Salsipuedes Ramón Betancourt, 2003-03-31 In this debut collection of Spanish language short stories Ramón Betancourt crafts portraits of the inhabitants of the urban Hispanic communities located on the southernmost part of California on the border with Mexico Through their adventures the characters struggle with complexities of living on the border poverty tradition progress and changing gender relationships In the title story a young boy and his family scavenge the landfills for food and hope but when tragedy strikes and the boy is forced to abandon the fantastic truth only he believes the memory of the life that he's left behind Among the other voices painted in the collection are a man who is not spying on the lover of the man living above him though he listens anxiously to the clatter of her high heels and has memorized her phone number the renewed promise offered by a guitar purchased in a bar in Los Angeles that is shattered when a man's young dreams are again defeated a Lolita and her professor who listen to the robbery of a neighboring laboratory and a bruised and battered boxer who schemes to break his poverty through his fists and plastic packages of cocaine Themes of superstition survival and success weave through each of the stories included in this engrossing collection Each character must be armed for survival in the ever changing world whether it is on the Mexican side of the border or on the U S *Salsipuedes* Muñoz
