Essential Principles of Contract and Sales Law in the Northern Pacific Daniel P. Ryan, 2005-08-23 Taking an anthropological approach Essential Principles of Contract and Sales Law in the Northern Pacific highlights how regional customary and traditional law interact with Anglo American concepts of contract and sales law to produce a unique amalgam of substantive law in this Pacific region Author and law professor Daniel P Ryan compiles and discusses the current contract and sales law applicable in the Pacific region including the Republics of Palau and the Marshall Islands Hawaii Guam Northern Mariana Islands American Samoa and the Federated States of Micronesia Ryan compares and contrasts this regional law to international standards including the UN Sale of Goods Convention the UNIDROIT Principles of Contract Law UNCITRAL Model Law for E Commerce the Uniform Commercial Code the Revised Uniform Commercial Code and the Restatement Second of Contracts Essential Principles of Contract and Sales Law in the Northern Pacific is essential reading for members of the judiciary academics practitioners students and businesses within the region and their major trade partners **CISG vs. Regional Sales Law Unification** Ulrich Magnus, 2012-08-31 In October 2011 the European Commission introduced its Proposal for a Regulation on a Common European Sales Law CESL which covers inter alia international business sales a subject already regulated by the Convention of International Sale of Goods CISG which was ratified by 78 member states How does this new Proposal fit the existing uniform sales law How have other regions of the world managed the coexistence of global and regional sales law unification What can Europe learn from the U S experience

concerning the CISG and the Uniform Commercial Code What can we learn from the African OHADA which made CISG more or less the internal law of 17 African states what from Australia where CISG and common law exist alongside All these questions are intensely discussed in this highly recommendable book written by renowned authors like Larry DiMatteo Harry Flechtner Franco Ferrari Robert Koch Ulrich Magnus and Bruno Zeller **Buyers' Remedies in International Sales Law** Reza Beheshti, 2024-02-22 An authoritative in depth examination of remedies in international sales of manufactured goods this book provides a detailed analysis of the remedies available to a commercial buyer The book concentrates on four prominent legal regimes namely the UK sales law the United Nations Convention on Contracts for the International Sale of Goods 1980 CISG the American Uniform Commercial Code UCC and the UNIDROIT Principles of International Commercial Contracts 2016 UPICC It surveys the remedies available to commercial buyers in the event that a seller fails to fulfil the contractual obligations stipulated by an international sales transaction of manufactured goods The remedies investigated are self help remedies including suspension of performance and termination monetary remedies including damages and price reduction and performance remedies including specific performance and the right to cure Providing access to and analysis of cases and arbitral decisions from all over the world the book scrutinises the strengths and weaknesses of buyers remedies through comparative and normative examination European Perspectives on the Common European Sales Law Javier Plaza Penadés, Luz M. Martínez Velencoso, 2014-11-04 This book presents a complete and coherent view of the subject of Common European Sales Law from a range of European perspectives The book offers a comparison of the CESL with the CISG as well as pre existing instruments including the Draft Common Frame of Reference DCFR and the Principles of European Contract Law PECL It analyses the process of enactment of CESL and its scope of application covering areas such as the sale of goods the supplying licensing of digital content the supply of trade related services and consumer protection It examines the design of the CESL bifurcating businesses into large and small to medium sized enterprises and the providing of rules covering digital content and the supply of trade related services Lastly it studies the field of application of the CESL combined with the already existing EU consumer protection laws as well as nation specific laws Examination and Notification Duties in Consumer Sales Law Christoph Jeloschek, 2006 Is there a place for examination and notification duties in consumer sales law According to Dutch law there is Other countries such as England or Germany oppose this view It is therefore only fair to ask why the consumer should actually lose his rights in the event of lack of conformity of the goods if he has failed to lodge his complaint within a reasonable time This book finds that functional arguments relating to such cut off duties are not convincing When introducing such duties into consumer sales law one fails to look critically at the rationale that originated in the realm of commercial sales law It therefore can be concluded that the answer to above question is necessarily a political one As long as certain minimum requirements of consumer protection are not left out of consideration there is nothing wrong with such a political choice that may well be different in different countries *Commentary on the*
