** ,1983 Includes entries for maps and atlases Brother-spirit Tom Owen-Towle,1991
