second only to Ireland in the percentage of its population leaving for the New World during the great European migration Denmark was affected at a much lower rate but it too lost more than 300 000 of its population to the promise of America Once gone the move was usually permanent few returned to live in Scandinavia Michigan was never the most popular destination for Scandinavian immigrants As immigrants began arriving in the North American interior they settled in areas to the west of Michigan particularly in Wisconsin Minnesota Illinois Iowa and North and South Dakota Nevertheless thousands pursued their American dream in the Great Lakes State They settled in Detroit and played an important role in the city s industrial boom and automotive industry They settled in the Upper Peninsula and worked in the iron and copper mines They settled in the northern Lower Peninsula and worked in the logging industry Finally they settled in the fertile areas of west Michigan and contributed to the state s burgeoning agricultural sector Today a strong Scandinavian presence remains in town names like Amble in Montcalm County and Skandia in Marquette County and in local culinary delicacies like bleskiver in Greenville and lutefisk found in select grocery stores throughout the state at Christmastime The Papers of Herbert H.
