

An aerial photograph of a coastal landscape. In the foreground, there are large, smooth sand dunes with some sparse vegetation. To the right, the ocean waves are breaking, creating white foam. The sky is a pale, hazy blue. The overall tone is somewhat desaturated, giving it a vintage or artistic feel.

*Salt Air* Sharon Bryan, 1983      **The Wesleyan Tradition** Michael Collier, 2012-08-22 Since issuing its first volumes in 1959 the Wesleyan poetry program has challenged the reigning aesthetic of the time and profoundly influenced the development of American poetry One of the country's oldest programs its greatest achievement has been the publication of early works by yet undiscovered poetry who have since become major awarded Pulitzer and Bollingen prizes National Book Awards and many other honors At a time when other programs are being phased out Wesleyan takes this opportunity to celebrate its distinguished history and reaffirm its commitment to poetry with publication of *The Wesleyan Tradition* Drawing from some 250 volumes editor Michael Collier documents the wide ranging impact of these works In his introduction he describes the literary and cultural context of American poetics in more recent decades tracing the evolution of the Deep Image and Confessional movements of the 50s and 60s and exploring the emergence of the prose lyric style Although the success of the Wesleyan program has inspired its share of imitators no other program has had such a fundamental impact Works by the eighty six poets included here both document and celebrate that contribution      **Contemporary American Poetry** Lloyd M. Publisher [Wesleyan-Methodist Magazine](#) ,1880 [Contemporary Poetics](#) Louis Armand,2007 Exploring the boundaries of one of the most contested fields of literary study, a field that in fact shares territory with philology, aesthetics, cultural theory, philosophy, and even cybernetics, this volume gathers a body of critical writings that taken together broadly delineate a possible poetics of the contemporary. In these essays, the most interesting and distinguished theorists in the field renegotiate the contours of what might constitute contemporary poetics, ranging from the historical advent of concrete poetry to the current technopoetics of cyberspace. Concerned with a poetics that extends beyond our own time as a mere marker of present-day literary activity, their work addresses the limits of a writing practice beginning with Stéphane Mallarmé in the late nineteenth century that engages concretely with what it means to be contemporary. Charles Bernstein's Swiftian satire of generative poetics and the textual apparatus, together with Marjorie Perloff's critical historical treatment of writing after Bernstein and other proponents of language poetry, provides an itinerary of contemporary poetics in terms of both theory and practice. The other essays consider precursors, recognizable figures within the histories or prehistories of contemporary poetics, from Kafka and Joyce to Wallace Stevens and Kathy Acker, conjunctions in which more strictly theoretical and poetical texts enact a concerted engagement with rhetoric, prosody, and the vicissitudes of intelligibility, which points to the open possibilities of invention, from Augusto de Campos's concrete poetics to the codework of Alan Sondheim and transpositions defining the limits of poetic invention by way of technology *Planet on the Table* Sharon Bryan,William Olsen,2003 Essential reading for the student of creative writing and all writers [Contemporary Authors](#) Hal May,Martha G. It seeks to provide a rich overview of the best contemporary American poetry, irrespective of publisher, age of poet, aesthetic program, or current status in the literary canon, to celebrate the work of university presses in discovering and supporting that poetry and to suggest some questions about American poetry: its democratization, canonization, aesthetics, politics, and sociology. The volume includes brief histories of poetry publishing at each press, their poetry lists, and an essay on the American poetry scene of the last 20 years.
