Salty Wisdom:

Salty Wives, Spirited Mothers, and Savvy Widows F. Scott Spencer, 2012-12-19 Engaging feminist hermeneutics and philosophy in addition to more traditional methods of biblical study *Salty Wives Spirited Mothers and Savvy Widows* demonstrates and celebrates the remarkable capability and ingenuity of several women in the Gospel of Luke While recent studies have exposed women's limited opportunities for ministry in Luke Scott Spencer pulls the pendulum back from a negative feminist critical pole toward a more constructive center Granting that Luke sends somewhat mixed messages about women's work and status as Jesus disciples Spencer analyzes such women as Mary Elizabeth Joanna Martha and Mary and the infamous yet intriguing wife of Lot whom Jesus exhorts his followers to remember as well as the unrelentingly persistent women characters in Jesus parables

Vulgar Beauty Mila Zuo, 2022-01-24 In *Vulgar Beauty* Mila Zuo offers a new theorization of cinematic feminine beauty by showing how mediated encounters with Chinese film and popular culture stars produce feelings of Chineseness To illustrate this Zuo uses the vulgar as an analytic to trace how racial gendered and cultural identity is imagined and produced through affect She frames the vulgar as a characteristic that is experienced through the Chinese concept of *weidao* or flavor in which bitter salty pungent sweet and sour performances of beauty produce non Western forms of sexualized and racialized femininity Analyzing contemporary film and media ranging from actress Gong Li's post Mao movies of the late 1980s and 1990s to Joan Chen's performance in *Twin Peaks* to Ali Wong's stand up comedy specials Zuo shows how vulgar beauty disrupts Western and colonial notions of beauty Vulgar beauty then becomes the taste of difference By demonstrating how Chinese feminine beauty becomes a cinematic invention invested in forms of affective racialization Zuo makes a critical reconsideration of aesthetic theory

The theory of the kingdom: A unified model of human agency Andrew Root, 2024-01-02 This original monograph presents a comprehensive theory regarding the economy of the kingdom of God The theory and associated model will help individuals make better choices The research integrates fundamentals of the temporal real economy and the permanent economy of the kingdom of God to present a unified model of human agency According to the model effective agents are salt and light in the real economy arresting corruption and revealing the truth Effective agency produces life peace and growth Individual and organizational practices that arrest corruption and reveal truth can resolve longstanding economic grievances The list of spiritual credence goods is extensive and includes commonly known virtues such as humility patience and hope Spiritual goods are allocated based on the owner agent relationship The quantity of goods the owner supplies is in proportion to an individual's sacrificial offering of time and money Spiritual goods are stored as heart capital In a process analogous to the real economy heart labor applied to heart capital produces desirable outputs The owner relates to his agents through a heart inscribed behavioral contract The owner generally intervenes in the real economy by communicating with agents rather than by restricting choice Prior studies across economics finance and sociology prove the efficiency of behavioral contracts and communication over

restricted choice Herein researchers will find new testable propositions and practitioners will find new ideas and practices to live better more consequential lives Examples of practical applications include methods of resolving group level bias and understanding the purpose of life s difficulties *Geology of Salt Dome Oil Fields* Raymond Cecil Moore,1926 *Salt, Diet and Health* G. A. MacGregor,H. E. de Wardener,1998-09-17 An accessible and forceful account of the harmful effects of excess salt in the human diet **The Biography Thief** Mark Taksa,2007 **The Parables** Paula Gooder,2020-09-30 The third volume in the Biblical Explorations series from bestselling New Testament writer Paula Gooder explores a major exponent of the Gospels the parables of Jesus It considers why Jesus spoke in pictures and opens up the world behind the parables to reveal just how striking memorable and challenging they were for their original hearers *Hedonics of Taste* Robert C. Bolles,2014-02-04 A study of hedonism could conceivably operate on a massive scale This book however concentrates specifically on the hedonics of taste The editor notes some important reasons for limiting the argument in this manner First of all this is an area of hedonics in which a handful of experimenters continued to do research during a period when hedonism might have been lost altogether Secondly the past ten years have seen quite a number of researchers turn their attention to taste preferences and so it seems appropriate to celebrate the fact that new findings can be incorporated into a very old conceptual framework the ancient concept of hedonism The contributors approach their subject from many different angles Historical conceptual and methodological chapters are presented developmental aspects psychological substrates and the social considerations of hedonics are discussed This volume offers viewpoints from dataphiles and theorists mechanists and cognitivists unifiers and disrupters a diversity that reflects the vital state of psychology today

conscious engagement with the process of symbolic death and rebirth is needed for Australians to enter into a deeper understanding of themselves and their relationship to the land and its Indigenous people *The North American Review*
