A Berichtigungsliste of Demotic Documents: Papyrus editions A. A. den Brinker, Brian Paul Muhs, S. P. Vleeming, 2005

There seems to be no brief English equivalent for the concept of a Berichtigungsliste This demotic Berichtigungsliste collects and critically presents corrections and supplements to editions of demotic documentary texts papyri ostraka inscriptions mummy labels graffiti everything demotic that was not clearly written as a secular or religious literary composition We have added all the information we have found concerning inventory numbers and photographs as well as republications of the texts in question which the scholar working with these texts might like to have Although the Berichtigungsliste chiefly concerns text editions be they published in monographs or articles texts that have been published only in photography or facsimile are also included The period covered for the publications that have been ransacked for the purpose of our Berichtigungsliste is roughly the Twentieth Century 1900 2000 In subsequent volumes we intend to extend this time range into the Nineteenth Century as well as into the future

A Berichtigungsliste of Demotic Documents: Ostrakon editions and various publications A. A. den Brinker, Brian Paul Muhs, S. P. Vleeming, 2005

Checklist of Editions of Greek, Latin, Demotic, and Coptic Papyri, Ostraca, and Tablets John F. Oates, 2001 The primary purpose of the Checklist is to provide for scholars and librarians a ready bibliography of all monographic volumes both current and out of print of Greek Latin Demotic and Coptic texts on papyrus parchment ostraca or wood tablets A secondary purpose of the original checklist first published in 1974 was to establish a standard list of abbreviations for editions of Greek texts Now this has been largely achieved this edition aims to expand standardized abbreviations to cover Coptic and Demotic material In general this volume offers more complete coverage of Demotic material than ever attempted before it is especially valuable since this is a growing area of study that lacks bibliographic resources and standard notations
